Dear Shareholders,

I am delighted to share with you the events and developments of your Company during the course of the Financial Year 2022-23. The year gone by is representative of the value Godrej Industries continues to create for all its stakeholders.

As a conglomerate with diverse business interest, growth at consolidated level is pursued through competitively growing your Company's core businesses, building an environment to achieve transformation while also nurturing and investing in emergent businesses of the future. This approach of your Company's business strategy is captured in the approach called CREATE which stands for:

Nadir Godrej

I would like to summarize the performance for each dimension of your Company's CREATE strategy:

C - Consumer and Chemicals

Consumer (GCPL)

FY22-23 was a moderate year in performance, but a fantastic year of transformation.

GCPL saw progressively stronger performance each quarter, closing out with a very strong fourth quarter. It was a record year in terms of cash flow from operations, something that was in the making for a few quarters.

In the fourth quarter in India, GCPL's India branded business delivered strong growth of 16%, with Household Insecticides growing at 14%. It was heartening that much of this broad-based sales growth came from volume growth (13% underlying volume growth) and that categories like Hair Colour and Air Care have delivered explosive growth. Profitability also increased sharply with gross margins of 56.2% and EBITDA margins of 26.6%. This is despite a 51% increase in media spends. Indonesia's sales growth excluding Hygiene in the fourth quarter was at 11% in constant currency terms and EBITDA margins at 21.5%. While Africa had a slightly slower close to the year at 8% sales growth, it has been largely due to demonetisation in Nigeria.

As GCPL centralizes and leverages synergies for R&D and marketing, it is also setting up Godrej International, a dedicated team to scale up global exports and serve world class product mixes.

Chemicals

Our Chemicals business had an outstanding year. The Total revenue of the business stood at ₹4,173 Crore and recorded a growth of 36%, operating profit of the business stood at ₹706 Crore and recorded growth of 207% over the previous year. The business did well across its product categories.

We continue to ensure that our growth is both sustainable as well as profitable, and that we continue to accord the highest importance to safety. Several initiatives taken by the Business resulting in energy and operating efficiencies has also helped the business to grow in a profitable and sustainable manner.

I am happy to share that the Chemicals Business received several awards and recognition. GIL Chemicals was recognized by FICCI with the "Environment Friendly Company of the Year" Award, the "Export Excellence Award" by CHEMEXCIL and the "Earth Care Award" for Innovation in GHG emissions by JSW and TOI.

We have created a wonderful workplace culture and value our employees. I am happy to share that GIL Chemicals has been recognized among India's Top 50 Best Workplaces™ in Manufacturing 2023™ by Great Place To Work® India as well as one of the Best in Chemicals by by Great Place To Work®.

R E - Real Estate (GPL)

FY23 has been a landmark year for Godrej Properties as it recorded its best ever annual sales, cash collections, earnings, deliveries and business development. GPL delivered its highest ever sales booking of ₹12,232 Crore, a growth of 56% over the previous year.

GPL's robust sales performance has translated into its highest ever collections. It achieved collections of ₹8,991 Crore for FY 23, representing a growth of 40% over the previous year.

In FY23, GPL also added 18 new projects with an estimated revenue potential of ₹32,000 Crore, a 250% increase over FY22 and delivered its best ever year from a business development perspective.

I am happy to share that GPL continues to be ranked #1 for the third consecutive year amongst residential developers by Global Real Estate Sustainability benchmark (GRESB) - an industry-driven organization which assesses Environmental, Social and Governance (ESG) performance.

Residential real estate demand in India has been strong throughout FY23 and leading developers have benefited from both sectoral growth as well as market share gains. With a robust launch pipeline, strong balance sheet, and sectoral tailwinds, we are confident of building on this momentum in FY24.

A - Agri Business (GAVL)

In FY23, GAVL's consolidated revenues from operations increased to ₹9,374 Crore from ₹8,306 Crore, a growth of 13% year-on-year. The growth was primarily driven by market share gains in Animal Feed and robust volume growth in branded products in our food businesses i.e. Dairy and Poultry.

Our Animal Feed segment delivered continued volume growth of 7% year-on-year led by market share gains in cattle feed and Aqua feed categories. However, the feed industry faced multiple profitability headwinds during the year and our Animal Feed business too was impacted. Our Vegetable Oil business recorded another good year despite last year's high base, with revenues increasing to ₹1,298 Crore in FY23 from ₹1,265 Crore in FY22 and profits increasing to ₹249 Crore from ₹241 Crore. GAVL's Standalone Crop Protection business revenues increased to ₹596 Crore in the FY23 from ₹545 Crore in the FY22. Crop Protection sales growth was led by in-house and in-licensed product portfolio. However, margin profile was impacted by lower volumes under plant growth regulators category. Astec LifeSciences recorded consolidated total income of ₹641 Crore as compared to ₹687 Crore in the previous year. Decline in total income and profitability in FY23 was due to the unprecedented drop in volumes as well as realizations mainly in the second half of the year.

During FY23, Creamline Dairy Products recorded a Total Income of ₹1,501 Crore, a growth of 28%. The continued growth in FY23 was led primarily by market share gains in value-added products, mainly Curd, Milk drinks and Ghee.

Godrej Agrovet continued to focus on investing for long-term sustainable growth. In April 2023, Astec LifeSciences, commissioned a new state-of-the-art Research & Development centre, named "Adi Godrej Centre for Chemical Research and Development" in Maharashtra.

T – Transformation

As a Group, your Company believes in inclusive growth that aims at enhancing the competitiveness of the businesses while simultaneously advancing the economic and social conditions of the

communities in which it operates. This focus is implemented Group wide through the 'Godrej Good and Green' initiative.

Our companies have a high focus on environmental performance that's now backed with strong risk management processes and governance that we've built over a decade. We are working to get into the leadership position. All our companies have committed towards Science Based Targets to further strengthen our climate action response.

E - Emergent Businesses

Over the many years, your company has incubated new businesses and grown them successfully. We believe that there is a good potential for Housing Finance and Non-banking Finance business in our Country. Looking at this opportunity, these businesses will be nurtured under your Company. Godrej Capital Limited (GCL), a subsidiary of your company, is a Non-Banking Finance Company - Core Investment Company (NBFC-CIC) (exempt from registration). GCL is the holding company of Godrej Housing Finance Limited (GHFL), a Non-Banking Finance Company - Housing Finance Company and Godrej Finance Limited (GFL), a Non-Banking Finance Company.

During the year, GHFL sanctioned loans amounting ~₹3,500 Crore and had Asset Under Management (AUM) as on March 31, 2023 at ~₹3,800 Crore as compared to ~₹1,800 Crore as on March 31, 2022.

During the year GFL sanctioned loans amounting to ~₹1,400 Crore and had Asset Under Management (AUM) as on March 31, 2023 at ~₹1,300 Crore as compared to ~₹45 Crore as on March 31, 2022.

We believe that these new businesses will create overall value to the Stakeholders.

We through Godrej Maxximilk, a subsidiary of GAVL is engaged in 'in-vitro' production of high-quality cows that aid dairy farmers produce top-quality milk, which help in increasing their yield by a significant proportion.

To conclude, we had a good year. We remain encouraged and confident of achieving our long term objectives of inclusive, sustainable and profitable growth. As we look ahead, I feel confident of strong growth in the medium to long term.

I am confident that our disciplined strategy, prudent approach, focus on agile execution and our committed team will enable us to improve performance further and create greater shareholder value.

I would like to take this opportunity to thank all our employees for their contribution in the continued success of Godrej Industries. I would also like to extend my gratitude towards our business partners, associates, vendors and also the Central, State governments and government agencies for their sustained support. I would also like to express my sincere appreciation to all of our shareholders for your continued faith, trust, encouragement and support.

Yours sincerely,

Nadir Godrej

Chairman and Managing Director, Godrej Industries Limited

17. SUBMISSION OF PAN

The Securities and Exchange Board of India ("SEBI") has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in electronic form, who have not updated their PAN with the Company are therefore requested to submit their PAN to the Depository Participants with whom they maintain their demat accounts. Members holding shares in physical form should submit their PAN to the RTA of the Company or directly to the Company by submitting Form ISR-1.

Members are requested to note that furnishing of Permanent Account Number (PAN) is now mandatory in the following cases:-

- a. Transferees and Transferors PAN Cards for transfer of shares,
- b. Legal Heirs'/Nominees' PAN Card for transmission of shares.
- c. Surviving joint holders' PAN Cards for deletion of name of deceased Shareholder, and
- d. Joint Holders' PAN Cards for transposition of shares.

According to SEBI Circular no. SEBI/HO/MIRSD/MIRSD-PoD-1/P/CIR/2023/37 dated March 16, 2023, the folios wherein PAN is not available on or after October 1, 2023 or such other date as may be decided by the relevant Statutory Authority, shall be frozen by the RTA.

18. The Ministry of Corporate Affairs has notified provisions relating to unpaid / unclaimed dividend under Sections 124 and 125 of Companies Act, 2013 and Investor Education and Protection Fund (Accounting, Audit, Transfer and Refund) Rules, 2016. As per these Rules, dividends which are not encashed / claimed by the Members for a period of 7 (Seven) consecutive years shall be transferred to the Investor Education and Protection Fund (IEPF) Authority. The IEPF Rules mandate the companies to transfer the shares of Members whose dividends remain unpaid / unclaimed for a period of 7 (Seven) consecutive years to the demat account of IEPF Authority. Hence, the Company urges all the Members to encash / claim their respective dividend during the prescribed period. The details of the unpaid / unclaimed amounts lying with the Company as on August 12, 2022 (date of last AGM) are available on the website of the Company. The Members whose dividend / shares are transferred to the IEPF Authority can now claim the same from the Authority by following the Refund Procedure as detailed on the website of IEPF Authority, viz. www.iepf.gov.in.

During the Financial Year 2022-23, the Company in compliance with the aforesaid provisions and the said Rules has transferred 16,040 (Sixteen Thousand Forty) Equity Shares of the Face Value of ₹1/- (Rupee One Only) each underlying the unclaimed dividends for the Financial Year 2014-15 as the base. Shareholders are requested to take note of the aforesaid applicable provisions of the Companies Act, 2013 and claim their unclaimed dividends immediately to avoid transfer of the underlying shares to the IEPF. Further, the Company also transferred below unclaimed dividend amounts of the previous Financial Years to IEPF in compliance with applicable laws:

Industry Structure and Development

The World Economic Outlook (WEO) forecasts global growth to fall from 3.4 percent in 2022 to 2.8 percent in 2023, before settling at 3.0 percent in 2024. Advanced economies are expected to see an especially pronounced growth slowdown, from 2.7 percent in 2022 to 1.3 percent in 2023. Global headline inflation in the baseline is set to fall from 8.7 percent in 2022 to 7.0 percent in 2023 on the back of lower commodity prices but underlying (core) inflation is likely to decline more slowly.

India's growth continues to be resilient despite some signs of moderation in growth, says the World Bank in its latest India Development Update.

The World Bank has revised its FY23/24 GDP forecast to 6.3 percent from 6.6 percent (December 2022). Growth is expected to be constrained by slower consumption growth and challenging external conditions. Rising borrowing costs and slower income growth will weigh on private consumption growth, and government consumption is projected to grow at a slower pace due to the withdrawal of pandemic-related fiscal support measures.

Although headline inflation is elevated, it is projected to decline to an average of 5.2 percent in FY23/24, amid easing global commodity prices and some moderation in domestic demand. The Reserve Bank of India's has withdrawn accommodative measures to rein in inflation by hiking the policy interest rate. India's financial sector also remains strong, buoyed by improvements in asset quality and robust private-sector credit growth.

Real Estate Sector

India's real estate market is expected to exhibit a growth rate (CAGR) of 9.2% during 2023-2028. FY'23-24 will see a strong foundation as there will be more buyers. Multiple rating agencies have calculated that the Indian economy is estimated to grow by 8–9%, which will ultimately drive the growth in the real estate market. Along with important policy initiatives such as "Housing for All" and the Pradhan Mantri Awas Yojana, the government has been developing and constructing infrastructure mega-projects like highways, new airports, metros, etc. These factors will stimulate both the quantitative and qualitative growth of real estate holdings. Intriguingly, real estate in Tier 2 and Tier 3 markets will also grow rapidly, generating substantial returns for investors.

Agri Sector

The agricultural sector is a central pillar of the Indian economy, employing 60 per cent of the nation's workforce and contributing to about 17 per cent of its GDP. The Indian economy is an agro-economy, which is highly dependent on the cycle of production, distribution and consumption. Since more than half of the population of India indulges in agriculture, the importance of agriculture in the economy is highlighted with two important factors. Firstly, it provides employment opportunities to rural agricultural and non-agricultural labourers. Secondly, it plays a significant role in international trade and import and export activities.

India's foodgrain production is estimated at an all-time high of 323.55 million tonnes in the current crop year ending June'22, driven by the projection of a record output of rice, wheat and pulses. Backed by remunerative prices globally, India's agri export reached all-time high of ₹32 billion in FY22-23, a growth of 11% year-on-year.

In 2023, Monsoon season is expected to be normal with expected rainfall at 96% of Long-period average (LPA). While it is too early to predict evolving El-Nino conditions, any kind of impact is likely to be in the

end-stages of monsoon. Agriculture output is expected to remain robust and with positive government support, the sector is likely to continue on a high growth path.

The redressal measures are also high up on the government agenda. Through the introduction of various welfare schemes the government is indeed continuously engaged in addressing these challenges, and relevant departments are involved in the administration of existing programmes and policies.

Chemicals Sector

Oleo chemicals are used by various sectors like Personal Care and Home Care, Cosmetics, Food & Beverage, Pharmaceutical etc. Increase in demand for green chemicals, high demand from end-use industries, and easy availability of raw materials are the key factors driving the demand for oleochemicals.

Furthermore, environmental regulations are becoming increasingly stringent and non-renewable resources are depleting which allows oleochemicals to replace the currently used petroleum-based products.

Fatty Acids, Fatty Alcohol and Specialty Chemicals used by this segment is growing at a healthy rate. Furthermore, Consumer awareness and use of Hygiene and cleansing products has increased which helps demand of surfactants and specialty Chemicals. Demand for Glycerine looks good.

Management Discussion and Analysis Report

The Management Discussion and Analysis Report on the operations of the Company, as required under the Listing Regulations, 2015 is appended as 'Annexure A' to this Report.

Subsidiary and Associate Companies:

GODREJ AGROVET LIMITED (GAVL)

Godrej Agrovet Limited (GAVL) delivered a revenue growth of 13% in FY23 primarily driven by market share gains in Animal Feed and robust volume growth in branded products in food businesses i.e. Dairy and Poultry. GAVL's Domestic crop protection business also achieved a healthy growth in some of the key products such as HITWEED (in-house herbicide) and GRACIA (in-licensed insecticide). Creamline Dairy Private Limited (CDPL) achieved a revenue milestone of ₹1,500 Crore while Godrej Tyson Foods Limited crossed ₹1,000 Crore in FY23. However, consolidated profitability was adversely impacted mainly due to a drop in operating margins of Crop Protection, Animal Feed and Dairy businesses.

GAVL's subsidiary, Astec LifeSciences Limited, commissioned a new state-of-the-art Research & Development centre, named "Adi Godrej Centre for Chemical Research and Development" in Maharashtra in April'23. During the year, GAVL also commissioned a new Fish feed manufacturing facility in Uttar Pradesh and commenced construction of Crude palm oil Refinery & Solvent Extraction plant.

ANIMAL FEED BUSINESS

GAVL's Animal Feed business gained further market share in an otherwise difficult year for the Indian feed industry. Animal Feed business recorded 14% year-on-year revenue growth in Financial Year 2022-23 led primarily by Cattlefeed and Aqua feed categories. Volume growth was ahead of the industry average. Cattlefeed segment continued to reinforce its dominant position in Western region steered by portfolio of new products launched in past couple of years. Aqua feed segment

also recorded a double-digit growth in volumes in Financial Year 2022-23 led by market share gains in fish feed across key markets.

On profitability front, Financial Year 22-23 was a challenging year for the feed industry, partly owing to few instances of unforeseen Government interventions in both input as well as output prices which resulted in the GAVL's inability to fully pass on higher input costs. GAVL's Aqua feed segment suffered from active price controls by State Government resulting in lack of transmission of input cost inflation. One-off margin contraction in Q1 FY23 owing to Government's knee-jerk reaction of allowing imports of soybean meal loomed large over the entire year as GAVL's animal feed business recorded drop in profitability.

CROP PROTECTION BUSINESS

For GAVL's standalone Crop Protection Business (CPB), FY23 was a relatively mixed year. The segment registered a prompt recovery in topline while also achieving highest ever sales for the business. The sales growth was led by in-house portfolio comprising of HITWEED range of herbicides coupled with in-licensed insecticides, GRACIA, which was launched only in Feb'22. Herbicides portfolio registered record volumes in Financial Year 2022-23 while GRACIA achieved a very important volume milestone in its first year of the launch itself. GAVL also achieved a substantial improvement in the working capital cycle and collections for the Crop protection business driven by concerted efforts in maintaining credit hygiene. However, margin profile was impacted due to lower volumes in the Plant Growth Regulators (PGR) category and pricing pressure.

VEGETABLE OIL BUSINESS

GAVL is the largest oil palm processor in India and works directly with more than 9,000 farmers for the entire lifecycle of the crop. Financial Year 2022-23 was another good year for GAVL's Vegetable Oil Palm business with growth in both topline and profitability despite high base of pervious year. GAVL also achieved further improvement in Oil extraction ratio by ~45 bps and a consistent volume growth in Financial Year 2022-23 as compared to the previous year.

Vegetable oil business was also benefitted from the sharp increase in Crude Palm Oil (CPO) and Palm Kernel Oil (PKO) prices to record high levels in Q1 FY23 owing to three-week exports ban by Indonesian Government, a largest producer and exporter of palm oil.

In Financial Year 2022-23, GAVL's Vegetable Oil Palm business became the first in the country to be awarded a verification Certification under the Indian Palm Oil Sustainability (IPOS) Framework. Certification is issued by Control Union, an independent international certification body, in recognition of the sustainable practices adopted by oil palm business.

Review of Operations / State of Affairs of the Subsidiaries of GAVL:

ASTEC LIFESCIENCES LIMITED

GAVL's agrochemical subsidiary, Astec LifeSciences Limited, faced volume headwinds and price corrections in both exports as well as domestic markets. Astec reported decline in revenues and margins in Financial Year 2022-23 as compared to the previous year. Nonetheless, Astec's performance in contract manufacturing (CMO) segment was in line with the expectations with 1.9x growth in revenues as compared to the previous year.

In April'23, Astec inaugurated a new state-of-the-art Research & Development centre, named "Adi Godrej Centre for Chemical Research and Development" in Rabale, Maharashtra. Continued investment in a

future-ready Research & Development facility reflects Astec's commitment to long-term growth and value creation.

GAVL continues to hold 64.8% stake in Astec as on March 31, 2023.

CREAMLINE DAIRY PRODUCTS LIMITED

GAVL's dairy subsidiary, Creamline Dairy Products Limited ("CDPL"), reported 28% year-on-year increase in segment revenues in Financial Year 2022-23 crossing ₹1,500 Crore sales mark for the first time. Outstanding volume performance in Financial Year 2022-23 was led by value-added products (VAP) portfolio which grew by 37% year-on-year supported by 10% growth in liquid milk volumes. Growth in VAP portfolio was ahead of the industry peers in South India and was led by market share gains in some of the key markets, primarily in curd, buttermilk, milk-based flavoured drinks and Ghee. Share of VAP in total sales increased to 32% in Financial Year 2022-23 from 29% in Financial Year 2021-22.

While CDPL fared much better in volume and topline growth as compared to previous year, margin profile was impacted by continued rise in milk procurement costs. Price hikes taken during the year were rendered inadequate by sustained rise in input costs throughout the year. For third consecutive year, the industry continued to suffer from weak flush season on account of untimely & heavy rains in South India coupled with outbreak of Lumpy skin disease in certain parts of the country.

GODREJ TYSON FOODS LIMITED

GAVL subsidiary, Godrej Tyson Foods Limited ("GTFL") achieved a crucial ₹1,000 Crore sales milestone for the first time in Financial Year 2022-23. It was one of the best years in terms of financial and operational performance for GTFL as the business reported a stellar topline growth of 28% for the second consecutive year as a result of robust volume performance in branded categories coupled with recovery in live bird prices. Segment results also recovered sharply and grew by 3.1x year-on-year to close the year at ₹16.1 Crore in Financial Year 2022-23.

Amongst branded categories, Real Good Chicken (RGC) registered a volume growth of more than 50% for the second straight year on the back of QSR and Institutional sales. Profitability of RGC category has also improved substantially and despite volatilities in live bird prices, RGC consistently reported improvement in contribution margin. Yummiez portfolio recorded more than 30% growth in volumes led by new product development initiatives.

GODREJ MAXXIMILK PRIVATE LIMITED

Godrej Maxximilk Private Limited ("GMPL") is engaged in in-vitro production of high-quality cows that aid dairy farmers produce top-quality milk, thereby increasing their yield by a significant proportion. GMPL is a 100% owned subsidiary of GAVL. During the year, GAVL infused additional investment of ₹20 Crore in GMPL for business expansion and day-to-day operations. For the Financial Year 2022-23, GMPL reduced Loss Before Tax to (₹4.70 Crore) from (₹9.77 Crore) in the previous year.

Joint Venture of GAVL:

ACI GODREJ AGROVET PRIVATE LIMITED, BANGLADESH

Godrej Agrovet's 50:50 joint venture with Advanced Chemical Industries Limited (ACI), Bangladesh, named ACI Godrej Agrovet Private Limited, maintained robust growth momentum by further consolidating its market share in Bangladesh across categories and recording 26% year-on-year growth in topline.

GODREJ PROPERTIES LIMITED (GPL)

OVERVIEW OF OPERATIONS

Godrej Properties delivered another record year in FY 2022-23 by achieving the highest sales in its history, surpassing the industry growth. This was driven by continued focus across bringing better products with consumer centric approach, delivering best in class quality consistently and enhancing customer's trust on the brand.

Godrej Properties achieved a sales volume of 15.2 million square feet and booking value of ₹12,232 Crore in FY 2022-23, resulting in a growth of 56% Y-o-Y. This was the highest recorded booking value in the history of the Company. This was evenly distributed across its four key geographies, each delivering more than 2 million sq. ft. sales and sales value of more than ₹2,000 Crore in all its four focus markets.

Godrej Properties launched 24 new projects / phases in FY 2022-23, including Godrej Horizon in Mumbai and Godrej Splendour in Bengaluru, both of which clocked around ₹1,000 Crore within a year of its launch. These remained amongst the most successful residential project launches for Godrej Properties. The new project launches were complemented by ₹6,026 Crore of sustenance sales in FY 2022-23 which, again was the highest ever for the company.

Godrej Properties added eighteen new projects with saleable potential of around 29 million sq. ft. to

its portfolio during the year, 7 in MMR, 5 in NCR, 2 each in Bengaluru and Pune, and 1 each in Nagpur and Chennai.

On the operational front, Godrej Properties successfully delivered ~10.5 million sq.ft across projects. With this, Godrej Properties has now successfully delivered over ~32 million sq. ft. in last five years. The Company's delivery record demonstrates its ability to operate at a large scale and keep pace with accelerating sales. Separately, Godrej Properties focused on exploring advanced construction technologies, improving Net Promoter Score (NPS) and design standardization.

Godrej Properties, among the most respected real estate developers in India, received 90 awards in FY 23. Accolades include Golden Peacock Award for Winner - CSR in Real Estate Category, ICAI International Sustainability Reporting Awards 2021-22 for Gender Equality (Gold Award), KPMG ESG Conclave and Awards 2023 for Winner - Environmental & Social Initiatives (Infrastructure & Real Estate), APEX INDIA FOUNDATION Quality Excellence in the Construction sector (Platinum Award - Vikhroli Region), Indian Institute of Industrial Engineering (Gold Award – Safety).

For the Financial Year under review, on a consolidated basis, Godrej Properties' total income stood at ₹3,039 Crore, EBITDA was ₹994 Crore and net profit after tax and minority interest of ₹571 Crore.

PROSPECTS AND OUTLOOK

Despite the interest rate hikes of ~250 bps in last 12 months, the home buying intent and sales momentum sustained with FY23 being the best-ever year in terms of sales booking for the industry. Hence, acceptance level of high-single digit mortgage rates remains very high. We have seen improvement in the prospects of real estate as volume and pricing is witnessing an uptick across geographies. Home buying is long-term asset where a strong affordability and financial strength (which is still better than pre-Covid levels) shall supersede the natural rate-cycle, especially if demand is driven by self-consumptions.

Consolidation in the residential real estate sector has only accelerated over the last few years amid regulatory changes like demonetisation, RERA apart from NBFC liquidity crisis, leading to an increase in the market share of branded organized players such as Godrej Properties. Given the pace of urbanization, rising per capita disposable incomes, and income distribution shifting from pyramid to diamond shape, Godrej Properties remains optimistic about the long-term prospects in real estate. Consumer sentiments have remained robust, which will result in a multi-year residential real estate upcycle, provided price increase is disciplined. Godrej Properties is poised for a high growth trajectory with a strong brand, pan-India presence, demonstrated track record and robust marketing capabilities.

In post pandemic era, the customer focus on product proposition and quality is strongest ever. Increasingly, there has been disproportionate focus by the large organised developers on better design as per customer preference, best in class experience and superior quality.

While continuing its focus on the four key markets of Mumbai, National Capital Region, Bengaluru and Pune, Godrej Properties is now also looking to enter peripheral markets and tier 2 cities through plotted developments. Godrej Properties shall seek to drive profitability, improve customer experience, and continue to adopt digital technologies. Moreover, operational momentum of Godrej Properties is likely to be sustained by its healthy Balance Sheet and robust project pipeline.

GODREJ CONSUMER PRODUCTS LIMITED (GCPL)

Godrej Consumer Products is a leading emerging markets company. As part of the 126-year young Godrej Group, the company is fortunate to have a proud legacy built on the strong values of trust, integrity, and respect for others. At the same time, it's growing fast and has exciting, ambitious aspirations.

GCPL ranks among the largest Household Insecticide and Hair Care players in emerging markets. In Household Insecticides, it is the leader in India, the second largest player in Indonesia and is expanding its footprint in Africa. GCPL is the leader in serving the Hair Care needs of women of African descent, the number one player in Hair Colour in India and Sub-Saharan Africa, and among the leading players in Latin America. GODREJ CAPITAL LIMITED (GCL)

Godrej Capital Limited (GCL), a subsidiary of your Company, is a Non-Banking Finance Company – Core Investment Company (NBFC-CIC) (exempt from registration). During the year, post requisite approvals, Godrej Housing Finance Limited (GHFL), a Non-Banking Finance Company – Housing Finance Company and Godrej Finance Limited (GFL), a Non-Banking Finance Company became wholly owned subsidiaries of GCL. The consolidated Total Income of GCL for FY 2022-23 is ₹346.91 Crore as compared to ₹54.86 Crore in the previous year.

Other Subsidiaries

Godrej International Trading & Investments Pte Ltd (GITI) is registered and located in Singapore and trades palm and soya oil as well as by-products.

Godrej International Limited (GINL) is incorporated in the Isle of Man and is a wholly owned subsidiary of the Company.

FY 2022-23 was rather tame relative to FY 2021-22. Vegetable oil prices started the year on a firm note as a result of the Ukraine war but began to slide from June onwards. High prices had led to demand destruction and better weather also led to better production of oilseeds in most parts of the world. Our companies kept pace with market developments and correctly anticipated the gradual decline in prices in the Second Half of the year. Our Supply Chain strengths continued to give our consuming companies, GCPL and GIL an edge over the competition. Our companies maintained profitability but turnover declined as result of lower unit prices.

Financial Position

The Net Debt Position at the end of the Financial Year stands at ₹6,009 Crore as compared to ₹5,240 Crore in the previous year. The Net debt equity ratio is 3.50 as compared to 3.53 in the previous year.

Your Company continues to hold the topmost rating of [ICRA] A1+ from ICRA & "CRISIL A1+" from CRISIL for its commercial paper program (₹2,500 Crore) (previous year ₹2,000 Crore). Instruments with these ratings are considered to have very strong degree of safety regarding timely payment of financial obligations. Such securities carry lowest credit risk.

For the Non-Convertible Debentures (NCD) programme of ₹5,000 Crore (previous year ₹3,000 Crore)

CRISIL has assigned "CRISIL AA" and ICRA has assigned "ICRA AA" with stable outlook. This rating is considered to have high degree of safety regarding timely servicing of financial obligations. Such securities carry very low credit risk.

ICRA has also reaffirmed an [ICRA] A1+ / AA(Stable) rating for our short term/Long term banking facilities (₹2,140 Crore), (previous year ₹2,140 Crore).

The Dombivli unit has flexibility of producing multiple value-added products, mainly fatty esters and amide, used in personal and home care products.

Research and Development (R&D)

During the year under consideration, R&D has continued its progress & quest for innovations. Many new concept ingredients with applications in Home, Personal care, Oil & Gas industry, Metal Working Fluids were researched and introduced, thus securing newer avenues and customers for existing as well as new product ranges.

R&D continues its efforts in bringing the new technologies and has tied up with some CSIR institutes for technical collaborations, besides the exhaustive inhouse developments. Our emphasis on green and sustainable technologies and product was further strengthened by extensive research in Fermentation technology and Biocatalysis. The fermentation products for Home & Personal care, Agri and animal nutrition, and industrial uses are being extensively sampled. We are giving lot of emphasis on the Biocatalytic processes and trying to see if we could convert some of the existing chemical processes to biocatalysis route. This will be highly sustainable due to low process temperatures, better kinetics and lower impurities. May need optimization in standardizing and enzyme availability for all types could be challenge.

For our Sophorolipid, the Company is trying to develop many applications besides Home and personal care, like Agricultural, Animal nutrition and other industrial, which can help in increasing the volume sale of Sophorolipids.

Human Resource Development and Industrial Relations

During the year under review, industrial relations at all plant locations remained harmonious. We continued to prioritize workers welfare by providing a supportive working environment through various means. Proactively, actions were taken to address various needs of workers through forums like Grievance Handling Mechanism. Long term settlement was signed off between Union and GIL across all our factories. On the Human Resource Development front, efforts made to engage employees and enable them to perform at their best. Employees were provided with innovative platforms to learn and grow, by leveraging both digital and classroom modes. At the same time health and wellbeing was given highest priority. Various sessions and webinars were conducted focusing on mental & physical health. There was special emphasis on strengthening our organizational culture through voice of employees & stakeholders. Leadership connect and communication throughout the year played a significant role in building a high performance culture. Further employees were duly recognized and appreciated in various forums for their contributions to the organization. (h) Performance Evaluation of the Board of Directors, its individual members, and its Committees

In terms with the Policy for Evaluation of the Performance of the Board of Directors of the Company, we conducted a formal Board Effectiveness Review, as part of our efforts to evaluate the performance of our Board and identify areas that need improvement, in order to enhance the effectiveness of the Board, its Committees, and Individual Directors. This was in line with the requirements of the Companies Act, 2013 and the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

The Corporate HR team of Godrej Industries Limited and Associate Companies (GILAC) worked directly with the Chairperson and the Nomination and Remuneration Committee of the Board to design and execute this process. It was later adopted by the Board. Each Board Member completed a confidential online questionnaire, sharing vital feedback on how the Board currently operates and how its effectiveness could be improved. The survey comprised of below sections and compiled feedback and suggestions on:

- Board Processes (including Board composition, strategic orientation and team dynamics);
- Individual Committees;
- Individual Board Members;
- the Chairman and
- Declaration of independence from Independent Directors

The criteria for Board processes included Board composition, strategic orientation and team dynamics. Evaluation of each of the Board Committees covered whether they have well-defined objectives, the correct composition, and whether they achieved their objectives. The criteria for Individual Board Members included skills, experience, level of preparedness, attendance, extent of contribution to Board debates and discussion, and how each Director leveraged their expertise and networks to meaningfully contribute to the Company. The criteria for the Chairperson's evaluation included leadership style and conduct of Board Meetings.

The following reports were created as part of the evaluation:

- Board Feedback Report:
- Individual Board Member Feedback Report;
- Chairman's Feedback Report

Further, the performance evaluation criteria for Independent Directors included a check on their fulfilment of the independence criteria and their independence from the management.

The overall Board Feedback Report was facilitated by Mr. Nadir Godrej, Chairman with Independent Directors. Feedback from the Committees and Individual Board Members was shared separately with the Chairman and the Directors. Following the evaluation, a Feedback Reports were compiled.

The Company recognises merit and continuously seeks to enhance the effectiveness of its Board. The Company believes that for effective corporate governance, it is important that the Board has the appropriate balance of skills, experience and diversity of perspectives.

Board appointments will be made on merit basis and candidates will be considered against objective criteria with due regard for the benefits of diversity on the Board. The Board believes that such merit-based appointments will best enable the Company to serve its stakeholders.

The Board will review this Policy on a regular basis to ensure its effectiveness.

Talent Management and Succession Planning

Our Company has the talent management process in place with an objective of developing a robust talent pipeline for the organisation which includes the senior leadership team.

As part of our Talent Management Process called Total Talent Management, we identify critical positions and assess the succession coverage for them annually. During this process, we also review the supply of talent, identify high potential employees and plan talent actions to meet the organization's talent objectives. We continue to deploy leadership development initiatives to build succession for key roles.

Total Rewards Philosophy

The policy of your Company on director's appointment and remuneration of the Directors, Key Managerial Personnel and other employees including criteria for determining qualifications, positive attributes, independence of a director, is stated below:

TOTAL REWARDS PHILOSOPHY GODREJ INDUSTRIES LIMITED (the "Company")

Our Total Rewards Framework aims at holistically utilising elements such as fixed and variable compensation, long-term incentives, benefits and perquisites and non-compensation elements (career development, work life balance and recognition).

Highlights

The rewards framework offers flexibility to customise different elements, on the basis of need. It is also integrated with our performance and talent management processes and is designed to ensure sharply differentiated rewards for our best performers.

The total compensation for a given position is influenced by three factors: position, performance and potential. As a broad principle, for our high performers and potential employees, we strive to deliver total compensation between 66th to 75th percentile of the market for senior leadership.

Total Compensation

The total compensation has three components:

- 1. 'Fixed Compensation' comprises of basic salary and retirement benefits, like provident fund and gratuity.
- 2. 'Flexible Compensation' is a fixed pre-determined component of the compensation.
- 3. 'Variable Compensation (Performance Linked Variable Remuneration)' rewards one for delivering superior business results and individual performance. It is designed to provide a significant upside earning potential without cap for over-achieving business results. It has a 'Collective' component, which is linked to the achievement of specified business results, measured by relevant metrics, relative to the target set for the given financial year and an 'Individual' component, based on the performance, as measured by the performance management process.

Long Term Incentives (Employee Stock Grant Scheme)

This scheme aims at driving a culture of ownership and focus on long-term results. It is applicable to senior managers. Under this scheme, performance based stock grants are awarded on the basis of performance.

(j) Familiarisation Programmes

Familiarisation programme for the Independent Directors was conducted during the Financial Year 2022-23. Apart from this, business presentations were made by the Management to the Independent Directors. The details of familiarization programmes pursuant to Regulation 25(7) of the Listing Regulations is uploaded on the Company's website, viz. http://www.godrejindustries.com/listing-compliance.aspx.

The Sexual Harassment of Women at Workplace (Prevention, Prohibition, and Redressal) Act, 2013

We are committed to creating and maintaining an atmosphere in which employees can work together without fear of sexual harassment, exploitation or intimidation. We have strengthened our existing Policy on Prevention of Sexual Harassment at the workplace. Every employee is made aware that the Company is strongly opposed to sexual harassment and that such behaviour is prohibited both by the law and the Group. To deepen their understanding on what constitutes workplace harassment, we have provided an online training module to all employees. We also conducted classroom sessions for all workers across our factories. Our training sessions apprises employees and workers about the legislative updates, details on Internal Complaints Committee and process to address grievances. The Company has formed two separate committees – one for the Head Office, factories in Maharashtra and branches in India and the other for the factory at Valia, Gujarat. Ms. Shefali Kohli is the Presiding Officer for both the Committees. While the Act is applicable only to women employees, our Company policy would be covering all employees and all premises of the Company in India. During the year, the Company

launched an online platform called as "Conduct" to assist employees to raise and track complaints easily. No complaints were received by the committee during the year under review. Since the number of complaints filed during the year was NIL, the Committee prepared a NIL complaints report. This is in compliance with Section 22 of the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013.

Directors' Responsibility Statement

CHEMICALS DIVISION

We are a leading manufacturer of Oleo-Chemicals, Surfactants and Derivatives of Oleo-Chemicals.

The Chemicals Business has state-of-the-art manufacturing facilities at Ambernath (near Mumbai, Maharashtra) and Valia (Near Ankelshwar, Gujarat). Our Ambernath Factory is a "Responsible Care" certified factory and our Valia Factory is a "Greenco Platinum" certified factory. Our Valia Factory has also been recognized by Union of Japanese Scientists & Engineers (JUSE) for 5S Workplace Management system.

The Chemicals Business, as part of the Godrej Group culture, believes in profitable and sustainable growth. Our Chemicals Business recorded a Total Income of ₹4,173 Crore, a growth of 36% over the previous year and an Operating Profit (PBIT) of ₹706 Crore, a growth of 207% over the previous year. This has been the highest ever operating profit for the business. The Chemicals Business has a good global presence and exports to over 70 countries. In Fiscal Year 2022-23, the Chemicals Business recorded an export sales of ₹1,383 Crore, a growth of 55% over the previous year. The business faced several challenges like Geo-political instability and Currency risk in certain countries. Despite these challenges, the Chemicals Business exports grew at a healthy rate. Exports now account for 33% of our overall sales.

Domestic sales too grew at a healthy rate of 29% over the previous year, recorded a revenue of ₹2,762 Crore. The Chemicals Business caters to several end-user industries including FMCG, Oil & Gas, Chemicals intermediates, Pharmaceuticals, Tyres etc. Our constant focus on Research & Development and developing specialty Chemicals and special applications for various industries has helped our business grow in a very profitable manner and at the same time broadening our Product offering.

The Chemicals Business is one of the largest consumers of domestically procured Rapeseed oil and imported Palm based fatty acids. The Business has a robust procurement and risk mitigation framework to protect itself against market volatility in terms of price and availability.

Let's review product category wise performance:

Fatty Acids

Fatty Acid portfolio has Palm fatty acid based products and Rapeseed oil based products. Palm fatty acid based products are mainly used in Tyre industry and FMCG sector. Rapeseed oil based products are mainly used as ingredient for specialty chemicals and also in Oil and Gas Industry. The Fatty Acid portfolio accounts for 46% of turnover of the division. Division has improved it's presence in Oil and Gas Sector. Operating Margin also improved due to higher sale of value added fatty acids in Domestic and Export market.

Fatty Alcohol

Fatty Alcohol portfolio has mix of mid chain Alcohol and Long chain alcohol. Fatty alcohol contributes to 33% of the turnover of the division. Increase in Demand coupled with restricted supply from Domestic and international suppliers has helped division achieving higher sales with improved margin.

Surfactants

Surfactant portfolio has product based on Lauryl Alcohol like Sodium Lauryl Ether Sulphate (SLES), Sodium Lauryl Sulphate (SLS) and Alpha Olefin Sulfonate (AOS). The products are mainly used in Detergents & Cleaners and Personal Care. Surfactants contributes to 15% of the turnover of the division. Demand from industry producing cleansing products continued to remain strong in current fiscal year also. The division enjoys product approval from several multinational companies which helps in participation in Global Sourcing Programme. The portfolio has maintained margin by effective sourcing of raw material.

Glycerin

Glycerine is used in Pharmaceutical and Personal Care industry. Glycerine accounted for 5% of the turnover of this division. Demand for Glycerine in the country is higher than the domestic manufacturing capacity. The Gap is filled up by import of Refined Glycerine. Current fiscal year witnessed higher import of Refined Glycerine. Also price differential between Crude Glycerine and Refined Glycerine has reduced significantly. This has affected the selling price and margin in the portfolio.

Derivatives

Division is manufacturing Oleo Chemicals based derivatives. Derivatives business accounted for 8% of the turnover of this division. Concentrated effort on Research and Development, division is introducing products with new applications which helps in increasing sales and margin. Division is also having emphasis on chemicals based on bio fermentation route. Focus on value added chemicals which have steady margins has helped division in de-risking the business.

Other Initiatives

Your Company continues to focus on use of renewable energy. In FY 2022-23, more than 68% of the energy was consumed through renewable sources. We achieved this through use of biomass briquettes, Solar roof top, wind energy, and other initiatives. We have also installed cogeneration plant which runs on biomass briquette & contributes to further increase in our renewable energy as well as in GHG reduction.

We have committed to EP100 target in which we aim to reduce our specific energy consumption by 50% up to 2030 compared to baseline FY 12. Till FY 22, we have reduced the specific consumption by 17%. We are working relentlessly towards achieving the goal. This is achieved through various energy efficiency initiatives at our plant locations. Adoption of ISO 50001:2015 at Valia site also helped in it.

We also monitor our Greenhouse gas emissions. We have reduced our overall carbon footprint by 66% since 2011. This is achieved through various energy efficiency and renewable energy projects.

We have also been implementing various project for water savings and those projects helped us to reduce our overall specific water consumption by 46% from 2011.

We have been ranked in Top 50 list of Great Place To Work in Manufacturing.

We also received Business World HR Excellence Awards 2022 in category- "Excellence in Compensation & Benefits". We are winner of Bronze Medal in Category "Excellence in Health & Wellness Initiatives" in ECONOMIC TIMES HUMAN CAPITAL AWARDS 2022

We are glad to share that Godrej Industries limited has scored "B" rating in CDP's (Climate Disclosure Program) India's Climate Change 2022, Water Security Disclosure Index "B" and in Forests 2022-Palm Oil "B", which is higher than Asia regional average.

We are focused on building a diverse and inclusive work culture that values diversity of experience, knowledge and ideas, and fosters innovation and collaboration for organizational success. In 2023, we launched a focused program named Pahal-Today for Tomorrow to enhance women representation in our manufacturing roles. We partnered with a DEI consultant firm to assess the readiness of the Ambernath factory with respect to welcoming women on shopfloor roles via focused group discussions with senior leadership, people managers and women employees. A Plant audit was conducted to gauge legal compliance of plant in relation to Factories Act 1948 (and other local laws as applicable to the state of Maharashtra), in terms of women's employment.

Wadala Factory is using 91% renewable energy for steam generation by useing vegetable soft pitch as boiler fuel. Factory has zero sewage water discharge by installation of sewage water treatment plant, using excess water for gardening. Factory is using battery operated pallet truck for material movement, stopped using diesel operated forklift for internal material movement and reduced diesel consumption. We are collecting post sale plastic waste packaging material by an NGO for reprocessing and recycling. We collect rain water during monsoon and using as boiler feed.

Outlook

Geopolitical situation in Russia-Ukraine region, increase in Non-Tariff barriers in international trade will keep Fuel price at high level. To control inflation and depreciation of Rupee against US \$, Reserve Bank of India is likely to keep interest rates at high level. While this may adversely impact the sales performance and margin, we continue to closely monitor the situation and take appropriate action. The division has in-house expert for commodities and also has strong risk management policy which will protect the operating margin. The division will also closely monitor the logistics and supply chain situation and will ensure timely delivery of goods to the customer.

Finance and Investments

During the year, your Company continued to earn return from its investments in the form of Dividend of ₹118 Crore (previous year ₹96 Crore). Your Company invested ₹19 Crore in Godrej Properties Limited and ₹232 Crore on Godrej Agrovet Limited by purchasing shares from the secondary market.

Your Company is looking at expanding and diversifying its business activities. It believes that there is a strong potential for housing finance and non-banking finance(NBFC) business in our country with a decent return on investments. Looking at the opportunity in the housing finance sector and NBFC business, to nurture the finance business under the umbrella of the your Company being the flagship company of the Group, your Company has further invested ₹685 Crore in Godrej Capital Limited (erstwhile Pyxis Holdings Limited). Godrej Capital Limited being the Holding Company of Godrej Housing Finance Limited & Godrej Finance Limited (erstwhile Ensemble Finance & Holdings Limited) has invested in its both the subsidiaries. Entering the financial services business has diversified the business of the Company and would lead to overall value creation for the stakeholders of the Company in the future.

Veg Oils

The business clocked a Revenue of ₹155 Crore. Sales is focused in Mumbai, Maharashtra and Goa. Business faced challenges in terms of volatility in oil prices due to socio-economic factors. Our factory is Kosher, Halal and ISO 22000-2018 certified. Production capacity is 100 TPD continuous vegetable oil refinery and produces variety of edible oils, Vanaspati and pharmaceutical grade oils. We produce Vanaspati with Zero Trans Fat & beats FSSAI limit of 2% max. This meets with our commitment to manufacture & supply healthy products of best quality.

Human Resource Development and Industrial Relations

During the year under review, industrial relations at all plant locations remained harmonious. We continued to prioritize workers welfare by providing a supportive working environment through various means. Proactively, actions were taken to address various needs of workers through forums like Grievance Handling Mechanism. Long term settlement was signed off between Union and GIL Industries across all our factories. On the Human Resource Development front, efforts made to engage employees and enable them to perform at their best. Employees were provided with innovative platforms to learn and grow, by leveraging both digital and classroom modes. At the same time health and wellbeing was given highest priority. Various sessions and webinars conducted focusing on mental & physical health. There was special emphasis on strengthening our organizational culture through voice of employees & stakeholders. Leadership connect and communication throughout the year played a significant role in building a high performance culture. Further employees were duly recognized and appreciated in various forums for their contributions to the organization. Our work practices were also recognized by Great Place To Work and we were featured among the Top 50

REFINED SUNFLOWER OIL • REFINED GROUNDNUT OIL • FILTERED GROUDNUT OIL • REFINED RICE BRAN OIL REFINED PALMOLEIN OIL • REFINED SOYABEAN OIL • KACHI GHANI MUSTARD OIL • VANASPATI • SESAME OIL

Policy to Prevent Sexual Harassment at the Work Place

We are committed to creating and maintaining an atmosphere in which employees can work together without fear of sexual harassment, exploitation or intimidation. We have strengthened our existing Policy on Prevention of Sexual Harassment at the workplace. Every employee is made aware that the Company is strongly opposed to sexual harassment and that such behaviour is prohibited both by the law and the Group. To deepen their understanding on what constitutes workplace harassment, we have provided an online training module to all employees. We also conducted classroom sessions for all workers across our factories. Our training sessions apprises employees and workers about the legislative updates, details on Internal Complaints Committee and process to address grievances. The Company has formed two separate committees - one for the Head Office, factories in Maharashtra and branches in India and the other for the factory at Valia, Gujarat. Ms. Shefali Kohli is the Presiding Officer for both the Committees. While the Act is applicable only to women employees, our Company policy would be covering all employees and all premises of the Company in India. During the year, the Company launched an online platform called as "Conduct" to assist employees to raise and track complaints easily. No complaints were received by the committee during the year under review. Since the number of complaints filed during the year was NIL, the Committee prepared a NIL complaints report. Internal Control Systems and their Adequacy

Your Company has a proper and adequate system of Internal Controls, to ensure that all assets are safeguarded and protected against loss from unauthorized use or disposal and that transactions are authorized, recorded and reported correctly. Your Company's Corporate Audit and Assurance Department, issues well documented operating procedures and authorities with adequate built-in controls at the beginning of any activity and revised procedures if there is any major change. The internal control is supplemented by an extensive programme of internal, external audits and periodic review by the management. The system is designed to adequately ensure that financial and other records are reliable for preparing financial information and other data and for maintaining accountability of assets. Corporate Audit & Assurance Department during the year, facilitated a review of your Company's risk management programme. The risks and mitigation measures were reviewed by your Company's Risk Committee and corrective measures initiated. During the year the Corporate Audit & Assurance Department carried out various reviews and provided assurance on compliances to lay down policies, processes and internal controls.

Information Security

GIL is constantly evolving its Information Security policies and processes to comply with Indian regulations and follow global best practices and standards. GIL has made significant strides in Information Security over the past year. GIL recognizes the importance of Information Security and has undertaken various initiatives to enhance its people processes and technology capabilities. GIL focuses on continuous cybersecurity awareness program for employees and measures overall security behaviour throughout the year. Our Security Incident Response process is improved by integrating all events and incident sources and automating responses. Our multi layered defence in depth security architecture is further strengthened by implementing various technological solutions in the areas of Zero Trust and Cloud Security. As a result, GIL has experienced zero security breaches in the past year and overall process maturity has improved, as per the NIST framework. GIL has also completed stage 1 Audit for ISO 27001 and is in the process of acquiring the certificate by end May 2023.

Opportunities and Threats

Continuation of Russia Ukraine war, high fuel prices, high inflation amongst developed economies which led to high interest rates could impact the global demand, economic environment/economic policies. At the same time, government thrust on make in India, exports and establishing mechanism for Trade in Rupee will give good opportunity for growth.

Risks and Concerns

Your Company had put a risk management framework in place post a comprehensive review of its risk management process. Your Company has taken a fresh look at the risk management framework. The review involved understanding the existing risk management initiatives, zero-based identification and assessment of risks in the various businesses as also the relative control measures and arriving at the desired counter measures keeping in mind the risk appetite of the organization. The Risk Committee has periodically reviewed the risks in the various businesses and recommended appropriate risk mitigating actions.

The Commodity based businesses are likely to be affected by vagaries of the weather, demand for edible oil, oilseed production, etc. The business is exposed to commodity price risks relating to raw materials which account for the largest portion of the costs of both the Chemicals and Vegoils businesses.

The Chemicals business growth will also depend on the growth of end user industries like polymer, detergent, cosmetic and personal care. As a significant employer and chemicals producer, to ensure occupational safety, employment standards, production safety, and environmental protection, your Company maintains strict safety, health, environmental protection and quality control programs to monitor and control these operational risks.

Macro-economic factors including economic and political developments, natural calamities which affect the industrial sector generally would also affect the businesses of your Company. Legislative changes resulting in a change in the taxes, duties and levies, whether local or central, also impact business performance and relative competitiveness of the businesses.

Cautionary Statement

Some of the statements in this management discussion and analysis describing the Company's objectives, projections, estimates and expectations may be 'forward looking statements' within the meaning of applicable laws and regulations. Actual results might differ substantially or materially from those expressed or implied. Important developments that could affect the Company's operations include a downtrend in industry, significant changes in political and economic environment in India and abroad, tax laws, import duties, litigation and labour relations.

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format:

Material issue identified	Indicate whether risk or opportu- nity (R/O)	Rationale for identifying the risk/ opportunity	In case of risk, approach to adapt or mitigate	Financial implica- tions of the risk or opportunity (Indicate positive or negative implications)
Emission	Risk	Rising power demand has resulted in higher dependence on costlier coal imports as supplies from domestic sources are still insufficient to meet increased energy demand.	We are already transitioning to lower emissions technology by reducing our specific energy consumption and increasing our renewable energy sources. Close to 69 % of the energy we use is from renewable sources such as wind, solar and biomass.	Negative
Water & effluents	Risk	We are dependent on surface water for production which is dependent on rain. If we receive less rain in a year, it will impact our production and we have to buy water from other sources.	We are working to reduce our water consumption in the processes andinstalled water efficient equipment. Both our manufacturing plants are Zero Liquid Discharge compliant. Our strategy is to treat used industrial water on site and reuse it water for process/ utilities.	Negative
Health & safety	Risk and Opportunity	We Aim to achieve and sustain an incident-free organization	We have health and safety policy across GIL and at individual plant level and all the manufacturing sites are ISO 45001:2018 compliant. We have implemented various initiatives to ensure health and safety of employees across our locations both at operational level and managing natural hazards. At plants, we ensured this by creating task forces to monitor and implement health & safety measures going beyond compliance and adopting industry best practices	Positive
Human rights	Opportunity	Our strategic people management framework is designed to create value & execute the business strategy. Built on three pillars of talent, organization & culture, we strive towards creating agile & inclusive workplace by defining & developing new capabilities and accelerating total engagement to build a high performance team	We focus our efforts towards nurturing & sustaining the thriving culture that exists at GIL Chemicals which has helped deliver strong business Performance. All the policies pertaining to well being of people has been taken care	Positive
Employee well Being & worker Man- agement	Opportunity	We ensure goal setting, per- formance reviews and reward and recognitions are done in a very structured way to keep our employees engaged	We are regularly reviewing and auditing our people processes and interventions for their efficiency and effectiveness in alignment with the larger objective of business performance.	Positive

Material issue identified	Indicate whether risk or opportu- nity (R/O)	Rationale for identifying the risk/ opportunity	In case of risk, approach to adapt or mitigate	Financial implica- tions of the risk or opportunity (Indicate positive or negative implications)
Climate change and Sustainability	Risk	While we have made considerable improvement to our specific energy levels and reduced our emissions, the expectations of upcoming regulations is unknown and if the guidelines require us to have even lower specific energy and emissions contributions, additional investments will be required to comply with the standards.	As part of our 2025 sustainability strategy, we are looking for breakthrough technology invention to help in energy efficiency and carbon capture and we would like to move to lower emissions technology	Negative
Material Sourcing, Procurement Practices and Supply Chain Sustainability	Risk	We have made our sustainable palm oil policy and have taken goal of achieving 100% transparency upto mills and refineries in our palm supply chain. To achieve that we collaborate with our suppliers and have also became a part of Action of sustainable derivative (ASD) ASD is a collaborative initiative which brings together companies in the cosmetics, home and personal care, and oleo chemicals industries to collectively tackle supply chain issues around palm oil and palm kernel oil derivatives. We are also one of the leading Indian Entity who is a part of RSPO.	Better Collaboration with our business partners with the help of sales and marketing and procurement team. Better Collaboration with our business partners with the help of sales and marketing and procurement team.	Positive
Ethics Governance and Accountability	Opportunity	- Committed to developing an excellent working culture - Good governance help to attract and retain talent - Improve brand value among stakeholders - Smooth business operations	-Company considers compliance as on of the Key Results Areas and continuous stress is put on monitoring, reporting and corrective / preventive actions - Continuous awareness programs for employees are conducted to sensitize employees - Zero tolerance for statutory noncompliance and ethical standards are demonstrated without any delay to ensure rigor and communication - workshops are organized for employees to ensure linkages to ensure that the values and behaviours are well understood	- these mitigation practices help us with derisking facilities, healthy work environment which brings bet- ter productivity - Adherence to regulatory com- pliance, attract customers and grow business
Customer Health and safety	Opportunity	GIL's philosophy is Life Essential Crafted with Care. Company is committed to deliver consistently high quality and high performing products and services to its customers. Our products are widely used in personal and home care industry globally, customer health and safety and product quality is paramount to us. - 2. a. Does the entity have procedures in place for sustainable sourcing? (Yes/No)
 - b. If yes, what percentage of inputs were sourced sustainably?

Yes, Supply chain sustainability is a crucial aspect to our business at GIL Chemicals. While we develop responsible and conscious business practises, we encourage our suppliers to conduct their business in a sustainable and ethical manner too. Our supply chain framework helps us extend the outreach of our sustainability agenda, thus maximising impact. We hold our suppliers accountable for maintaining maximum upstream sustainability standards. To ensure collective and holistic sustainable growth across the value chain, we have developed strong relationships with our suppliers to collectively reach our sustainable supply chain goals. 21% of inputs were sourced sustainably during calendar year (i.e. January 2022 till December 2022).

We have developed two important policies to vouch for sustainable procurement - Sustainable Procurement Policy and Sustainable Palm Oil Policy and its Sustainable Palm Oil Action Plan. These policies highlight our expectations on critical sustainability performance parameters such as health and safety, human rights, integrity, and environmental sustainability to name a few. The policies have been created in accordance with international benchmarks and best practices.

3. Describe the processes in place to safely reclaim your products for reusing, recycling and disposing at the end of life, for (a) Plastics (including packaging) (b) E-waste (c) Hazardous waste and (d) other waste.

At GIL Chemicals, we have developed a robust waste management framework to meet with the sustainability challenges of the chemical industry. All materials and manufacturing processes are conducted in a conscious manner to yield minimal waste. We follow five R's of waste management - reduce, reuse, recycle, recover and residual management. We go beyond compliance to ensure effective waste management. Our waste management strategy includes collection, segregation, recycling and disposal in a scientific manner. We have an in-house effluent treatment plant (ETP) to treat wastewater generated at our facilities.

We do have the procedures to reclaim the products but we haven't recalled any product at the end of life.

4. Whether Extended Producer Responsibility (EPR) is applicable to the entity's activities (Yes / No). If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards? If not, provide steps taken to address the same.

In the reporting year, we processed 100% of the plastic waste and we put out as per EPR (Extended producer responsibility) compliance.

Leadership Indicators

1. Provide the processes for consultation between stakeholders and the Board on economic, environmental, and social topics or if consultation is delegated, how is feedback from such consultations provided to the Board.

Our stakeholders are at the heart of our process of determining material topics so as to collectively address ESG aspects and develop lasting solutions.

Periodic engagement with stakeholders helps us to effectively channel our strategies to be able to deliver against company wide sustainability goals while following an inclusive, multi-dimensional approach.

We use the stakeholder prioritisation matrix to understand key stakeholders to our business and the type of engagement to be carried out with each of them - consult, collaborate, keep informed & engage. Our regular interactions through various engagement modules aid us in collecting important feedback, thereby enhancing our performance and value addition. While the kind of our engagement methods can differ from an ad-hoc meeting to long term partnership, it is always driven by our core values. Our key stakeholder groups comprise of employees, customers, regulatory bodies, shareholders, team members, suppliers, sustainability experts, media, competitors, academica and the communities around operational sites. We use formal and informal engagement methods to communicate with our stakeholders through various communication platforms. Through this, we map stakeholder feedback and concerns.

Appropriate action plans are also developed to address expectations. These concerns and expectations form a vital input for our materiality assessment and in developing short and long term business goals. The Stakeholder engagement exercise was conducted using the principles and guidelines from the AASES1000 Stakeholder engagement standard which uphold inclusivity, materiality and responsiveness. We abide by the three principles of materiality, completeness and responsiveness to ensure holistic engagement and maximum outreach.

Water intensity (optional) – the relevant metric may be selected by the entity (KL/MT)	3.59	3.85

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Yes/No). If yes, name of the external agency-Yes, by TUV India Pvt Ltd.

4. Has the entity implemented a mechanism for Zero Liquid Discharge? If yes, provide details of its

coverage and implementation.

At GIL Chemicals, we have developed a robust waste management framework to meet with the sustainability challenges of the chemical industry. All materials and manufacturing processes are conducted in a conscious manner to yield minimal waste. We follow five R's of waste management - reduce, reuse, recycle, recover and residual management. We go beyond compliance to ensure effective waste management. Our waste management strategy includes collection, segregation, recycling and disposal in a scientific manner. We have an in-house effluent treatment plant (ETP) to treat wastewater generated at our facilities. Our ETP plant manages effluents generated from our facilities. Our effluent management has helped us reduce our impact on local water resources. Both our manufacturing sites - Valia and Ambernath - are zero liquid discharge facilities (ZLD).

5. Please provide details of air emissions (other than GHG emissions) by the entity, in the following format:

Particulars	Unit	FY 2022-23	FY 2021-22
NOx	MT/year	17.9	17.1
SOx	MT/year	15.8	22.5
Particulate matter (PM)	MT/year	22.39	24.22
Persistent organic pollutants (POP)	-	-	-
Volatile organic compounds (VOC)	-	-	-
Hazardous air pollutants (HAP)	-	-	-
Others – please specify	-	-	-

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Yes/No) If yes, name of the external agency-Yes, by TUV India Pvt Limited.

6. Provide details of greenhouse gas emissions (Scope 1 and Scope 2 emissions) & its intensity, in the following format:

Particulars	Unit	FY 2022-23	FY 2021-22
Total Scope 1 emissions (Break-up of the GHG into CO2, CH4, N2O, HFCs, PFCs, SF6, NF3, if available)	Metric tonnes of CO2 equivalent	32,335	38,994
Total Scope 2 emissions	Metric tonnes of CO2 equivalent	29720	41,831
(Break-up of the GHG into CO2, CH4, N2O, HFCs, PFCs, SF6, NF3, if available)	-	-	-
Total Scope 1 and Scope 2 emissions per rupee of turnover	TCO2/INR	0.00007	0.00003
Total Scope 1 and Scope 2 emission intensity (optional) – the relevant metric may be selected by the entity	tCO2 eq/ton	0.28	0.4

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Yes/No) If yes, name of the external agency.-Yes, by TUV India Pvt Ltd.

7. Does the entity have any project related to reducing Green House Gas emission? If Yes, then provide

details.

Our Company continues to focus on use of renewable energy. In FY 2022-23, more than 68% of the energy was consumed through renewable sources. We achieved this through use of biomass briquettes, Solar roof top, wind energy, and other initiatives. We have also commissioned cogeneration plant which runs on biomass briquette & contributes to further increase in our renewable energy as well as in GHG reduction.

We have committed to EP100 target in which we aim to reduce our specific energy consumption by 50% up to 2030 compared to baseline FY 12. For FY 23, we have reduced the specific consumption by 17%. We are working relentlessly towards achieving the goal. This is achieved through various energy efficiency initiatives at our plant locations. Adoption of ISO 50001:2015 at Valia site also helped in it.

We also monitor our Greenhouse gas emissions. We have reduced our overall carbon footprint by 66 % in since 2011. This is achieved through various energy efficiency and renewable energy projects.

We have also been implementing various project for water savings and those projects helped us to reduce our overall specific water consumption by 46% from 2011.

8. Provide details related to waste management by the entity, in the following format:

To the Members of Godrej Industries Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of Godrej Industries Limited (hereinafter referred to as 'the Holding Company') and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), its associates and its joint ventures, which comprise the consolidated balance sheet as at March 31, 2023 and the consolidated statement of profit and loss (including other comprehensive income), the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of report of the branch auditor on financial information of such branch as was audited by the branch auditor and based on the consideration of reports of other auditors on standalone /consolidated financial statements of such subsidiaries, associates and joint ventures as were audited by the other auditors, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group, its associates and its joint ventures as at March 31, 2023, and of its consolidated profit and other comprehensive income, consolidated changes in equity and consolidated cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143 (10) of the Act. Our responsibilities under those SAs are further described in the *Auditors' Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group, its associates and its joint ventures in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in terms of the Code of Ethics issued by the Institute of Chartered Accountants of India and the relevant provisions of the Act, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence obtained by us along with the consideration of reports of the other auditors referred to in paragraphs (a) and (b) of the 'Other Matters' section below, is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment and based on the consideration of reports of other auditors on standalone/consolidated financial statements of components audited by them, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Description of Key Audit Matters

Revenue recognition from sale of goods (refer note 2(18) and 29 to the consolidated financial statements)

Key Audit Matter

In case of the Holding Company, as per IND AS 115 - 'Revenue from Contracts with Customers' revenue is recognized on transfer of control of goods or services to a customer, which is on dispatch / delivery as per the terms of contracts, at an amount that reflects the consideration to which the Company is expected to be entitled to in exchange for those goods or services.

Revenue recognition includes determination of pricing, effect of discounts, sales returns and adjustments for freight reimbursements.

Due to the significance of the area and the risk of revenue being fraudulently overstated through manipulation on the timing of transfer of control, revenue recognition is considered as a key audit matter.

How the matter was addressed in our audit

Our audit procedures to assess revenue recognition from sale of goods included the following:

- Assessing the compliance of the revenue recognition accounting policies by comparing with Ind AS 115 - "Revenue from Contracts with Customers".
- Understood and evaluated the design implementation and tested the operating effectiveness of key controls relating to revenue recognition.
- Testing the design, implementation and operating effectiveness of the Company's key General Information Technology (IT) controls and key IT application controls over the Company's systems for revenue recognition, by involving our IT specialists.
- Tested sales transactions on a sample basis by comparing the underlying sales invoices, sales orders, dispatch and delivery documents to assess whether revenue was recognized appropriately.
- Tested the timing of recognition of revenue including performing cut-off procedures, to determine whether the same is in line with the terms of contracts.
- Examining manual journal entries posted to revenue to identify any unusual or irregular items.

Revenue recognition from agri-business (refer note 2(18) and 29 to the consolidated financial statements)

Key Audit Matter

Certain of the Holding Company's subsidiaries recognises revenue from sale of goods when control of the goods has transferred and when there are no longer any unfulfilled obligations to the customer. Depending on the contractual terms with the customers, this can be either at the time of dispatch or delivery of goods. The subsidiaries have large number of customers and the sales contracts with customers have different terms relating to transfer of control of underlying goods and the right of return.

Recognition of revenue from sale of products is identified as a key audit matter because:

The subsidiaries and its external stakeholders focus on revenue as a key performance indicator. This could create an incentive for higher revenue to be recognised throughout the period (including period end), i.e. before the control of underlying goods have been transferred to the customer; and

Estimation of accrual for sales returns, particularly in the crop protection segment involves significant judgement.

How the matter was addressed in our audit

Audit procedures performed by the auditors of the subsidiaries included following:

- Assessing the subsidiaries' accounting policies in respect of revenue recognition by comparing with applicable accounting standards;
- Evaluating the design, testing the implementation and operating effectiveness of the subsidiaries' internal controls over recognition of revenue;
- Perform substantive testing and cut-off testing throughout the period (including period end), by selecting samples of revenue transactions recorded during the year and verifying the underlying documents, which included sales invoices, dispatch documents and proof of delivery, depending on the terms of contracts with customer;
- Examining journal entries (using statistical sampling) posted to revenue to identify unusual or irregular items;
- Evaluating the design and testing the implementation and operating effectiveness of the internal controls over accrual for sales returns, in crop protection segment;

Key Audit Matters (Continued)

Key Audit Matter	How the matter was addressed in our audit
	Checking completeness and accuracy of the data used for accrual of sales returns, in crop protection segment.
	Examining historical trend of sales return claims to assess the assumptions and judgements used in accrual of sales returns in crop protection segment. Comparing historically recorded accruals to the actual amount of sales returns;
	Evaluating adequacy of disclosures given in the consolidated financial statements.

Revenue recognition from sale of residential and commercial units (refer notes 2(19), 29 and 57 to the consolidated financial statements)

Key Audit Matter

Certain of the Holding Company's subsidiaries' revenue streams involve sale of residential, commercial units and plots and other lands.

Revenue is recognised post transfer of control to customers for the consideration (transaction price) which the subsidiaries expects to receive in exchange for those units. The trigger for revenue recognition is normally completion of the project or receipt of approvals on completion from relevant authorities post which the contract becomes non-cancellable. The subsidiaries record revenue, over time till the actual possession to the customers, or on actual possession to the customers, as determined by the terms of contract with customers.

The risk for revenue being recognised for arrangements that do not meet the definition of a contract or do not exist is considered as a key audit matter.

Measurement of revenue recorded over time which is dependent on the estimates of the costs to complete.

Revenue recognition involves significant estimates related to measurement of costs to complete for the projects. Revenue from projects is recorded based on the subsidiaries' assessment of the work completed, costs incurred and accrued and the estimate of the balance costs to complete.

Considering the significant estimate involved in measurement of revenue and risk of revenue being recognised in an incorrect period, revenue recognition is considered as a key audit matter.

How the matter was addressed in our audit

Audit procedures performed by the auditors of the subsidiaries included the following:

- Obtaining and understanding revenue recognition process including identification of performance obligations and determination of transfer of control of the asset underlying the performance obligation to the customer.
- Evaluating the design and implementation and tested operating effectiveness of key internal controls around approvals of contracts, milestone billing, intimation of receipt of occupation certificate, recording of project cost and controls over collection from customers.
- Evaluating the accounting policies adopted by the Group for revenue recognition to check those are in line with the applicable accounting standards and their consistent application to the significant sales contracts.
- Testing timeliness of revenue recognition by comparing individual sample sales transactions to underlying contracts.
- Conducting site visits during the year for selected projects to understand the scope, nature and progress of the projects.
- Evaluating revenue overstatement or understatement by assessing Group's key judgments in interpreting contractual terms. Determining the point in time at which the control is transferred by evaluating subsidiaries' inhouse legal interpretations of the underlying agreements i.e. when contract becomes non-cancellable.
- Requesting confirmations, on a sample basis for trade receivables and advances from customer. In case of non-receipt of confirmations, alternative procedures have been performed by comparing details with contracts, collection details and other underlying project related documentation.

Key Audit Matters (Continued)

Key Audit Matter	How the matter was addressed in our audit
	Assessing the costs incurred and accrued to date on the balance sheet by examining underlying invoices and signed agreements on a sample basis. Assessing contract costs to check no costs of revenue nature are incorrectly recorded in the balance sheet.
	 Comparing, on a sample basis, revenue transactions recorded during the year with the underlying contracts, progress reports, invoices raised on customers and collections in bank accounts. Also, checked the related revenue had been recognised in accordance with the subsidiaries' revenue recognition policies.
	Comparing the costs to complete workings with the budgeted costs and inquiring for variance.
	Sighting Group's internal approvals, on sample basis, for changes in budgeted costs along with the rationale for the changes.
	Scrutinising the revenue journal entries raised throughout the reporting period and comparing details of a sample of these journals, which met certain risk-based criteria, with relevant underlying documentation.
	Considering the adequacy of the disclosures in the consolidated financial statements in respect of the judgments taken in recognising revenue for residential, commercial units and plotted and other lands in accordance with Ind AS 115.

Deferred Tax Assets

(refer note 2(26) and 8 to the consolidated financial statements) **Key Audit Matter**

Recognition and measurement of deferred tax assets

Certain of the Holding Company's subsidiaries have deferred tax assets in respect of brought forward losses and other temporary differences.

The subsidiaries' deferred tax assets in respect of brought | • forward business losses are based on the projected profitability. This is determined on the basis of approved business plans demonstrating availability of sufficient taxable income to utilise | such brought forward business loss.

Recognition of deferred tax assets has been identified as a key audit matter because of the related complexity and subjectivity of the assessment process. The assessment process is based on assumptions affected by expected future market or economic conditions.

How the matter was addressed in our audit

Audit procedures performed by the auditors of the subsidiaries included the following:

- Obtaining the approved business plans, projected profitability statements for the existing ongoing projects.
- Evaluating the design and testing the operating effectiveness of controls over quarterly assessment of deferred tax balances and underlying data.
- Evaluating the projections of future taxable profits. Testing the underlying data and assumptions used in the profitability projections and performing sensitivity analysis. Checking other convincing evidence like definitive agreements for land / development rights and verifying the project plans in respect of new projects and review of contractual agreements with customers and estimates on unsold inventory for existing projects.

Key Audit Matters (Continued)

Key Audit Matter	How the matter was addressed in our audit
	Assessing the recoverability of deferred tax assets by evaluating profitability, subsidiaries' forecasts and fiscal developments.
	Focusing on the adequacy of the subsidiaries' disclosures on deferred tax and assumptions used.

Investments in joint ventures and an associate and loans to joint ventures (refer note 2(11), 4a and 14 to the consolidated financial statements)

Key Audit Matter

Certain of the Holding Company's subsidiaries have investments in joint ventures and an associate which are carried at cost less any diminution in value. The investments are assessed for impairment at each reporting date. The impairment assessment involves the use of estimates and judgements. The identification of impairment event and the determination of an impairment charge also require the application of significant judgement by the subsidiaries. The judgement, in particular, is with respect to the timing, quantity and estimation of projected cash flows of the real estate projects in these underlying entities.

In view of the significance of these investments and above, we consider valuation / impairment of investments in joint ventures and an associate to be a key audit matter.

How the matter was addressed in our audit

Recoverability of investments in joint ventures and an associate

Audit procedures performed by the auditors of the subsidiaries included following:

- Evaluating design and implementation and testing operating effectiveness of controls over the subsidiaries' process of impairment assessment and approval of forecasts.
- Assessing the valuation methods used, financial position of the joint ventures and an associate to identify excess of their net assets over their carrying amount of investment by the subsidiaries and assessing profit history of those joint ventures and an associate.
- For the investments where the carrying amount exceeded the net asset value, understanding from the subsidiaries regarding the basis and assumptions used for the projected profitability.
- Verifying the inputs used in the projected profitability.
- Testing the assumptions and understanding the forecasted cash flows of joint ventures and an associate based on our knowledge of the subsidiaries and the markets in which they operate.
- Assessing the comparability of the forecasts with historical information.
- Analysing the possible indications of impairment and understanding subsidiaries' assessment of those indications.
- Considering the adequacy of disclosures in respect of the investments in joint ventures and an associate.

Key Audit Matters (Continued)

Key Audit Matter

Recoverability of Loans to Joint Ventures

The Group has extended loans to joint ventures. These are assessed for recoverability at each period end.

Due to the nature of the business in the real estate industry, the subsidiaries are exposed to heightened risk in respect of the recoverability of the loans granted to its joint ventures. In addition to nature of business, there is also significant judgment involved as to the recoverability of the working capital and project specific loans. This depends on property developments projects being completed over the time period specified in agreements.

We have identified measurement of loans to joint ventures as a key audit matter because recoverability assessment involves Group's significant judgement and estimate.

How the matter was addressed in our audit

- Recoverability of Loans to Joint Ventures

 Evaluating the design and implementation
- Evaluating the design and implementation and testing operating effectiveness of key internal controls placed around the impairment assessment process of the recoverability of the loans.
- Assessing the net worth of joint ventures on the basis of latest available financial statements.
- Assessing the controls for grant of new loans and sighting the Board approvals obtained. Testing of subsidiaries' assessment of the recoverability of the loans, which includes cash flow projections over the duration of the loans. These projections are based on underlying property development appraisals.
- Tracing loans advanced / repaid during the year to bank statement.
- Obtaining independent confirmations to assess completeness and existence of loans given to joint ventures as on March 31, 2023.

Loss allowance on trade receivables – crop protection segment (refer note 2(11), 5 and 12 to the consolidated financial statements)

Key Audit Matter

Certain of the Holding Company's subsidiaries' trade receivables of crop protection segment consist of individual / small customers in different jurisdictions within India.

Accordingly, there are significant large number of customers subject to different business risk, climate risk and execution risk. The balance of loss allowance for trade receivables of crop protection segment represents the subsidiaries' best estimate at the balance sheet date of expected credit losses (ECL) under Ind AS 109.

The subsidiaries assesses the ECL allowance for these individual / small customers resulting from the possible defaults over the expected life of the receivables. ECL is assessed at each reporting date on collective basis using provision matrix.

The measurement of ECL involves significant judgements and assumptions, primarily including:

Loss rate in provision matrix depending on days past due;

- credit risk of customers and
- historical experience adjusted for future economic conditions.

How the matter was addressed in our audit

Audit procedures performed by the auditors of the subsidiaries to assess the ECL on trade receivables of crop protection segment included the following:

- Assessing the subsidiaries' accounting policy for ECL on trade receivables with applicable accounting standards;
- Testing the design, implementation and operating effectiveness of key controls over measurement of ECL on trade receivables in crop protection segment. Evaluating the processes of credit control and collection of trade receivables;
- Using IT specialists to assess and obtain comfort over ageing report. Assessing the classification of trade receivables based on such ageing report generated from system:
- Challenging the ECL estimates by examining the information used to form such estimates;
- Checking completeness and accuracy of the data used by the subsidiaries for computation of assumptions used for computing ECL on trade receivables. Assessing assumptions such as the basis of segmentation of trade receivables, historical default rate and other related factors:

Key Audit Matters (Continued)

Key Audit Matter

For measuring ECL, the subsidiaries adopted provision matrix and applied significant estimates and judgements. In addition, the exposures of the trade receivables of crop protection segment and the ECL involve significant amounts. In view of this, the assessment of ECL on trade receivables of crop protection segment has been identified as a key audit matter.

How the matter was addressed in our audit

- Obtaining independent customer confirmations on the outstanding invoices on sample (using statistical sampling) basis. Verifying balances obtained from customer with balance in the books along with applicable reconciling items. Inspecting subsequent bank receipts from customers and other relevant underlying documentation relating to closing trade receivable balances, when confirmations are not received:
- Examining historical trend of bad debts to assess the assumptions and judgements used by the subsidiaries in allowance for doubtful debts.

Assessment of impairment of Goodwill and intangible assets (refer note 3c and 43 to the consolidated financial statements)

Key Audit Matter

In case of certain of the Holding Company's subsidiaries, the Goodwill and intangible assets with indefinite useful lives is recognised pursuant to business acquisitions.

Management performs an annual impairment testing for Goodwill and intangible assets having indefinite useful lives or more frequently, if events or changes in circumstances indicate that they might be impaired.

The goodwill and intangible assets are attributable to cash generating units and is tested for impairment using a value in use model. Impairment evaluation of Goodwill and intangible assets having indefinite useful lives by management involves significant estimates and judgement, due to the inherent uncertainty involved in forecasting and discounting future cash flows.

Accordingly, this is considered as a key audit matter.

How the matter was addressed in our audit

Audit procedures performed by the auditors of the subsidiaries included following:

- Assessing the subsidiaries' accounting policy for impairment of goodwill and intangible assets with indefinite useful lives with applicable accounting standards:
- Testing the design, implementation and operating effectiveness of key controls placed around the impairment assessment process of goodwill and intangible assets;
- Assessing the indicators of impairment of goodwill and intangible assets;
- Obtaining and assessing the valuation working prepared by the management for its impairment assessment;
- Involving valuation specialists to assist in the evaluation of assumptions such as discount rate, growth rate etc. in estimating projections, cash flows and methodologies used by the subsidiaries;
- Comparing the current year's performance with the projections used in previous year;
- Assessing the sensitivity of the outcome of impairment assessment to changes in key assumptions; and
- Assessing the adequacy of disclosures in respect of such goodwill and intangible assets in accordance with the accounting standards.

Key Audit Matters (Continued)

Assessment of impairment of Goodwill - Investment Company (refer note 43 to the consolidated financial statements)

Key Audit Matter

One of the Holding Company's subsidiary has goodwill of ₹294.50 crore as at March 31, 2023 which represents goodwill acquired through business combination and allocated to cash generating unit of the Subsidiary.

A cash generating unit to which goodwill has been allocated and to which intangible assets belong to is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. Impairment of goodwill is determined by assessing the recoverable amount of each cash generating unit to which these assets relate.

Due to the significance of the carrying value of goodwill and judgment involved in performing impairment test, this matter was considered significant to our audit.

How the matter was addressed in our audit

Our audit procedures included the following:

- Obtained an understanding of the process followed by the management to determine the recoverable amounts of cash generating units to which the goodwill and intangible assets pertain to;
- We compared the future operating cash flow forecasts with the approved business plan and budgets;
- Evaluated the objectivity and independence of the specialists engaged by the Subsidiary and reviewed the valuation reports issued by such specialists;
- Evaluated the model used in determining the value in use of the cash generating units;
- Tested the arithmetical accuracy of the computation of recoverable amounts of cash generating units;
- Compared the transaction price considered for the said subsidiary shares in the transaction undertaken on 30th March 2023 vis a vis the fair value that was considered initially at the time of goodwill recognition; and
- We also assessed the disclosures provided by the Group in relation to its annual impairment test in note 43 to the financial statements.

Impairment of financial assets as at the balance sheet date (Expected Credit Loss) – housing finance business (refer note 2(11), 6, and 14 to the consolidated financial statements)

Key Audit Matter

One of the Holding Company's subsidiary has determined that the allowance for Expected Credit Loss (ECL) on loan assets has a high degree of estimation uncertainty, with a potential range of reasonable outcomes for the financial statements.

Ind AS 109 requires the subsidiary to provide for impairment of its financial assets designated at amortised cost and fair value through other comprehensive income (including loan receivables and investments) using the expected credit loss (ECL) approach. ECL involves an estimation of probability-weighted loss on financial instruments over their life, considering reasonable and supportable information about past events, current conditions, and forecasts of future economic conditions which could impact the credit quality of the subsidiary's financial assets. The key areas where they identified greater levels of management judgement and therefore increased levels of audit focus in the subsidiary's estimation of ECLs are:

How the matter was addressed in our audit

We have examined the ECL methodology of the subsidiary, which has been reviewed by the Board of Directors, and have confirmed that adjustments to the output of the ECL model is consistent with the documented methodology.

Read and assessed the subsidiary's accounting policies for impairment of financial assets and their compliance with Ind AS 109.

Our audit procedures relating to the allowance for ECL included the following, among others:

Tested the design and operating effectiveness of the internal financial controls relevant to the impairment loss allowance process, as detailed below:

 completeness and accuracy of the Exposure at Default ("EAD").

Key Audit Matters (Continued)

Key Audit Matter

- In process for or estimation of ECL for the subsidiary, the entire portfolio has been segmented into various homogenous product segments.
- The subsidiary's portfolio currently has neither a sufficiently long history nor adequate number of defaults to use own data for estimation of Probability of Default (PD). A Logistic Regression model developed on the lookalike data obtained from Experian for estimating the PD of Applicant for a 24 Month period, has been used for PD estimation.
- Bureau data for product segment during the period January 2016 to October 2017 was considered for scorecard development. The lookalike population was arrived at by considering the ticket size, location, age and peer institution. Performance was monitored for the above selected accounts from account open date, giving an outcome period of 24 months for all customers. Appropriate adjustments based on bureau data has been carried out to align the PD models to the required ECL performance period.
- The Loss Given Default (LGD) is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive, including from the realisation of any collateral. It is usually expressed as a percentage of the EAD. The Company's Portfolio is at a nascent stage and has till date had no defaults. Given the nature of the business, nascency of business and restricted observation period, a Loss Given Default (LGD) Rate has been considered based on the industry trend.
- In case of Exposure at Default (EAD), the principal outstanding for the accounts has been considered as EAD. If required, definition of the above segments can change with business expansion, change in portfolio performance or economic cycle. Each segment is further split into delinquency buckets. For each such bucket, Probability of Default (PD), Loss Given Default (LGD) and EAD are estimated. In addition to the output of the ECL models, macroeconomic overlays and adjustments are recognised by the subsidiary to align historic LGD estimates with the current collection and recovery practices.

The subsidiary has considered a management overlay of ₹ 7.37 crore (Previous year ₹ 4.87 crore) as part of its ECL, to reflect among other things an increased risk of deterioration in macro-economic factors. The management overlay is based on various uncertain variables, which could result in actual credit loss being different than that being estimated.

In view of such high degree of Management's judgement involved in estimation of ECL, it is a key audit matter.

How the matter was addressed in our audit

- appropriateness of information used in the estimation of the Probability of Default ("PD") and Loss given Default ("LGD") for the different loan portfolio.
- reconciled the total loans considered for ECL assessment with the books of accounts to ensure the completeness.
 - Performed the following substantive procedures on sample of loan assets:
- Tested categorization of loan portfolio into different segments.
- Tested the accuracy of information such as ratings and other related information used in estimating the PD.
- Reviewed the JSON file obtained from Credit Rating Agency to recompute the score as per the ECL Model provided to us. on sample basis.
- Performed inquiries with the subsidiary's Management and its risk management function to assess basis for determining the PD and LGD rates.
- Evaluated the methodology used to determine macroeconomic overlays.
- Tested the arithmetical accuracy of computation of ECL provision performed by the Company in spreadsheets.
- Assessed the disclosures included in the financial statements in respect of ECL to confirm compliance with Ind AS provisions.

Key Audit Matters (Continued)

Impairment of financial assets as at the balance sheet date (Expected Credit Loss) - business in respect of loan against property

(refer note 2(11), 6 and 14 to the consolidated financial statements)

Key Audit Matter

One of the Holding Company's subsidiary has determined that the allowance for Expected Credit Loss (ECL) on loan and advances assets has a high degree of estimation uncertainty.

Since the loans and advances form a major portion of the subsidiary's assets, and due to the significance of the judgments used in classifying loans and advances into various stages as stipulated in Indian Accounting Standard (IND AS) 109 and the management estimation of the related impairment provisions, this is considered to be a key audit matter.

The subsidiary's impairment allowance is derived from estimates including the historical default and loss ratios. Management exercises judgement in determining the quantum of loss based on a range of factors.

The most significant areas are:

- Segmentation of loan book
- Determination of exposure at default
- Loan staging criteria
- Calculation of probability of default / Loss given default
- Consideration of probability weighted scenarios and forward looking macro-economic factors

The application of ECL model requires several data inputs. This increases the risk of completeness and accuracy of the data that has been used to create assumptions in the model.

How the matter was addressed in our audit

Audit procedures performed by the auditor of the subsidiary included following:

- Evaluated appropriateness of the impairment principles used by management based on the requirements of Ind AS 109, our business understanding.
- Assessed the design and implementation of key internal financial controls over loan impairment process used to calculate the impairment charge.
- Evaluated management's controls over collation of relevant information used for determining estimates for management overlays.
- Tested review controls over measurement of impairment allowances and disclosures in financial statements.

Information Technology ("IT") Systems and Controls - Housing Finance business

Key Audit Matter

One of the Holding Company's subsidiary has a complex IT architecture to support its day-to-day business operations. Moderate volume of transactions is processed and recorded multiple applications. The reliability and security of IT systems plays a key role in the business operations of the subsidiary. Since transactions are processed on daily basis in multiple applications, IT controls are required to ensure that applications process data as expected and that changes are made in an appropriate manner.

Appropriate IT general controls and application controls are required to ensure that such IT systems are able to process the data, as required, completely, accurately and consistently for reliable financial reporting.

How the matter was addressed in our audit

Our audit procedures with respect to this matter included the following:

- Involved IT specialists as part of the audit for the purpose
 of testing the IT general controls and application controls
 (automated and semi-automated controls) to determine
 the accuracy of the information produced by the
 subsidiary's IT systems.
- Obtained an understanding of IT applications landscape implemented by the subsidiary, including an understanding of the process, mapping of applications and understanding financial risks posed by peopleprocess and technology.
- Tested operating effectiveness of key controls over user access management, change management program development, computer operations, backup.

Key Audit Matters (Continued)

Key Audit Matter	How the matter was addressed in our audit
'IT systems and controls' have been identified as a key audit matter because of the high-level of automation, significant number of systems being used by the management and the complexity of the IT architecture and its impact on the financial reporting system. Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, Business Responsibility and Sustainability Report, Report on Corporate Governance and shareholders' information, but does not include the consolidated financial statements and our auditors' report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed and based on the work done/ audit reports of other auditors, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors are responsible for the preparation and presentation of these consolidated financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group including its associates and joint ventures, in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act. The respective Board of Directors of the companies/Designated Partners of limited liability partnerships (LLP) included in the Group and its associates and joint ventures are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of each company/ LLP and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error which have been used for the purpose of preparation of the consolidated financial statements by the Board of Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies / Designated Partners of the LLPs included in the Group and, its associates and joint ventures are responsible for assessing the ability of each company / LLPs to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors / Designated Partners either intends to liquidate the company/ limited liability partnerships or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies/Designated Partners of the LLPs included in the Group and its associates and joint ventures are responsible for overseeing the financial reporting process of the Group and its associates and joint ventures.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements (Continued) Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or
 error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and
 appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is
 higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations,
 or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to the consolidated financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting in preparation of consolidated financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group, its associates and its joint ventures to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities within the Group and its associates and joint ventures to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial information/statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion. Our responsibilities in this regard are further described in paragraphs (a) and (b) of the 'Other Matters' section below in this audit report.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of the users of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements (Continued)

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other matters

- a. The consolidated financial statements include the audited financial information of one branch in United Kingdom, whose financial information reflect total assets of ₹ 0.17 crore as at March 31 2023, total revenue of ₹ Nil and total net (loss) after tax of ₹ (1.23) crore for the year ended March 31, 2023, before giving effect to consolidation adjustments as considered in the consolidated financial statements, which has been audited by its branch auditor. Report on Other Legal and Regulatory Requirements (Continued)

- (B) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on standalone/consolidated financial statements of the branch, subsidiaries, associates and joint ventures, as noted in the "Other Matters" section above:
 - a) The consolidated financial statements disclose the impact of pending litigations as at March 31, 2023 on the consolidated financial position of the Group, its associates and joint ventures - Refer Note 38 to the consolidated financial statements.
 - b) Provision has been made in the consolidated financial statements, as required under the applicable law or Ind AS, for material foreseeable losses, if any, on long term contracts including derivative contracts. Refer Note 26 to the consolidated financial statements in respect of such items as it relates to the Group, its associates and joint ventures.
 - c) There has been no delay in transferring amounts to the Investor Education and Protection Fund by the Holding Company or its subsidiary companies, associate companies and joint venture companies incorporated in India during the year ended March 31, 2023.
 - d) (i) The Management has represented that, to the best of it's knowledge and belief, as disclosed in note 55 to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or its subsidiary companies, associate companies and joint venture companies incorporated in India to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company or its subsidiary companies, associate companies and joint venture companies incorporated in India ("Ultimate Beneficiaries") or provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.
 - (ii) The Management has represented that, to the best of it's knowledge and belief, no funds have been received by the Holding Company or its subsidiary companies, associate companies and joint venture companies incorporated in India from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company or its subsidiary companies, associate companies and joint venture companies incorporated in India shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (iii) Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (d)(i) and (d)(ii) above, contain any material misstatement.
 - e) The dividend paid during the year by two subsidiary companies of the Group is in compliance with Section 123 of the Act.

The Board of Directors of two subsidiary companies have proposed final dividend for the year which is subject to the approval of the members at respective ensuing Annual General Meeting. The amount of dividend proposed is in accordance with section 123 of the Act, as applicable.

The Holding Company and its other subsidiary companies, associate companies and joint venture companies incorporated in India neither declared nor paid any dividend during the year.

- f) As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable for the Holding Company or any of such subsidiary companies, associate companies and joint ventures only with effect from April 01, 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014, is not applicable.
- (C) With respect to the matter to be included in the Auditor's Report under Section 197 (16) of the Act, as amended, in our opinion and according to the information and explanations given to us and based on the reports of the statutory auditors of such subsidiary companies, associate companies and joint venture companies incorporated in India which were not audited by us, the remuneration paid during the current year by the Holding Company and its subsidiary companies, associate companies and joint venture companies incorporated in India, to its directors is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director by the Holding Company and its subsidiary companies, associate companies and joint venture companies incorporated in India is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

Annexure B to the Independent Auditors' Report

The Annexure referred to in Paragraph 2 (A) (g) under 'Report on Other Legal and Regulatory Requirements' of our Independent Auditor's Report to the members of the Holding Company on the consolidated financial statements for the year ended March 31, 2023.

Report on the Internal Financial Controls with reference to the aforesaid consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of Godrej Industries Limited ("the Holding Company") and its subsidiaries, its associates and its joint ventures as of and for the year ended March 31, 2023, we have audited the internal financial controls with reference to consolidated financial statements of the Holding Company and have consolidated the reporting on internal financial controls with reference to financial statements of its subsidiaries, associates and joint venture companies incorporated in India, which have been furnished to us by the Management for our reporting on consolidated financial statements as of that date.

Management's Responsibility for Internal Financial Controls

The respective company's Board of Directors are responsible for establishing and maintaining internal financial controls with reference to consolidated financial statements based on the criteria established by the respective company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to consolidated financial statements, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of the internal controls based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the relevant subsidiary companies, associate companies and joint venture companies in terms of their audit reports referred to in Other Matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements.

Meaning of Internal Financial Controls with reference to Consolidated financial statements

A company's internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of

records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls with reference to consolidated financial statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial controls with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and based on the consideration of the audit reports of the other auditors on internal financial controls with reference to Standalone/Consolidated Financial Statements of its subsidiary companies, its associate companies and its joint venture companies, the Holding Company and such companies incorporated in India which are its subsidiary companies, its associate companies and its joint venture companies, have, in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls were operating effectively as at March 31, 2023, based on the internal financial controls with reference to consolidated financial statements criteria established by such companies considering the essential components of such internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Other Matter

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to consolidated financial statements in so far as it relates to twenty five subsidiary companies, one associate company and sixteen joint venture companies, which are companies incorporated in India, is based on the corresponding audit reports of the auditors of such companies incorporated in India.

Our opinion is not modified in respect of above matter.

Note 1: General Information

1. Group Overview

Godrej Industries Limited ("the Company") including its Subsidiaries, and interests in Joint Ventures, Associates and Limited Liability Partnerships (collectively referred to as "the Group"), is engaged in the business of Chemicals, Agri Inputs, Estate and Property Development, Vegetable Oil, Finance and Investments, Dairy, Animal Feeds, and other related activities. The Company is domiciled and incorporated in the Republic of India with its registered address situated at Godrej One, Pirojshanagar, Vikhroli (East), Mumbai - 400079 and is listed on BSE Limited and The National Stock Exchange of India Limited (NSE).

2. Basis of preparation

The Consolidated Financial Statements of the Group have been prepared on an accrual basis to comply in all material aspects with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016 and other generally accepted accounting principles in India, under the historical cost convention except for the following:

- certain financial assets and liabilities (including derivative instruments) that are measured at fair value (refer accounting policy regarding financial instruments).
- asset held for sale and biological assets measured at fair value less cost to sell;
- defined benefit plans- plan assets measured at fair value less present value of defined benefit obligation; and
- share based payments measured at fair value.

The consolidated financial statements have been prepared on a going concern basis. The accounting policies are applied consistently to all the periods presented in the consolidated financial statements.

All assets and liabilities have been classified as current or non-current as per the normal operating cycle of each entity in the Group and other criteria as set out in Division II of Schedule III to the Companies Act, 2013. Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Group has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities except for under construction real estate projects.

The normal operating cycle in respect of operations relating to under construction real estate projects depends on signing of agreement, size of the project, phasing of the project, type of development, project complexities, approvals needed & realization of project into cash & cash equivalents and range from 3 to 7 years. Accordingly, project related assets & liabilities have been classified into current & non-current based on operating cycle of respective projects.

The consolidated financial statements of the Group for the year ended March 31, 2023 were approved for issue in accordance with the resolution of the Board of Directors on May 19, 2023.

3. Functional and presentation currency

The consolidated financial statements are presented in Indian rupees, which is the Group's functional currency. All financial information presented in Indian rupees have been rounded to the nearest crore, unless otherwise indicated.

Key estimates and assumptions

The preparation of consolidated financial statements requires Management to make judgments, estimates and assumptions in the application of accounting policies that affect the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Continuous evaluation is done on the estimation and judgments based on historical experience and other factors, including expectations of future events that are believed to be reasonable.

Information about critical judgments in applying accounting policies that have the most significant effect on the carrying amounts of assets and liabilities, are as follows:

- Evaluation of satisfaction of performance obligation at a point in time for the purpose of revenue recognition

Note 1 : General Information (Continued)

Determination of revenue under the satisfaction of performance obligations at a point in time necessarily involves making estimates, some of which are of a technical nature, concerning, where relevant, the percentages of completion, costs to completion, the expected revenues from the project or activity and the foreseeable losses to completion. Estimates of project income, as well as project costs, are reviewed periodically. The effect of changes, if any, to estimates is recognised in the consolidated financial statements for the period in which such changes are determined.

- Determination of the estimated useful lives of property plant and equipments and intangible assets and the assessment as to which components of the cost may be capitalized (Refer note 2.1).
- Impairment of Property, Plant and Equipment, Financial assets (Refer note 2.6) and Other Non-Financial Assets (Refer note 9 and 16)
- Recognition and measurement of defined benefit obligations (Refer note 46)
- Recognition of deferred tax assets (Refer note 2.26, 44 IV)
- Fair valuation of employee share options (Refer note 46)
- Recognition and measurement of other provisions (Refer note 21 and 28)
- Rebate and Sales Incentives (Refer note 2.18)
- Fair value of financial instruments (Refer note 49)
- Provisions and Contingent Liabilities (Refer note 2.17 and 38)
- Evaluation of Control (Refer note 40)
- Leases (Refer note 45)

5. Standards issued but not yet effective

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Rules, 2015 by issuing the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1, 2023, as below:

Ind AS 1 – Presentation of Financial Statements

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general purpose financial statements. The Company does not expect this amendment to have any significant impact in its financial statements.

Ind AS 12 - Income Taxes

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Group does not expect this amendment to have any significant impact in its consolidated financial statements.

Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors

The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Group does not expect this amendment to have any significant impact in its consolidated financial statements.

None of the amendments notified by MCA, which are applicable from April 1, 2023, are expected to have any material impact on the financial statements of the Group.

Note 1 : General Information (Continued)

6. Measurement of fair values

The Group's accounting policies and disclosures require the measurement of fair values for financial instruments.

The Group has an established control framework with respect to the measurement of fair values. The management regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the management assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which such valuations should be classified.

When measuring the fair value of a financial asset or a financial liability, the Group uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Group recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

7. Basis of Consolidation

(i) Subsidiaries

Subsidiaries are all entities (including special purpose entities) that are controlled by the Company. Control exists when the Group is exposed to, or has the ability to affect those returns through power over the entity. In assessing control, potential voting rights are considered only if the rights are substantive. The financial statements of subsidiaries are included in these consolidated financial statements from the date that control commences until the date that control ceases.

The consolidated financial statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances. The accounting policies adopted in the preparation of the consolidated financial statements are consistent with those of previous year. The financial statements of the Company and its subsidiaries have been combined on a line-by-line basis by adding together the values of like items of assets, liabilities, income and expenses, after eliminating intra-group balances, intra-group transactions and the unrealised profits/ losses, unless cost/revenue cannot be recovered.

The excess of cost to the Group of its investment in subsidiaries, on the acquisition dates over and above the Group's share of equity in the subsidiaries, is recognised as 'Goodwill on Consolidation' being an asset in the consolidated financial statements. The said Goodwill is not amortised, however, it is tested for impairment at each Balance Sheet date and the impairment loss, if any, is provided for. Where the share of equity in subsidiaries as on the date of investment is in excess of cost of investments of the Group, it is recognised as 'Capital Reserve' and shown under the head 'Reserves and Surplus' in the consolidated financial statements.

Non-controlling interests in the net assets of consolidated subsidiaries is identified and presented in the consolidated Balance Sheet separately within equity.

Non-controlling interests in the net assets of consolidated subsidiaries consists of:

(a) The amount of equity attributable to non-controlling interests at the date on which investment in a subsidiary is made; and

Note 1 : General Information (Continued)

(b) The non-controlling interests share of movements in equity since the date parent subsidiary relationship came into existence.

The profit and other comprehensive income attributable to non-controlling interests of subsidiaries are shown separately in the Statement of Profit and Loss and Statement of Changes in Equity.

Upon loss of control, the Group derecognises the assets and liabilities of the subsidiary, any non- controlling interests and the other components of equity related to the subsidiary. Any surplus or deficit arising on the loss of control is recognised in the consolidated statement of Profit & Loss. If the Group retains any interest in the previous subsidiary, then such interest is measured at fair value at the date that control is lost and the differential is recognised in Statement of Profit or Loss. Subsequently, it is accounted for as an equity-accounted investee depending on the level of influence retained.

(ii) Associates and joint ventures (equity accounted investees)

Associates are those entities over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the entities but is not control or joint control of those policies.

Joint arrangements are those arrangements over which the Group has joint control, established by contractual agreement and requiring unanimous consent for strategic financial and operating decisions. Investments in associates and joint ventures entities are accounted for using the equity method (equity accounted investees) and are initially recognised at cost. The carrying value of the Group's investment includes goodwill identified on acquisition, net of any accumulated impairment losses. The Group does not consolidate entities where the non-controlling interest ("NCI") holders have certain significant participating rights that provide for effective involvement in significant decisions in the ordinary course of business of such entities. Investments in such entities are accounted by the equity method of accounting. When the Group's share of losses exceeds its interest in an equity accounted investee, the carrying amount of that interest (including any long-term investments) is reduced to zero and the recognition of further losses is discontinued except to the extent that the Group has an obligation or has made payments on behalf of the investee. If the associate or joint venture subsequently reports profits, the entity resumes recognising its share of those profits only after its share of the profits equals the share of losses not recognised.

After application of the equity method, the Group determines whether it is necessary to recognise an impairment loss on its investment in its associate or joint venture. At each reporting date, the Group determines whether there is objective evidence that the investment in the associate or joint venture is impaired. If there is such evidence, the Group calculates the amount of impairment as the difference between the recoverable amount of the associate or joint venture and its carrying value, and then recognises the loss as part of 'Share of profit of an associate and a joint venture' in the statement of profit or loss.

(iii) Acquisition of non-controlling interests

Acquisition of some or all of the non-controlling interest ("NCI") is accounted for as a transaction with equity holders in their capacity as equity holders. Consequently, the difference arising between the fair value of the purchase consideration paid and the carrying value of the NCI is recorded as an adjustment to Statement of changes in equity that is attributable to the parent company. The associated cash flows are classified as financing activities. No goodwill is recognised as a result of such transactions.

(iv) Transactions eliminated on consolidation

Intra-group balances and transactions, and any unrealised income and expenses arising from intra-group transactions, are eliminated in full while preparing these consolidated financial statements. Unrealised gains or losses arising from transactions with equity accounted investees are eliminated against the investment to the extent of the Group's interest in the investee.

8. Business Combinations

Note 1 : General Information (Continued)

Business combinations are accounted for using the acquisition accounting method as at the date of the acquisition, which is the date at which control is transferred to the Group. The consideration transferred in the acquisition and the identifiable assets acquired and liabilities assumed are recognised at fair values on their acquisition date. Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. The Group recognises any non-controlling interest in the acquired entity on an acquisition-by-acquisition basis either at fair value or at the non-controlling interest's proportionate share of the acquired entity's net identifiable assets. Consideration transferred does not include amounts related to settlement of pre-existing relationships. Such amounts are recognised in the Statement of Profit and Loss.

Transaction costs are expensed as incurred, other than those incurred in relation to the issue of debt or equity securities. Any contingent consideration payable is measured at fair value at the acquisition date. Subsequent changes in the fair value of contingent consideration are recognised in the Statement of Profit and Loss.

Business combinations arising from transfer of interests in entities that are under common control are accounted for based on pooling of interests method where the assets and liabilities of the acquiree are recorded at their existing carrying values. The identity of reserves of the acquiree is preserved and the difference between consideration and the face value of the share capital of the acquiree is transferred to capital reserve, which is shown separately from other capital reserves.

Note 2: Significant Accounting Policies

1. Property, Plant and Equipment (PPE)

(i) Recognition and measurement

Property, plant and equipment are measured at Original cost net of tax / duty credit availed less accumulated depreciation and accumulated impairment losses, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Advances paid towards the acquisition of PPE outstanding at each reporting date are classified as capital advances under Other Non-Current Assets and Property, plant and equipment which are not ready for intended use as on the date of Balance Sheet are disclosed as "Capital work-in-progress".

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Property, Plant and Equipment are de-recognised from consolidated financial statements on disposal and gains or losses arising from disposal are recognised in the consolidated Statement of Profit and Loss in the year of occurrence.

(ii) Subsequent expenditure

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the Consolidated Statement of Profit and Loss during the period in which they are incurred.

When significant parts of Property, Plant and equipments are required to be replaced, the Group derecognises the replaced part and recognises the new part with its own associated useful life and it is depreciated accordingly.

(iii) Depreciation

Depreciation is provided, under the Straight Line Method, pro rata to the period of use, based on useful lives specified in Schedule II to the Companies Act, 2013 except where the Group, based on technical evaluation, the condition of the plants, regular maintenance schedule, material of construction and past experience, has considered useful life of the following items of PPE different from that prescribed in Schedule II to the Act.

Note 2 : Significant Accounting Policies (Continued)

Category	: Useful life
Plant and Equipments	: 7.5 to 30 years
Vehicles	: 3 to 13 years
Computer Hardware	: Depreciated over the estimated useful life of 4 years
Leasehold improvements	: Lower of the useful life or Lease period

Depreciation on Property, Plant and Equipment of Subsidiaries engaged in the business of Property development has been provided as per the written down value method based on the useful lives specified in Schedule II to the Companies Act, 2013.

Assets costing less than INR 5,000 are depreciated at 100% in the year of acquisition.

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

2. Investment Property

(i) Recognition and measurement

Investment Property comprise of Freehold Land and Building.

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

Though the Group measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on an annual evaluation performed by an accredited external independent valuer.

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in the Consolidated Statement of Profit and Loss in the period of derecognition.

(ii) Depreciation

Depreciation on Buildings classified as Investment Property is provided, under the Straight Line Method, pro rata to the period of use, based on useful lives specified in Schedule II to the Companies Act, 2013.

3. Intangible Assets

(i) Recognition and measurement

Intangible assets are recognised when it is probable that future economic benefits that are attributable to assets will flow to the Group and the cost of the assets can be measured reliably.

Intangible assets are initially measured at cost and are subsequently measured at cost less accumulated amortization (other than goodwill and indefinite life intangibles) and any accumulated impairment losses.

Gain or loss arising from derecognition of an intangible asset is recognised in the Consolidated Statement of Profit and Loss.

(ii) Amortisation

Intangible assets are amortised over their estimated useful life on Straight Line Method. The useful life of intangible assets are assessed as either finite or indefinite. The amortisation period and the amortisation method for an intangible asset with finite useful life are reviewed at the end of each reporting period. Changes in the expected useful life or expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. Indefinite life intangibles are not amortised but are tested for impairment annually and whenever there is an indication that the intangible asset may be impaired.

Note 2 : Significant Accounting Policies (Continued)

Intangible assets are amortised as follows:

Category	Useful life
Trademark	: 10 to 20 years
Product Registration	: 6 years
Computer Software	: 3 to 10 years

Intangible assets with indefinite useful life are not amortised but are tested for impairment annually and whenever there is an indication that the intangible asset may be impaired. An intangible asset that is not being amortised shall be reviewed each period to determine whether events and circumstances continue to support an indefinite useful life assessment for that asset.

4. Research and Development Expenditure

Revenue expenditure on Research & Development is charged to the Consolidated Statement of Profit and Loss of the year in which it is incurred. Capital expenditure incurred during the year on Research & Development is included under additions to Property, Plant and Equipment and is depreciated on the same basis as other Property, Plant and Equipment.

5. Biological Assets

Biological assets are measured at fair value less costs to sell, with any change therein recognised in the Consolidated Statement of Profit or Loss.

6. Impairment of non-financial assets

The carrying values of assets / cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists.

If the carrying amount of the assets exceed the estimated recoverable amount, impairment is recognised for such excess amount. The impairment loss is recognised as an expense in the Consolidated Statement of Profit and Loss, unless the asset is carried at revalued amount, in which case any impairment loss of the revalued asset is treated as a revaluation decrease to the extent a revaluation reserve is available for that asset.

Goodwill on business combinations and indefinite life intangibles are included in intangible assets. These are not amortised but are tested for impairment annually or more frequently if events or changes in circumstances indicate that they might be impaired. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor.

When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods which no longer exists or may have decreased, such reversal of impairment loss is recognised in the Consolidated Statement of Profit and Loss only, to the extent the amount was previously charged to the Consolidated Statement of Profit and Loss. In case of revalued assets, such reversal is not recognised. An impairment loss recognised for goodwill shall not be reversed in a subsequent period.

7. Inventories

Inventories are measured at the lower of cost and net realisable value. The cost of inventories is determined using the weighted average method. In the case of manufactured inventories and work in progress, cost includes an appropriate share of production overheads based on normal operating capacity.

Slow and non-moving material, obsolescence, defective inventories are duly provided for and valued at lower of cost and net realizable value. Goods and materials in transit are valued at actual cost incurred upto the date of balance sheet. Materials and supplies held for use in the production of inventories are not written down if the finished products in which they will be used are expected to be sold at or above cost.

Land development project in progress includes cost of land, development management fees, construction cost, allocated interest and expenses attributable to the construction of the project undertaken by the Group.

Note 2 : Significant Accounting Policies (Continued)

If payment for inventory is deferred beyond normal credit terms, then cost is determined by discounting the future cash flows at an interest rate determined with reference to market rates. The difference between the total cost and the deemed cost is recognised as interest expense over the period of financing under the effective interest method.

Inventories comprising of completed flats and construction Work-in-Progress are valued at lower of cost or net realizable value.

Construction Work in Progress includes cost of land, premium for development rights, construction costs, allocated interest and expenses incidental to the projects undertaken by the Group.

8. Cash and Cash equivalents

Cash and cash equivalents in the balance sheet comprise cash on hand, bank balances and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the Consolidated Statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Group's cash management.

9. Grants and Subsidies

Grants are recognised when there is reasonable assurance that the grant will be received and all attached conditions will be complied with.

When the grant relates to an asset, the cost of the asset is shown at gross value and grant thereon is treated as a deferred grant which is recognised as income in the Consolidated Statement of Profit and Loss over the period and in proportion in which depreciation is charged.

Revenue grants are recognised in the Consolidated Statement of Profit and Loss in the same period as the related cost which they are intended to compensate are accounted for.

10. Assets held for Sale

Non-current assets or disposal groups comprising of assets and liabilities are classified as 'held for sale' when all of the following criteria's are met: (i) decision has been made to sell. (ii) the assets are available for immediate sale in its present condition. (iii) the assets are being actively marketed and (iv) sale has been agreed or is expected to be concluded within 12 months of the Balance Sheet date.

Subsequently, such non-current assets and disposal groups classified as held for sale are measured at the lower of its carrying value and fair value less costs to sell. Non-current assets held for sale are not depreciated or amortised.

11. Financial Assets

(i) Initial recognition and measurement

Financial assets are recognised when the Group becomes a party to the contractual provisions of the instrument.

On initial recognition, a financial asset is recognised at fair value, in case of financial assets which are recognised at fair value through profit and loss (FVTPL), its transaction cost are recognised in the consolidated Statement of Profit and Loss. In other cases, the transaction cost are attributed to the acquisition value of the financial asset.

(ii) Classification and subsequent measurement

Financial assets are subsequently classified as measured at

- amortised cost
- fair value through profit and loss (FVTPL)

Note 2 : Significant Accounting Policies (Continued)

fair value through other comprehensive income (FVOCI).

Financial assets are not reclassified subsequent to their recognition, except if and in the period the Group changes its business model for managing financial assets.

(iii) Trade Receivables and Loans:

Trade receivables are initially recognised at transaction price (as defined in Ind AS 115). Subsequently, these assets are held at amortised cost, using the effective interest rate (EIR) method net of any expected credit losses. The EIR is the rate that discounts estimated future cash income through the expected life of financial instrument.

(iv) Debt Instruments

Debt instruments are initially measured at amortised cost, fair value through other comprehensive income ('FVOCI') or fair value through profit or loss ('FVTPL') till derecognition on the basis of (i) the entity's business model for managing the financial assets and (ii) the contractual cash flow characteristics of the financial asset.

- (a) Measured at amortised cost: Financial assets that are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows that are solely payments of principal and interest, are subsequently measured at amortised cost using the effective interest rate ('EIR') method less impairment, if any. The amortisation of EIR and loss arising from impairment, if any is recognised in the Consolidated Statement of Profit and Loss.
- (b) Measured at fair value through other comprehensive income: Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognized in the other comprehensive income (OCI). Interest income measured using the EIR method and impairment losses, if any are recognised in the Consolidated Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognised in OCI is reclassified from the equity to 'other income' in the Consolidated Statement of Profit and Loss.
- (c) Measured at fair value through profit or loss: A financial asset not classified as either amortised cost or FVOCI, is classified as FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised as 'other income' in the Consolidated Statement of Profit and Loss.

(v) Equity Instruments

All investments in equity instruments classified under financial assets are initially measured at fair value, the Group may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL.

The Group makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument is recognised as other income in the Consolidated Statement of Profit and Loss unless the Group has elected to measure such instrument at FVOCI. Fair value changes excluding dividends, on an equity instrument measured at FVOCI are recognized in OCI. Amounts recognised in OCI are not subsequently reclassified to the Consolidated Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised as 'other income' in the Consolidated Statement of Profit and Loss.

(vi) Derecognition

The Group derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the contractual rights to receive the cash flows from the asset.

(vii) Impairment of Financial Assets for other than Property Development Business

Expected credit losses are recognized for all financial assets subsequent to initial recognition other than financial assets in FVTPL category.

For financial assets other than trade receivables, as per Ind AS 109, the Group recognises 12 month expected credit

Note 2 : Significant Accounting Policies (Continued)

losses for all originated or acquired financial assets if at the reporting date the credit risk of the financial asset has not increased significantly since its initial recognition. The expected credit losses are measured as lifetime expected credit losses if the credit risk on financial asset increases significantly since its initial recognition. The Groups trade receivables do not contain significant financing component and loss allowance on trade receivables is measured at an amount equal to life time expected losses i.e. expected cash shortfall.

The impairment losses and reversals are recognised in Consolidated Statement of Profit and Loss.

Impairment of financial assets for Property Development business

The Group applies 'simplified approach' measurement and recognition of impairment loss on the following financial assets and credit risk exposure

- Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, and bank balance.
- Trade receivables.

The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime expected credit loss at each reporting date, right from its initial recognition.

Measurement of impairment of Financial assets for Financing business

i) Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit and loss, transaction costs that are attributable to the acquisition of the financial asset.

The financial assets include investments in mutual funds, trade and other receivables, loans and advances and cash and bank balances.

ii) Subsequent measurement

For the purpose of subsequent measurement, financial assets are classified in the following categories:

- At amortised cost, and
- At fair value through other comprehensive income (FVOCI), and
- At fair value through profit and loss (FVTPL).

Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold the asset for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial Assets at Amortised Cost

Financial assets at amortised cost include loans receivable, and other financial assets that are held with the objective of collecting contractual cash flows. After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate (EIR). The effective interest rate (EIR) amortisation is included in interest income in the statement of profit and loss.

Note 2 : Significant Accounting Policies (Continued)

Fair value through other comprehensive income (FVOCI)

Financial assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVOCI. Movements in the carrying amount are taken through other comprehensive income ("OCI"), except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in the statement of profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to the Statement of profit and loss and recognised in other gains/(losses) (net). Interest income from these financial assets is included in other income using the effective interest rate (EIR) method.

Fair value through Profit and Loss (FVTPL)

Financial assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit and loss ('FVTPL').

iii) Reclassifications

Financial assets are not reclassified subsequent to their initial recognition, except in the period in which the group changes its business model for managing financial assets.

iv) Impairment

The provision for credit risks, which is recognized in accordance with the expected credit loss method specified by Ind AS 109 and in accordance with uniform standards applied, encompasses all financial assets measured at amortised cost. The calculation of the provision for credit risks generally takes into account the exposure at default, the probability of default and the loss given default.

Financial assets are subject to credit risks, which are taken into account by recognising the amount of the expected loss; such allowances are recognised for both financial assets with objective evidence of impairment and non-impaired financial assets.

The general approach is used for financial assets measured at amortised cost on initial recognition. Financial assets are broken down into three stages in the general approach.

Stage 1 consists of financial assets that are being recognised for the first time or that have not demonstrated any significant increase in probability of default since initial recognition. In this stage, the model requires the calculation of an expected credit loss for the next twelve months.

Stage 2 consists of financial assets for which there is a significant increase in credit risk. The group assumes that the credit risk on a financial asset has increased significantly if it is more than 30 days past due.

Stage 3 Financial assets demonstrating objective indications of impairment are allocated to stage 3. The Group assumes that the financial asset is credit impaired if it is more than 90 days past due.

In stage 2 and 3, an expected credit loss is calculated for the entire remaining maturity of the asset.

The group considers a financial asset to be in default when:

- the borrower is unlikely to pay its credit obligations to the group in full or in part, without recourse by the group to actions such as realizing security (if any is held): or
- the financial asset is more than 90 days past due.

Both historical information, such as average historical default probabilities for each portfolio, and forward-looking information is used to determine the measurement parameters for calculating the provision for credit risks.

Note 2 : Significant Accounting Policies (Continued)

Impairment arises in a number of situations, such as delayed payment over a certain period, the initiation of enforcement measures, the threat of insolvency or over indebtedness, application for or the initiation of insolvency proceedings, or the failure of restructuring measures.

Reviews are regularly carried out to ensure that the allowances are appropriate. Uncollectible loans or receivables that are already subject to a workout process and for which all collateral has been recovered and all further options for recovering the loan or receivable have been exhausted are written off directly. Any valuation allowances previously recognised are utilised. Income subsequently collected in connection with loans or receivables already written off is recognised in the statement of profit and loss.

Loans are reported in the balance sheet at the net off Expected Credit Loss (ECL) provision.

Measurement of ECL

The mechanics of the ECL calculations are outlined below and the key elements are, as follows:

The Probability of Default (PD) is an estimate of the likelihood of default over a given time horizon. A default may only happen at a certain time over the assessed period, if the facility has not been previously derecognised and is still in the portfolio.

The Exposure at Default (EAD) is an estimate of the exposure at a future default date, taking into account expected changes in the exposure after the reporting date of repayments of principal and interest.

The Loss Given Default (LGD) is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive, including from the realisation of any collateral. It is usually expressed as a percentage of the EAD.

When estimating the ECL, the group adds a management override to account for stressed scenarios which are then reviewed on a periodic basis. This takes into account the expected inherent risk for different segments in the portfolio and the macro economic environment. The assumptions are periodically validated and modified as appropriate.

Impairment losses and releases are accounted for and disclosed separately from modification losses or gains that are accounted for as an adjustment of the financial asset's gross carrying value.

v) Write - offs

Financial assets are written off either partially or in their entirety when the group has no reasonable expectations of recovery. This is generally the case when the group determines that the borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts. If the amount to be written off is greater than the accumulated loss allowance, the difference is first treated as an addition to the allowance that is then applied against the gross carrying amount. Any subsequent recoveries are credited to impairment of financial instruments in the statement of profit and loss. However, financial assets that are written off may be subject to enforcement activities to comply with the group's procedures for recovery of amounts due.

Judgement is required by management in the estimation of the amount and timing of future cash flows when determining an impairment loss for loans and advances in new businesses. In estimating these cash flows, the group makes judgements about the borrower's financial situation compare the borrower's profile with customers having similar profile to estimate probability of default and the net realisable value of collateral, if any. These estimates are based on assumptions about a number of factors including forward looking information, and actual results may differ, resulting in future changes to the impairment allowance.

12. Financial Liabilities

(i) Initial recognition and measurement

Financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instrument. Financial liabilities are recognised initially at fair value, in the case of Loans and Borrowings and payables, net of directly attributable transaction costs.

Note 2 : Significant Accounting Policies (Continued)

(ii) Classification and subsequent measurement

Financial liabilities are subsequently measured at amortised cost using the EIR (Effective Interest Rate) method or are measured at fair value through profit and loss with changes in fair value being recognised in the Statement of Profit and Loss.

(iii) Derecognition

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and recognition of a new liability. The difference in the respective carrying amounts is recognised in the Consolidated Statement of Profit and Loss.

13. Financial guarantee contracts

Financial guarantee contracts issued by the Group are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind-AS 109 and the amount recognised less cumulative amortisation.

14. Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

15. Derivative financial instruments

The Group uses derivative financial instruments, such as forward currency contracts and interest rate swaps, to hedge its foreign currency risks and interest rate risks respectively. The Group also uses commodity futures contracts to hedge the exposure to oil price risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. The accounting for subsequent changes in fair value depends on whether the derivative is designated as a hedging instrument, and if so, the nature of item being hedged and the type of hedge relationship designated.

Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Cash flow hedges that qualify for hedge accounting

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognized in the other comprehensive income in cash flow hedging reserve within equity, limited to the cumulative change in fair value of hedged item on a present value basis from the inception of hedge. The gain or loss relating to the effective portion is recognized immediately in the Consolidated Statement of Profit and Loss.

Amounts accumulated in equity are reclassified to the Consolidated Statement of Profit and Loss in the periods when the hedged item affects profit or loss.

16. Share Capital

(i) Ordinary equity shares

Incremental costs directly attributable to the issue of ordinary equity shares, are recognized as a deduction from equity.

Note 2 : Significant Accounting Policies (Continued)

17. Provisions and Contingent Liabilities

Provisions are recognized when the Group has a present obligation as a result of a past event; it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and when a reliable estimate of the amount of the obligation can be made. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date. The expenses relating to a provision is presented in the Consolidated Statement of Profit and Loss net of any reimbursement.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows specific to the liability. The unwinding of the discount is recognised as finance cost.

A provision for onerous contracts is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, the Group recognises any impairment loss on the assets associated with that contract.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

A contingent asset is not recognised but disclosed in the consolidated financial statements where an inflow of economic benefit is probable.

Capital Commitments includes the amount of purchase order (net of advance) issued to parties for completion of assets. Provisions, contingent assets, contingent liabilities and commitments are reviewed at each Balance Sheet date.

18. Revenue Recognition

Revenue from contracts with customers

Revenue from operations comprise sales of goods after the deduction of discounts, goods and service tax and estimated returns. Discounts given by the Group includes trade discounts, volume rebates and other incentives given to the customers. Accumulated experience is used to estimate the provision for discounts. Revenue is only recognized to the extent that it is highly probable a significant reversal will not occur.

As per provision of IND AS 115- 'Revenue from Contracts with Customer- ', revenue is recognised on transfer of control of goods or services to a customer at an amount that reflects the consideration to which the Company is expected to be entitled to in exchange for those goods or services. Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold, and services rendered is net of variable consideration on account of discounts offered by the Company as part of the contractual obligation. Revenue (net of variable consideration) is recognised only to the extent that it is highly probable that the amount will not be subject to significant uncertainty regarding the amount of consideration that will be derived from the sale of goods. The performance obligation in case of sale of goods is satisfied at a point in time i.e., when the material is shipped to the customer or on delivery to the customer, as may be specified in the contract.

Sales are recognised when goods are supplied and control over the goods sold is transferred to the buyer which is on dispatch / delivery as per the terms of contracts. Sales are net of returns, trade discounts, rebates and sales taxes / Goods and Service Tax (GST).

Income from processing operations is recognised on completion of production / dispatch of the goods, as per the terms of contract.

Other Operating revenues

Rental Income arising from operating leases on investment properties is accounted for on a straight line basis over the lease term and is included in revenue in the Consolidated Statement of Profit and Loss due to its operating nature.

Dividend income, including share of profit in LLP, is recognised when the right to receive the same is established, it is probable that the economic benefits associated with the dividend will flow to the Group, and the amount of dividend can be measured reliably.

Note 2 : Significant Accounting Policies (Continued)

Export Incentives are accrued when there is reasonable assurance that they will be received and the Group will comply with the conditions associated with such incentives.

Other Income

Income on assets given on operating lease is recognised on a straight line basis over the lease term in the Consolidated Statement of Profit and Loss.

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR), which is the rate that discounts the estimated future cash payments or receipts through the expected life of the financial instruments or a shorter period, where appropriate, to the net carrying amount of the financial assets. Interest income is included in other income in the Consolidated Statement of Profit and Loss.

19. Revenue Recognition for Property Development

The Group also derives revenues from sale of properties comprising of both commercial and residential units.

The Group recognises revenue when it determines the satisfaction of performance obligations at a point in time. Revenue is recognised upon transfer of control of promised products to customer in an amount that reflects the consideration which the Group expects to receive in exchange for those products.

In arrangements for sale of units the Group has applied the guidance in Ind AS 115, Revenue from contracts with customers, by applying the revenue recognition criteria for each distinct performance obligation. The arrangements with customers generally meet the criteria for considering sale of units as distinct performance obligations. For allocating the transaction price, the Group has measured the revenue in respect of each performance obligation of a contract at its relative standalone selling price. The price that is regularly charged for an item when sold separately is the best evidence of its standalone selling price. The transaction price is also adjusted for the effects of the time value of money if the contract includes a significant financing component. Any consideration payable to the customer is adjusted to the transaction price, unless it is a payment for a distinct product or service from the customer.

For sale of units the Group recognises revenue when its performance obligations are satisfied and customer obtains control of the asset.

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Contract Liability is recognised when there is billing in excess of revenue and advance received from customers.

The Group has been entering into Development and Project Management agreements with land-owners. Accounting for income from such projects, measured at fair value, is done on accrual basis as per the terms of the agreement.

The Group receives maintenance amount from the customers and utilises the same towards the maintenance of the respective projects. Revenue is recognised to the extent of maintenance expenses incurred by the Group towards maintenance of respective projects. Balance amount of maintenance expenses to be incurred is reflected as liability under the head other current liabilities.

20. Revenue recognistion of Housing Finance Business

Interest income is presented in the statement of profit and loss includes interest on financial assets measured at amortised cost calculated on an effective interest basis. Fee income and expense that are integral to the effective interest rate on a financial asset are included in the effective interest rate computation. The amortization of income and expenses for financial assets under EIR approach is done on a systematic basis that exactly discounts estimated future cash flows of the financial assets through the expected life of the assets.

The interest income is calculated by applying the EIR to the gross carrying amount of non-credit impaired financial assets. (i.e. at the amortised cost of the financial asset before adjusting for any expected credit loss allowance). For credit-impaired financial assets the interest income is calculated applying the EIR to the amortised cost of the credit-impaired financial asset (i.e. the gross carrying amount less the allowances for ECLs).

Note 2 : Significant Accounting Policies (Continued)

Commissions earned by the group which are not directly attributable to disbursal of loans are recognised in the statement of profit and loss as and when incurred.

Fee and commission income include fees other than those that are an integral part of EIR. The group recognises the fee and commission income in accordance with the terms of the relevant contracts / agreement and when it is probable that the group will collect the consideration.

21. Employee Benefits

(i) Short-Term Employee Benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits. Short Term benefits such as salaries, performance incentives, etc., are recognized as an expense at the undiscounted amount in the Consolidated Statement of Profit and Loss of the year in which the employee renders the related service.

The Group has a scheme of Performance Linked Variable Remuneration (PLVR) which rewards its employees based on Economic Value Added (EVA) or Profit Before Tax (PBT). The PLVR amount is related to actual improvement made in EVA or PBT over the previous year when compared with expected improvements.

(ii) Post-Employment Benefits

(a) Defined Contribution Plans

Payments made to a defined contribution plan such as Provident Fund and Family Pension maintained with Regional Provident Fund Office are charged as an expense in the Consolidated Statement of Profit and Loss as they fall due.

(b) Defined Benefit Plans

Gratuity Fund

The Group's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, after discounting the same. The calculation of defined benefit obligations is performed annually by a qualified actuary using the projected unit credit method. Re-measurement of the net defined benefit liability, which comprise actuarial gains and losses are recognized immediately in Other Comprehensive Income (OCI). Net interest expense (income) on the net defined liability (assets) is computed by applying the discount rate, used to measure the net defined liability (asset). Net interest expense and other expenses related to defined benefit plans are recognized in Consolidated Statement of Profit and Loss. When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service or the gain or loss on curtailment is recognized immediately in Consolidated Statement of Profit and Loss. The Group recognizes gains and losses on the settlement of a defined benefit plan when the settlement occurs.

Provident Fund

Provident Fund Contributions other than those made to the Regional Provident Fund Office of the Government which are made to the Trust administered by the Group are considered as Defined Benefit Plans. The interest rate payable to the members of the Trust shall not be lower than the statutory rate of interest declared by the Central Government under the Employees Provident Funds and Miscellaneous Provisions Act, 1952 and shortfall, if any, shall be made good by the Group.

The calculation of defined benefit obligations is performed at each reporting period by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Group, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan. To calculate the present value of economic benefits, consideration is given to any applicable minimum funding requirements.

Note 2 : Significant Accounting Policies (Continued)

Pension

Pension plan for eligible employees are considered as defined benefit obligations and are provided for on the basis of an actuarial valuation, using the Projected Unit Credit Method, as at the date of the Balance Sheet.

(iii) Other Long-Term Employee Benefits

The Group's net obligation in respect of other long-term employee benefits is the amount of future benefit that employees have earned in return for their service in the current and prior periods are provided on the basis of an actuarial valuation, using the Projected Unit Credit Method, as at the date of the Balance Sheet. Re-measurement is recognized in Consolidated Statement of Profit and Loss in the period in which they arise.

(iv) Termination Benefits

All terminal benefits are recognized as an expense in the period in which they are incurred.

22. Share-Based Payments

Employees of the Group receive remuneration in the form of share based payments in consideration of the services rendered.

Under the equity settled share based payment, the fair value on the grant date of the awards given to employees is recognised as 'employee benefit expenses' with a corresponding increase in equity over the vesting period. The fair value of the options at the grant date is calculated basis Black Scholes model. At the end of each reporting period, apart from the non-market vesting condition, the expense is reviewed and adjusted to reflect changes to the level of options expected to vest. When the options are exercised, the Group issues fresh equity shares.

When the terms of an equity-settled award are modified, an additional expense is recognised for any modification that increases the total fair value of the share-based payment transaction, or is otherwise beneficial to the employee as measured at the date of modification.

23. Leases

At the inception it is assessed, whether a contract is a lease or contains a lease. A contract is a lease or contains a lease if it conveys the right to control the use of an identified asset, for a period of time, in exchange for consideration.

To assess whether a contract conveys the right to control the use of an identified asset, Group assesses whether the contract involves the use of an identified asset. Use may be specified explicitly or implicitly.

- (i) Use should be physically distinct or represent substantially all of the capacity of a physically distinct asset.
- (ii) If the supplier has a substantive substitution right, then the asset is not identified.
- (iii) Group has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use.
- (iv) Group has the right to direct the use of the asset.
- (v) In cases where the usage of the asset is predetermined the right to direct the use of the asset is determined when the Group has the right to use the asset or the Group designed the asset in a way that predetermines how and for what purpose it will be used.

At the commencement or modification of a contract, that contains a lease component, Group allocates the consideration in the contract, to each lease component, on the basis of its relative standalone prices. For leases of property, it is elected not to separate non-lease components and account for the lease and non-lease components as a single lease component.

As a Lessee:

The Group recognizes a right-of-use asset and a lease liability at the lease commencement date.

Note 2 : Significant Accounting Policies (Continued)

Right-of-use asset (ROU):

The right-of-use asset is initially measured at cost. Cost comprises of the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, any initial direct costs incurred by the lessee, an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located less any lease incentives received.

After the commencement date, a lessee shall measure the right-of-use asset applying cost model, which is Cost less any accumulated depreciation and any accumulated impairment losses and also adjusted for certain re-measurements of the lease liability.

Right-of-use asset is depreciated using straight-line method from the commencement date to the end of the lease term. If the lease transfers the ownership of the underlying asset to the Group at the end of the lease term or the cost of the right-of-use asset reflects Group will exercise the purchase option, ROU will be depreciated over the useful life of the underlying asset.

Lease liability:

Lease liability is initially measured at the present value of lease payments that are not paid at the commencement date. Discounting is done using the implicit interest rate in the lease, if that rate cannot be readily determined, then using Group's incremental borrowing rate. Incremental borrowing rate is determined based on entity's borrowing rate adjusted for terms of the lease and type of the asset leased.

Lease payments included in the measurement of the lease liability comprises of fixed payments (including in substance fixed payments), variable lease payments that depends on an index or a rate, initially measured using the index or rate at the commencement date, amount expected to be payable under a residual value guarantee, the exercise price under a purchase option that the Group is reasonably certain to exercise, lease payments in an optional renewal period if the Group is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Group is reasonably certain not to terminate early.

Lease liability is measured at amortised cost using the effective interest method. Lease liability is re-measured when there is a change in the lease term, a change in its assessment of whether it will exercise a purchase, extension or termination option or a revised in-substance fixed lease payment, a change in the amounts expected to be payable under a residual value guarantee and a change in future lease payments arising from change in an index or rate.

When the lease liability is re-measured corresponding adjustment is made to the carrying amount of the right-of-use asset. If the carrying amount of the right-of-use asset has been reduced to zero it will be recorded in statement of profit and loss.

Right-of-use asset is presented as a separate category under "Non-current assets" and lease liabilities are presented under "Financial liabilities" in the balance sheet.

Group has elected not to recognise right-of-use assets and lease liabilities for short term leases. The lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term.

Lessor:-

At the commencement or modification of a contract, that contains a lease component, Group allocates the consideration in the contract, to each lease component, on the basis of its relative standalone prices.

At the inception of the lease, it is determined whether it is a finance lease or an operating lease. If the lease transfers substantially all of the risks and rewards incidental to ownership of the underlying asset, then it is a financial lease, otherwise it is an operating lease.

If the lease arrangement contains lease and non-lease components, then the consideration in the contract is allocated using the principles of IND AS 115. The Group tests for the impairment losses at the year end. Payment received under operating lease is recognised as income on straight line basis, over the lease term.

Note 2 : Significant Accounting Policies (Continued)

24. Borrowing Costs

Borrowing costs are interest and other costs that the Group incurs in connection with the borrowing of funds and is measured with reference to the effective interest rate applicable to the respective borrowing. Borrowing costs that are directly attributable to the acquisition of an asset that necessarily takes a substantial period of time to get ready for its intended use are capitalised as part of the cost of that asset till the date it is put to use.

Borrowing costs, pertaining to development of long term projects, are transferred to Construction work in progress, as part of the cost of the projects upto the time all the activities necessary to prepare these projects for its intended use or sale are complete.

All other borrowing costs are recognized as an expense in the period in which they are incurred.

25. Foreign Exchange Transactions

- (i) Items included in the consolidated financial statements of the Group are measured using the currency of the primary economic environment in which the entity operates ('the functional currency').
- (ii) Transactions in foreign currency are recorded at exchange rates prevailing on the date of the transaction. Monetary assets and liabilities denominated in foreign currency, remaining unsettled at the period end are translated at closing rates. The difference in translation of monetary assets and liabilities and realised gains and losses on foreign currency transactions are recognised in the Consolidated Statement of Profit and Loss. Non-monetary items that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction.
- (iii) Realised gains or losses on cancellation of forward exchange contracts are recognised in the Consolidated Statement of Profit and Loss of the period in which they are cancelled.
- (iv) In case of foreign operations whose functional currency is different from the parent company's functional currency, the assets and liabilities of such foreign operations, including goodwill and fair value adjustments arising upon acquisition, are translated to the reporting currency at exchange rates at the reporting date. The income and expenses of such foreign operations are translated to the reporting currency at the average exchange rates prevailing during the year. Resulting foreign currency differences are recognized in other comprehensive income/ (loss) and presented within equity as part of 'Exchange differences on translation of financial statements of foreign operations' (FCTR). When a foreign operation is disposed of, in part or in full, the relevant amount in the FCTR is transferred to the Consolidated Statement of Profit and Loss

26. Taxes on Income

Income tax expense comprises current and deferred tax. It is recognized in Consolidated Statement of Profit and Loss except to the extent that it relates to items recognized directly in equity or in OCI.

(i) Current Tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

Current Tax assets and Liabilities are offset only if, the Group:

- a) has a legally enforceable right to set off the recognized amounts; and
- b) intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

(ii) Minimum Alternate Tax (MAT)

MAT credit is recognised as a deferred tax asset only when and to the extent there is convincing evidence that respective entity in the Group will pay normal tax during specified period. MAT credit is reviewed at each Balance Sheet date and written down to the extent the aforesaid convincing evidence no longer exists.

Note 2 : Significant Accounting Policies (Continued)

(iii) Deferred Tax

Deferred income tax is recognised using the balance sheet approach. Deferred tax liability is recognized in respect of temporary differences arising between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes (including those arising from consolidation adjustments such as unrealized profit on inventory etc.).

Deferred tax assets are recognized for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized; such reductions are reversed when the probability of future taxable profits improves.

Unrecognized deferred tax assets are reassessed at each reporting date and recognized to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Group expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred Tax assets and liabilities are offset only if:

- the entity has a legally enforceable right to set off current tax assets against current tax liabilities; and
- b) the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity.

27. Earnings Per Share

Basic Earnings per share is calculated by dividing the profit for the period attributable to the equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the profit for the period attributable to the equity shareholders and the weighted average number of equity shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

28. Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

29. Exceptional Items

In certain cases, when, the size, type or incidence of an item of income or expenses, pertaining to the ordinary activities of the Group is such that its disclosure improves the understanding of the performance of the Group, such income or expense is classified as an exceptional item in the consolidated statement of profit and loss and disclosed in the notes accompanying the Consolidated Financial Statements.

30. Events after reporting date

Where events occurring after the balance sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted with the consolidated financial statements. Otherwise, events after the balance sheet date of material size or nature are only disclosed.

B. Measurement of Fair value

i. Fair Value hierarchy

The fair value measurements for oil palm saplings, cattles and PS Birds /Hatching eggs /Broilers have been categorised as Level 3 fair values based on the inputs to valuation technique used.

ii. Level 3 Fair values

The following table shows a break down of the total gains (losses) recognised in respect of Level 3 fair values-

Amount ₹ in Crore

Particulars	March 31, 2023	March 31, 2022	March 31, 2023	March 31, 2022	
	Oil palm saplings/Cattles	Oil palm saplings/Cattles	PS Birds / Hatching eggs / Broilers	PS Birds / Hatching eggs / Broilers	
Gain/(loss) included in 'other operating revenue'	3.05	(1.18)	0.36	0.41	
Change in fair value (realised)	(0.63)	(0.75)	(20.33)	(19.92)	
Change in fair value (unrealised)	3.68	(0.43)	20.69	20.33	

iii. Valuation techniques and significant unobservable inputs

Туре	Valuation technique Significant unobservable inputs		Inter-relationship between significant unobservable inputs and fair value measurement
Oil Palm Saplings - it comprises the stock under cultivation	Cost approach and percentage completion method	Estimated cost of completing the stock under cultivation ₹ 95.06 to 128.59 per sapling	
Biological assets - it comprises of: PS Bird; Hatching eggs; and Contract farm- Broilers	As per relevent market price prevailing at the year end	Estimated price of each component - PS birds - ₹ 33.87 (31 March 2022: ₹ 25.90) per Hatching eggs, - Hatching eggs - ₹ 39.87 (31 March 2022: ₹ 30.57) per Day Old Chicks, - Contract farms- Broilers (average rate) - ₹ 74.00 (31 March 2022: ₹ 118.50) per kg for live bird	The estimated fair valuation would increase/(decrease) if - Estimated price of each component of poultry stock was higher/(lower)
Cattles	Market approach with the help of Valuation certificate	Estimated price impact on age, breed and yield of the Cattle	The estimated fair valuation would increase/(decrease) if - Estimated yield of the cattle is increased or decreased

C. Risk Management strategies related to agricultural activities

The group is exposed to the following risks relating to its plantations, Cattles and PS Bird /Hatching egg /Broiler

i. Regulatory and environmental risks

The group is subject to laws and regulations in the country in which it operates. It has established various environmental policies and procedures aimed at compliance with the local environmental and other laws.

Note 3e: Biological Assets other than bearer plants (Continued)

ii. Supply and demand risks

The Group is exposed to risks arising from fluctuations in the price and sales volume of plants and milk. For oil palm plants, when possible, the group manages this risk by aligning its harvest volume to market supply and demand. Management performs regular industry trend analyses for projected harvest volumes and pricing. For milk, the Group manage this risk by effective marketing tie up for sale of milk.

The Group is exposed to the risk arising from the fluctuations in the price of Hatching eggs, commercial day old chicks and live birds. when the price goes down the management possibly manage this risk by diverting more live birds for processing and when prices goes up the management sells more Hatching eggs, Day old Chicks and Live Birds.

iii. Climate and other risks

The Group's oil palm plantations are exposed to the risk of damage from climatic changes, diseases, forest fires and other natural forces. The group has extensive processes in place aimed at monitoring and mitigating those risks, including regular plantation health surveys and industry pest and disease surveys.

The Group is exposed to risks arising from fluctuations in yield and health of the Cattle. Group manages this risk by effective sourcing and maintenance of cattle.

The Group's Live stock are exposed to the extreme climatic changes in summer and winter season. However, the Group has extensive processes in place aimed at monitoring and mitigating those risks, including regular health inspections of Live Stock and adopting Industry best practices by professional qualified veterinarian doctors.

A reasonably possible change of 10% in Estimated cost of completing the stock under cultivation and cattles at the reporting date would have increased (decreased) profit or loss by the amounts shown below.

	`	s) for the year ch 31,2023	Profit or (loss) for the year ended March 31,2022

Notes

The Company had advanced an amount of ₹ 10.33 crores under diverse loan-cum-pledge agreements to certain individuals who had pledged certain equity shares as security. The Company enforced its security and lodged the shares for transfer in its name. The said transfer application of the Company was rejected, and the Company had preferred an application to the Company Law Board (CLB) against rejection of the said transfer application. The CLB rejected the application of the Company and advised the parties to approach the High Court. The Company filed an appeal before the Hon'ble Bombay High Court against the order of the Company Law Board under section 10F of the Companies Act, which was disposed with the direction that the transfer of shares be kept in abeyance till the pendency of the arbitration proceedings between the parties. The Hon'ble Bombay High Court had by its order dated September 18, 2012, restrained the Company from *inter alia*, dealing, selling or creating third party rights, etc. in the pledged shares and referred the matter to arbitration. The Company filed a Special Leave Petition (SLP) before the Supreme Court against this interim order of the Hon'ble Bombay High Court which was dismissed by the Hon'ble Supreme Court. The Ld. Sole Arbitrator, Justice (Retired), A.P. Shah on June 29, 2019 passed an Award ruling that the Company shall return all the pledged shares along with the original loan-cum-pledge agreements and the power of attorneys executed by the said individuals in favour of the Company to the said individuals upon the said individuals repaying an amount of ₹ 10.33 crores to the Company.

The Company has challenged this Award before the Hon'ble High Court of Bombay by way of Section 34 petition under the Arbitration & Conciliation Act 1996. The Hon'ble Bombay High Court by its Order dated September 13, 2019 has stayed the operation and execution of the said Award dated June 29, 2019 till the final disposal of the said Section 34 Petition. The matter is pending for final hearing before the Hon'ble Bombay High Court.

The management is confident of recovery of this amount as the underlying value of the said shares is substantially greater than the amount of loan advanced. However, on a conservative basis, the Company has provided for the entire amount of ₹ 10.33 crore in the books of account.

II Nature and purpose of reserve

- a Capital Reserve on Account of Amalgamation: During amalgamation, the excess of net assets taken over the cost of consideration paid is treated as Capital Reserve on account of Amalgamation.
- b Capital Redemption Reserve : The Company has recognised Capital Redemption Reserve on buyback of equity shares from its retained earnings.
- c Securities Premium: The amount received in excess of face value of the equity shares is recognised in Securities Premium. In case of equity-settled share based payment transactions, the difference between fair value on grant date and nominal value of share is accounted as securities premium. It is utilised in accordance with the provisions of section 52 of the Companies Act, 2013.
- d Capital Reserve: During amalgamation, the excess of net assets taken, over the cost of consideration paid is treated as capital reserve and also created on Sale of treasury Shares, also profit on sale of treasury shares held by the ESOP Trust is recognised in Capital Reserve. The utilisation will be as per the requirements of the Companies Act, 2013.
- e Special Reserve: Reserve created under section 45IC of RBI Act, 1934.
- f Foreign Currency Translation Reserve: The translation reserve comprises all foreign currency differences arising from the translation of the financial statements of foreign operations.
- g Employee Stock Grants Outstanding: The fair value of the equity-settled share based payment transactions with employees is recognised in Statement of Profit and Loss with corresponding credit to Employee Stock Grants Outstanding Account.
- h General Reserve: The Company has transferred a portion of the net profit of the Company before declaring dividend to general reserve pursuant to the earlier provisions of Companies Act, 1956. Mandatory transfer to general reserve is not required under the Companies Act, 2013.
- i Gain on sale of subsidiary without losing control: The Company participated in the IPO of Godrej Agrovet Limited (GAVL) as a promoter shareholder and sold part of its stake and realised a gain in the Standalone financial statements. Since the Company continues to hold controlling stake in GAVL, the resultant gain is not considered as a part of Consolidated net profits, but is included in Reserves as per the accounting treatment prescribed under IND AS 110 (Consolidated Financial Statements).
- j Non- controlling Interest Reserve: It represents the difference between the consideration paid and the carrying value of non-controlling interest acquired in subsidiaries.
- k The Group uses hedging instruments as part of its management of foreign currency risk associated with foreign currency borrowings. For hedging foreign currency risk, the Group used foreign currency forward contracts which are designated as cash flow hedges. To the extent these hedges are effective, the change in fair value of the hedging instrument is recognised in the cash flow hedge reserve. Amounts recognised in the cash flow hedge reserve is reclassified to statement of profit & loss when the hedged item affects the profit & loss.
- I Retained Earnings: Retained earnings are the profits that the Group has earned till date, less any transfers to general reserve, dividends or other distributions paid to shareholders.

Notes

- (1) The Corporate surety bond of ₹ 31.65 crore (previous year ₹ 32.56 crore) is in respect of refund received from excise authority for exempted units (North East) of Godrej Consumer Products Limited, an associate company.
- (2) The Group has reviewed all its pending litigations and proceedings and has adequately provided for where provisions are required and disclosed as contingent liabilities where applicable, in its financial statements. The Group does not expect the outcome of these proceedings to have a materially adverse effect on its financial results.
 - It is not practicable to estimate the timings of cash outflows, if any, in respect of the above pending resolution of the respective proceedings as it is determinable only on receipt of judgements/decisions pending with various forums/authorities.
- (3) The Hon'ble Supreme Court of India ("SC") by its judgement dated February 28, 2019, in the case of RPFC, West Bengal v/s Vivekananda Vidyamandir and others, clarified the principles based on which allowances paid to the employees should be identified for inclusion in basic wages for the purposes of computation of Provident Fund contribution. Subsequently, a review petition against this decision was filed and the SC reiterated its decision given in the above referred judgment.
 - In view of the management, the liability pertaining to Godrej Properties Llmited and its subsidiaries for the period from date of the SC judgement to 31 March 2019 is not significant and has been provided in the consolidated financial statements. Further, the impact for the past period, if any, is not ascertainable and consequently no effect has been given in the accounts.
- (4) The National Green Tribunal, Principal Bench, New Delhi ("the NGT") has on July 30, 2021 pronounced an order ("Order") against, inter alia, Godrej Properties Limited (a subsidiary Company) and its joint venture company viz Wonder Projects Development Private Limited ("WPDPL") in respect of matter challenging the environmental clearance granted in relation to project being developed by WPDPL in Bengaluru. WPDPL has challenged the said order before the Hon'ble Supreme Court. The Supreme Court has on August 26, 2021 directed the parties to maintain status quo. The subsidiary company is confident of the merits and compliances in the said case.
- (5) The Company received a notice from a Lessor demanding differential rent amounting to ₹ 159.58 crores upto March 31, 2023, for certain plots of land situated at Wadala. The Company has filed a writ petition with the Honourable High Court of Mumbai, challenging the demand and denying any liability to pay such differential lease rentals. Management has obtained legal advice, basis which, the Company believes that it has a very strong case and accordingly, no provision for the same has been made in these financial results but has been considered as a contingent liability.

Note 44: Income Tax Expense (Continued)

The Group offsets tax assets and liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority.

Significant management judgment is required in determining provision for income tax, deferred income tax assets and liabilities and recoverability of deferred income tax assets. The recoverability of deferred income tax assets is based on estimates of taxable income in which the relevant entity operates and the period over which deferred income tax assets will be recovered.

Deferred tax assets are recognized for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Details of unused tax losses and unused tax credit is given in note V below.

As the Group does not have any intention to dispose off investments in unlisted subsidiaries and associates in the foreseeable future, deferred tax asset on indexation benefit in relation to such investments has not been recognised.

Note 46: Employee Benefits

I DEFINED CONTRIBUTION PLAN

Provident Fund:

The contributions to the Provident Fund and Family Pension Fund of certain employees are made to a Government administered Provident Fund and there are no further obligations beyond making such contributions.

II DEFINED BENEFIT PLAN

Gratuity:

The Group participates in the Employees' Group Gratuity-cum-Life Assurance Scheme of ICICI Prudential Life Insurance Co. Ltd, HDFC Standard Life Insurance Co. Ltd. and SBI Life Insurance Co. Ltd, a funded defined benefit plan for qualifying employees. Gratuity is payable to all eligible employees on death or on separation / termination in terms of the provisions of the Payment of Gratuity (Amendment) Act, 1997, or as per the Group's scheme whichever is more beneficial to the employees.

The liability for the Defined Benefit Plan is provided on the basis of a valuation, using the Projected Unit Credit Method, as at the Balance Sheet date, carried out by an independent actuary.

Provident Fund:

The Group manages the Provident Fund plan through a Provident Fund Trust for a majority of its employees which is permitted under The Employees' Provident Fund and Miscellaneous Provisions Act, 1952. The plan envisages contribution by the employer and employees and guarantees interest at the rate notified by the Provident Fund authority. The contribution by employer and employee, together with interest, are payable at the time of separation from service or retirement, whichever is earlier.

The Group has an obligation to fund any shortfall on the yield of the trust's investments over the administered interest rates on an annual basis. These administered rates are determined annually predominantly considering the social rather than economic factors and the actual return earned by the Group has been higher in the past years. The actuary has provided a valuation for provident fund liabilities on the basis of guidance issued by Actuarial Society of India and based on the below provided assumptions there is no shortfall as at March 31, 2023.

5 Godrej Capital Employee Stock Option Scheme 2021 ("ESOP Scheme 2021")

The Godrej Capital Employee Stock Option Scheme 2021 ("ESOP Scheme 2021") of the Company was approved and adopted by its members at an Extraordinary General Meeting held on January 5, 2021. The Scheme is administered by Company's Board of Directors. The Scheme applies to all the Eligible Employees, who are the permanent employees of the Company or any Subsidiary of the Company, on the date of Grant of Options. The Compensation Committee of the Company would decide the entitlement of each employee based on his/her performance, level, grade, seniority and such other parameters as may be decided by the Compensation Committee. The Exercise Price for each Option will be the face value of the Equity Share of the Company. The Options granted would vest after twenty one months but not later than fifty seven months from the date of Grant of Options. Exercise period is 7 (seven) years from the date of Vesting of Options or such other period as may be decided by the Compensation Committee, within which the Employee should exercise his right to apply for transfer of Equity Shares of the Company to him pursuant to the Option Vested in him in accordance with the ESOP Scheme 2021.

The Fair value of cash and cash equivalents, other bank balances, trade receivables, deposits, trade payables approximated their carrying value largely due to short term maturities of these instruments.

Financial instruments with fixed and variable interest rates are evaluated by the Group based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts.

Note 49: Fair Value Measurement (Continued)

II Measurement of fair values

The Group uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly

Level 3: techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

The following tables show the valuation techniques used in measuring Level 2 and Level 3 fair values, as well as the significant unobservable inputs used.

Туре	Valuation technique				
Fixed rates long term borrowings	The valuation model considers present value of expected payments discounted using an appropriate discounting rate. The fair value of non-convertible debentures is valued using FIMMDA guidelines.				
Forward contracts	The fair value is determined using forward exchange rates at the reporting date.				
Lease Liability	Lease liabilities are valued using Level 3 techniques. A change in one or more of the inputs to reasonably possible alternative assumptions would not change the value significantly.				
Investments in Mutual Fund	The fair values of investments in mutual fund units is based on the net asset value ('NAV') as stated by the issuers of these mutual fund units in the published statements as at Balance Sheet date. NAV represents the price at which the issuer will issue further units of mutual fund and the price at which issuers will redeem such units from the investors.				
Unquoted shares	The Group uses the Discounted Cash Flow valuation technique (in relation to financial assets measured at amortised cost and fair value through profit or loss) which involves determination of present value of expected receipt/ payment discounted using appropriate discounting rates. The fair value so determined for financial asset measured at fair value through profit and loss.				

Note 50: Financial Risk Management

I Financial Risk Management objectives and policies

The Group's business activities are exposed to a variety of financial risks, namely Credit risk, Liquidity risk, Currency risk, Interest risks and Commodity price risk. The respective company's senior management has the overall responsibility for establishing and governing respective company's risk management framework. Each company in the group has constituted a Risk Management Committee, which is responsible for developing and monitoring the company's risk management policies. The committee reports regularly to the board of directors on its activities.

Respective company's risk management policies are established to identify and analyse the risks faced by each company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the company's activities.

The audit committee oversees how management monitors compliance with the respective company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the respective company. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and adhoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

II a Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's receivables from customers and loans and advances and Bank balances and derivative transactions.

The carrying amount of following financial assets represents the maximum credit exposure:

Trade receivables and loans and advances.

The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer and the geography in which it operates. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the respective company grants credit terms in the normal course of business.

Note 50 : Financial Risk Management (Continued)

The Group has a policy under which each new customer is analysed individually for creditworthiness before offering credit period and delivery terms and conditions. The Group's export sales are backed by letters of credit and insured through Export Credit Guarantee Corporation and accordingly no provision has been made on the same. The Group bifurcates the Domestic Customers into Large Corporates, Distributors and others for Credit monitoring.

The Group maintains adequate security deposits for sales made to its distributors. For other trade receivables, the Group individually monitors the sanctioned credit limits as against the outstanding balances. Cash terms and advance payments are required for customers of lower credit standing. Accordingly, the Group makes specific provisions against such trade receivables wherever required and monitors the same at periodic intervals.

Customer credit risk of Property development business is managed by requiring customers to pay advances through progress billings before transfer of ownership and also establishes specific payment period for its customers, therefore substantially eliminating the Group's credit risk in this respect.

The Group's credit risk of Property Development business with regard to trade receivable has a high degree of risk diversification, due to the large number of projects of varying sizes and types with numerous different customer categories in a large number of geographical markets.

The Group monitors each loans and advances given and makes any specific provision wherever required.

Credit Risk of Financing Business

The credit risk is governed by defined credit policies and Board approved DOA which undergo periodic review. The credit policies outline the type of products that can be offered, customer categories, targeted customer profile, credit approval process, DOA and limits etc. Each business unit is required to implement Group's credit policies and procedures and maintain the quality of its credit portfolio.

Credit Risk assessment methodology

The Group has a structured credit approval process, which includes a well-established procedure of comprehensive credit appraisal. The credit appraisal process involves critical assessment of quantitative and qualitative parameters subject to review and approval as per defined DOA. The credit assessment involves detailed analysis of industry, business, management, financials, end use etc. An internal rating is also assigned to the borrower based on defined parameters. For retail customers, the credit assessment is based on a parameterised approach. Credit risk monitoring and portfolio review. The group measures, monitors and manages credit risk at an individual borrower level. The credit risk for retail borrowers is being managed at portfolio level.

The credit assessment is carried out based on an internal risk assessment framework which rates the customers accordingly to various parameters. Data analytics is extensively used for effective risk monitoring.

Credit risk for loan & advances of Financing business is managed by the Group through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Group grants credit terms in the normal course of business. Further, a major portion of exposure is secured by way of property and fixed deposits. Group also maintains an allowance for impairement that represent its estimate of expected losses in respect of loans & advances.

The Group establishes an allowance for impairment that represents its estimate of expected losses in respect of trade receivables and loans and advances.

The ageing analysis of trade receivables is disclosed in Note 5 and 12.

The movement in Provision for Loss Allowance is as follows:

Investment in Securities, Loans to Related Parties, Project Deposits and Other Financial Assets by Godrej Properties Limited

The Group has investments in equity instruments, compulsorily convertible debentures / optionally convertible debentures, preference shares, loans to related parties and project deposits. The settlement of such instruments is linked to the completion of the respective underlying projects. The movement in the provision for expected credit loss due to lifetime expected credit loss during the year are as follows:

The Group has recorded provision / expected credit loss on other current financial assets of ₹ NIL (Previous Year : ₹ 3.19 Crore).

As at March 31, 2023, the Group had secured project deposits of ₹ 6.11 Crore (Previous Year: ₹ 5.48 Crore) and unsecured loans given to related parties of ₹ 10.00 Crore (Previous Year: ₹ 10.00 Crore), which have been considered as doubtful by the Group. The Group has fully provided such doubtful project deposits and unsecured loans as at March 31, 2022. The Group has provided such doubtful project deposits and unsecured loans in the previous year. The Group does not have any Loans for which credit risk has increased significantly in the current and previous year.

Particulars	March 31, 2023	March 31, 2022

Add: Impairment loss recognised	5.63	3.19
Less: Impairment loss reversed	5.00	(2.63)
Closing balance	52.45	41.82

II b Commodity Price risk

The Group is exposed to commodity risks mainly due to price volatility in agricultural commodities due to unpredictable factors such as weather, government policies, changes in global demand resulting from population growth and changes in standards of living and global production of similar and competitive crops. We enter into fixed price contracts with suppliers and in certain cases, enter into back to back sale contract with customers. We periodically review the open exposure of Raw material regularly. We also hedge the risk on commodities exchange.

III Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation.

Management monitors rolling forecasts of the Group's liquidity position on the basis of expected cash flows. This monitoring includes financial ratios and takes into account the accessibility of cash and cash equivalents.

The Group has access to funds from debt markets through loan from banks, commercial papers, fixed deposits from public and other Debt instrument. The Group invests its surplus funds in bank fixed deposits and debt based mutual funds.

Liquidity Risk in relation to Financing Business

A risk that the Group will encounter difficulty in meeting its day to day financial obligations is known as liquidity risk. Management of liquidity risk is done as follows:

- (i) ALCO sets the strategy for managing liquidity risk commensurate with the business objectives.
- (ii) ALCO has delegated the responsibility of managing overall liquidity risk and interest rate risk to Treasury. ALCO has set various gap limits for tracking liquidity risk. The CFO and head of treasury monitor the gap limits with actuals and present the same to the MD & CEO.
- (iii) Treasury department manages the liquidity position on a day-to-day basis and reviews daily reports covering the liquidity position of the Group. Treasury team ensures the regulatory compliance to the liquidity risk related limits approved in the ALM policy by ALCO.
- (iv) The Group's approach to managing liquidity is to ensure sufficient liquidity to meet its liabilities when they are due without incurring unacceptable losses or risking damage to the group's reputation.

Note 50 : Financial Risk Management (Continued)

The key elements of the Group's liquidity risk management strategy are as follows:

- (i) Maintaining a diversified funding through market and bank borrowings resources such as debentures, commercial papers, subordinated debt, perpetual debt, Inter-corporate deposits (ICD's), overdraft and bank term loans. Unused bank lines constitute the main liquidity back up to meet the contingency funding plan. Additionally, based on Market scenario, the group also maintains a portfolio of highly liquid mutual fund units.
- (ii) Under the ALM guidelines, the dynamic liquidity statement and structural liquidity statement are being prepared periodically to monitor the maturity gaps in the Assets and Liabilities cash flows.
- (iii) The Group carries out stress testing of cash flows on periodic basis and shares the results with ALCO to gauge the adequacy of liquidity.

IV Market risk

Market risk is the risk that changes in market prices – such as foreign exchange rates, interest rates – will affect the Group's income or the value of its holdings of financial instruments. Market risk is attributable to all market risk sensitive financial instruments including investments in Mutual funds, Debentures and Fixed deposits, foreign currency receivables and payables and long term debt. The Group's exposure to market risk primarily related to foreign exchange rate risk, interest rate risk and the market value of investments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

IV a Currency risk

The Group is exposed to currency risk on account of its borrowings, Receivable for Export and Payables for Import in foreign currency. The functional currency of the Group is Indian Rupee. The Group manages currency exposures within prescribed limits, through use of forward exchange contracts. Foreign exchange transactions are covered with strict limits placed on the amount of uncovered exposure, if any, at any point in time.

Sensitivity analysis

A reasonably possible strengthening (weakening) of the Indian Rupee against the foreign currencies at March 31 would have affected the measurement of financial instruments denominated in foreign currencies and affected equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases.

IV b Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing investments because of fluctuations in the interest rates. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing investments will fluctuate because of fluctuations in the interest rates.

The management is responsible for the monitoring of the Company's interest rate position. Various variables are considered by the management in structuring the Group's borrowings to achieve a reasonable, competitive, cost of funding.

Exposure to interest rate risk

Group's interest rate risk arises from borrowings. The interest rate profile of the Group's interest-bearing financial instruments as reported to the management of the respective Company is as follows.

Amount ₹ in Crore

Particulars	March 31, 2023	March 31, 2022
Financial liabilities		
Fixed rate borrowings	10,215.91	10,765.22
Variable rate borrowings	9,232.64	3,624.87
	19,448.55	14,390.09
Financial assets		
Fixed rate instruments	5,077.09	4,810.75
Variable rate instruments	-	-
	5,077.09	4,810.75

Fair value sensitivity analysis for fixed-rate instruments

The Group does not account for any fixed-rate financial assets or financial liabilities at fair value through profit or loss. Therefore, a change in interest rates at the reporting date would not affect profit or loss.

Cash flow sensitivity analysis for variable-rate instruments

A reasonably possible change of 100 basis points in interest rate would have resulted in variation in the interest expense for the Group by the amounts indicated in the table below. Given that one of the subsidiary companies' capitalises interest to the cost of inventory to the extent permissible, the amounts indicated below may have an impact on reported profits over the lifecycle of projects to which such interest is capitalised. This analysis assumes that all other variables, in particular foreign currency exchange rates, remain constant. This calculation also assumes that the change occurs at the balance sheet date and has been calculated based on risk exposures outstanding as at that date. The year end balances are not necessarily representative of the average debt outstanding during the period.

Forward Contracts

The Group uses forward exchange contracts to hedge its foreign exchange exposure relating to the underlying transactions and firm commitment in accordance with its forex policy as determined by its Forex Committee. The Group does not use foreign exchange forward contracts for trading or speculation purposes. Forward Contracts outstanding as at March 31, 2023:

Note 51: Capital Management

For the purpose of the Group's capital management, capital includes issued capital and other equity reserves (other than Cash Flow Hedge Reserve). The primary objective of the Group's Capital Management is to maximise shareholders value. The Group manages its capital structure and makes adjustments in the light of changes in economic environment and the requirements of the financial covenants.

The Group monitors capital using Adjusted net debt to equity ratio. For this purpose, adjusted net debt is defined as total debt less cash and bank balances and Current investments.

At the end of the reporting period	2,261.87	846.46

(c) Performance obligation for Property Development

The Group is also engaged in the business of real estate construction, development and other related activities.

All the Contracts entered with the customers consists of a single performance obligation thereby the consideration allocated to the performance obligation is based on standalone selling prices.

Revenue is recognised upon transfer of control of residential and commercial units to customers for an amount that reflects the consideration which the Group expects to receive in exchange for those units. The trigger for revenue recognition is normally completion of the project or receipt of approvals on completion from relevant authorities or intimation to the customer of completion, post which the contract becomes non-cancellable by the parties.

The revenue is measured at the transaction price agreed under the contract. In certain cases, the Group has contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, the Group adjusts the transaction price for the effects of a significant financing component.

Any costs incurred that do not contribute to satisfying performance obligations are excluded from the Group's input methods of revenue recognition as the amounts are not reflective of our transferring control of the system to the customer. Significant judgment is required to evaluate assumptions related to the amount of net contract revenues, including the impact of any performance incentives, liquidated damages, and other forms of variable consideration.

If estimated incremental costs on any contract, are greater than the net contract revenues, the Group recognises the entire estimated loss in the period the loss becomes known.

The aggregate amount of the transaction price allocated to the performance obligations that are unsatisfied (or partially unsatisfied) as at March 31, 2023 is ₹ 7647.89 Crore (Previous Year: ₹ 2,391.72 Crore) out of which 3332.55 Crore (Previous Year: ₹ 1,674.17 Crore), which will be recognised as revenue over a period of 1-2 years and ₹ 4408.64 Crore (Previous Year: ₹ 717.55 Crore) which will be recognised over a period of 2-4 years.

Note: 58

As per the approvals secured by the subsidiary Company of Godrej Properties Limited under relevant provisions of DCR Regulations, 1991 / DCPR 2034, Godrej Properties Limited (GPL) (subsidiary Company of Godrej Industries Limited) had obligation to handover 35,618.85 sqmt of land to The Municipal Corporation of Greater Mumbai (MCGM). GPL is entitled to receive the Transferable Development Rights (TDR) of 71,237.70 sqm, in lieu of land earmarked and handover to MCGM.

The handover of the physical possession of the earmarked land has been completed during the month of February 2021. Based upon receipt of Possession Receipts of Land handed over obtained from MCGM, GPL has recognised the entitlement of TDR as revenue and reflected under Revenue from operations in March 31,2021 based upon valuation report obtained from registered valuer at ₹ 195.20 Crore. During the previous year, GPL has sold majority of TDR and accordingly recognised revenue for the same."

Note: 59

There are no significant subsequent events that would require adjustments or disclosures in the financial statements as on the balance sheet date.

Note: 60

Previous year figures have been regrouped/ reclassified where ever necessary, to conform to current period's classification in order to comply with the requirements of the Schedule III of the Companies Act, 2013.

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the standalone financial statements of Godrej Industries Limited (the "Company"), which comprise the balance sheet as at March 31, 2023 and the statement of profit and loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information, in which is included Returns audited by the branch auditor of the Company's branch incorporated in United Kingdom (hereinafter referred to as "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of audit report of the branch auditor on the financial information of a branch as was audited by the branch auditor, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standard) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023 and its profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the *Auditors' Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (the 'ICAI') together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Description of Key Audit Matter

Revenue recognition

(Refer note 2.14 and note 27 to the standalone financial statements)

Key Audit Matter

As per IND AS 115 - 'Revenue from Contracts with Customers' revenue is recognized on transfer of control of goods or services to a customer, which is on dispatch / delivery as per the terms of contracts, at an amount that reflects the consideration to which the Company is expected to be entitled to in exchange for those goods or services.

Revenue recognition includes determination of pricing, effect of discounts, sales returns and adjustments for freight reimbursements.

Due to the significance of the area and the risk of revenue being fraudulently overstated through manipulation on the timing of transfer of control, revenue recognition is considered as a key audit matter.

How the matter was addressed in our audit

Our audit procedures to assess revenue recognition from sale of goods included the following:

- Assessing the compliance of the revenue recognition accounting policies by comparing with Ind AS 115 -"Revenue from Contracts with Customers".
- Understood and evaluated the design and implementation and tested the operating effectiveness of key controls relating to revenue recognition.
- Testing the design, implementation and operating effectiveness of the Company's key general Information Technology (IT) controls and key IT application controls over the Company's systems for revenue recognition, by involving our IT specialists.

Key Audit Matter	How the matter was addressed in our audit			
	 Tested sales transactions on a sample basis comparing the underlying sales invoices, sales ord dispatch and delivery documents to assess whe revenue was recognized appropriately. 	ers,		
	 Tested the timing of recognition of revenue included performing cut-off procedures, to determine whether same is in line with the terms of contracts. 	_		
	 Examining manual journal entries posted to revenu identify any unusual or irregular items. 	e to		

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, Business Responsibility and Sustainability Report, Report on Corporate Governance and shareholders' information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information, and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors are responsible for the matters stated in Section 134 (5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with relevant rules issued thereunder.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate
 in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether
 the Company has adequate internal financial controls with reference to standalone financial statements in place and the
 operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- Conclude on the appropriateness of the Management's use of the going concern basis of accounting in preparation of standalone financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of the users of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

1. The standalone financial statements include the audited financial information of one branch in United Kingdom, whose financial information reflect total assets of ₹ 0.17 crore as at March 31, 2023, total revenue of ₹ Nil and total net (loss) after tax ₹ (1.23) crore for the year ended March 31, 2023, before giving effect to consolidation adjustments as considered in the standalone financial statements, which has been audited by its branch auditor. The branch auditor's report on the financial statements of this branch has been furnished to us by the Management. Our opinion on the standalone financial statements, in so far as it relates to the amounts and disclosures included in respect of this branch, is based solely on the report of such auditor and the procedures performed by us are as stated below.

The branch referred to above is located outside India whose audited financial information has been prepared in accordance with the accounting principles generally accepted in their country and which has been audited by the branch auditor under generally accepted auditing standards applicable in their country. The Company's Management has converted the audited financial information of such branch located outside India from the accounting principles generally accepted in their country to the accounting principles generally accepted in India. We have audited these conversion adjustments made by the Company's Management.

2. The standalone financial statements of the Company for the year ended March 31, 2022, have been audited by predecessor firm, who have expressed an unmodified opinion on those standalone financial statements vide their report dated May 27, 2022, which has been furnished and has been relied upon by us for the purpose of our audit of the standalone financial statements.

Report on Other Legal and Regulatory Requirements

- 1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- 2. (A) As required by Section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c. The report on the accounts of the branch office of the Company audited under Section 143(8) of the Act by branch auditor have been sent to us and have been properly dealt with by us in preparing this report.
 - d. The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of changes in equity and the statement of cash flows dealt with by this Report are in agreement with the books of account.
 - e. In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
 - f. On the basis of the written representations received from the directors as on March 31, 2023 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2023 from being appointed as a director in terms of Section 164 (2) of the Act.
 - g. With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
 - (B) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - a. The Company has disclosed the impact of pending litigations as at March 31, 2023 on its financial position in its standalone financial statements Refer Note 25 to the standalone financial statements.
 - b. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses as at March 31, 2023.
 - c. There has been no delay in transferring the amounts required to be transferred to the Investor Education and Protection Fund by the Company.
 - d. (i) The Management has represented that, to the best of its knowledge and belief, other than as disclosed in note 47 to the standalone financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding,

whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.

- (ii) The Management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like from or on behalf of the Ultimate Beneficiaries.
- (iii) Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (d)(i) and (d)(ii) above, contain any material misstatement.
- e. The Company has neither declared nor paid any dividend during the year.
- f. As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable for the Company only with effect from April 1, 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 is not applicable.
- (C) With respect to other matters to be included in the Auditor's Report in accordance with the requirements of section 197 (16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its director during the year is in accordance with the provisions of section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

Annexure 'A' to the Independent Auditor's Report

Referred to in Paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our Independent Auditor's Report to the members of the Company on the standalone financial statements for the year ended March 31, 2023:

Statement on Matters Specified in paragraphs 3 and 4 of the Companies (Auditors Report) Order, 2020:

- i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and the situation of Property, Plant and Equipment (including Right of Use Assets and Investment Properties).
 - (B) The Company has maintained proper records showing full particulars of intangible assets.
 - (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, Plant and Equipment (including Right of Use Assets and Investment Properties) by which all Property, Plant and Equipment (including Right of Use Assets and Investment Properties) are verified in a phased manner over a period of three years. In accordance with this programme, certain Property, Plant and Equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
 - (c) According to the information and explanations given to us, and based on the audit procedures performed by us, the title deeds of immovable properties including Investment Properties (other than immovable properties where the Company is the lessee and the leases agreements are duly executed in favour of the lessee) disclosed in the standalone financial statements are held in the name of the Company.
 - (d) According to the information and explanations given to us, and based on the audit procedures performed by us, the Company has not revalued its Property, Plant and Equipment (including Right of Use Assets) or intangible assets or both during the year.
 - (e) Based on the information and explanations provided to us and our verification of the books and records of the Company, no proceedings have been initiated during the year or are pending against the Company as at March 31, 2023 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 and rules made thereunder.
- ii) (a) The inventories, except for goods-in-transit and stocks lying with third parties, have been physically verified by the management during the year. For stocks lying with third parties at the year-end, written confirmations have been obtained and for goods-in-transit subsequent evidence of receipts has been linked with inventory records. In our opinion, the frequency of such verification is reasonable, and procedures and coverage as followed by management were appropriate. No discrepancies were noticed on verification between the physical stocks and the book records that were 10% or more in the aggregate of each class of inventory.
 - (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has been sanctioned working capital limits in excess of five crore rupees, in aggregate, from a bank on the basis of security of current assets. In our opinion, the quarterly returns or statements filed by the Company with such a bank are in agreement with the books of account of the Company.
- (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured to companies, firms, limited liability partnership or any other parties during the year. The Company has made investments in companies during the year, but has not made any investments in firms and limited liability partnership during the year.
 - (b) According to the information and explanations given to us and based on the audit procedures performed by us, we are of the opinion that the investments made during the year are prima facie, not prejudicial to the interest of the Company.

- c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not given any loans and advances in the nature of loans to any party during the year. Accordingly, reporting under provisions of paragraph 3(iii) (c) to (f) of the Order is not applicable to the Company.
- iv) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not given any loans or security as specified under sections 185 and 186 of the Companies Act, 2013 ("the Act"). In respect of the investments made and guarantee provided by the Company, in our opinion the provisions of section 186 of the Act have been complied with. The Company has not provided any security to the parties covered under Section 186 of the Act.
- v) The Company has not accepted any deposits or amounts which are deemed to be deposits from the public. Accordingly, reporting under provisions of paragraph 3(v) of the Order is not applicable to the Company.
- vi) We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for maintenance of cost records under Section 148 of the Companies Act, 2013, and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained.
- vii) (a) According to the information and explanations given to us, and based on the audit procedures performed by us, in our opinion, amounts deducted / accrued in the books of account in respect of undisputed statutory dues including Goods and Services Tax ('GST'), Provident fund, Employees' State Insurance, Income-Tax, Duty of Customs, Profession Tax, Cess and other statutory dues have been regularly deposited by the Company with the appropriate authorities wherever applicable, and there are no such outstanding dues as at March 31, 2023, for a period of more than six months from the date they became payable.
 - (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, statutory dues relating to Sales tax, Octroi, Stamp duty, Excise duty, Custom duty and IncomeTax which have not been deposited on account of any dispute are as follow:

- viii) According to the information and explanations given to us, and based on the audit procedures performed by us, we have not come across any transactions not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961.
- ix) (a) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not defaulted in repayment of any loans or other borrowings or in the payment of interest thereon to any lender.
 - (b) According to the information and explanations given to us and based on the audit procedures performed by us, the Company has not been declared a wilful defaulter by any bank or financial institution or other lender.
 - (c) In our opinion and according to the information and explanations given to us by the management, term loans were applied for the purpose for which the loans were obtained.
 - (d) According to the information and explanations given to us, and based on the audit procedures performed by us, and on an overall examination of the standalone financial statements of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.
 - (e) According to the information and explanations given to us and on an overall examination of the standalone financial statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures as defined under the Act.
 - (f) According to the information and explanations given to us, and based on the audit procedures performed by us, the Company has not raised any loans during the year by way of pledge of securities held in its subsidiaries, associates or joint ventures.

- x) (a) The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the provisions of paragraph 3 (x) (a) of the Order are not applicable to the Company.
 - (b) The Company has not made any preferential allotment or private placement of shares or fully, partially or optionally convertible debentures during the year. Accordingly, reporting under provisions of paragraph 3 (x) (b) of the Order is not applicable to the Company.
- xi) (a) Based upon the audit procedures performed by us for the purpose of reporting the true and fair view of the standalone financial statements and according to the information and explanations given by the Management, we report that no fraud by the Company or no fraud on the Company has been noticed or reported during the year.
 - (b) In view of what is reported above in clause xi(a), the reporting under clause xi(b) of the Order is not applicable.
 - (c) According to the information and explanations given to us and as represented to us by the management, there are no whistle blower complaints received by the Company during the year.
- xii) In our opinion and according to the information and explanations given to us, the Company is not a Nidhi Company. Accordingly, reporting under provisions of paragraphs 3(xii) (a) to (c) of the Order is not applicable to the Company.
- xiii) According to the information and explanations and records made available to us by the Company and audit procedures performed by us, all transactions with related parties are in compliance with sections 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the standalone financial statements, as required by the applicable accounting standards.
- xiv) (a) In our opinion the Company has an internal audit system commensurate with the size and nature of its business.
 - (b) We have considered the internal audit reports of the Company issued during the financial year for the period under audit.
- xv) According to the information and explanations given to us, in our opinion during the year the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence provisions of section 192 of the Act are not applicable to the Company.
- xvi) (a) According to the information and explanations given to us, the Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, reporting under provisions of paragraph 3(xvi)(a) of the Order is not applicable.
 - (b) The Company has not conducted any Non-Banking Financial or Housing Finance activities. Accordingly, reporting under provisions of paragraph 3(xvi)(b) of the Order is not applicable.
 - (c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, reporting under provisions of paragraph 3(xvi)(c) of the Order is not applicable.
 - (d) According to the information and explanations given to us, the Group does not have more than one Core Investment Company (CIC), therefore reporting under provisions of paragraph 3 (xvi) (d) of the Order is not applicable to the Company.

Annexure B to the Independent Auditor's report

The Annexure referred to in Paragraph 2 (A) (g) under 'Report on Other Legal and Regulatory Requirements' of our Independent Auditor's Report to the members of the Company on the standalone financial statements for the year ended March 31, 2023:

Report on the Internal Financial Controls with reference to standalone financial statements under Clause (i) of Subsection 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to standalone financial statements of Godrej Industries Limited ("the Company") as at March 31, 2023 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to standalone financial statements, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to standalone financial statements.

Meaning of Internal Financial controls with Reference to Standalone Financial Statements

A company's internal financial controls with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to standalone financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial controls with Reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial controls with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2023, based on the criteria for internal financial control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Notes to the Standalone Financial Statements

Note 1: General Information

1 Corporate Information

Godrej Industries Limited ("the Company") was incorporated under the Companies Act, 1956 on March 7, 1988 under the name of Gujarat-Godrej Innovative Chemicals Limited. The business and undertaking of the erstwhile Godrej Soaps Limited was transferred to the Company under a Scheme of Amalgamation with effect from April 1, 1994 and the Company's name was changed to Godrej Soaps Limited. Subsequently, under a Scheme of Arrangement the Consumer Products division of the Company was demerged with effect from April 1, 2001 into a separate company, Godrej Consumer Products Limited (GCPL).

The Company's name was changed to Godrej Industries Limited on April 2, 2001. The Vegetable Oils and Processed Foods Manufacturing business of Godrej Foods Limited was transferred to the Company with effect from June 30, 2001. The Foods division (except Wadala factory) was then sold to Godrej Hershey Limited, on March 31, 2006. Swadeshi Detergents Limited, 100% subsidiary of the Company, was amalgamated with the Company effective from April 01, 2013. Wadala Commodities Limited was amalgamated with the Company effective from April 01, 2014. Vora Soaps Limited was amalgamated with the Company effective from December 14, 2017.

The Company is domiciled in India and is listed on BSE Limited (BSE) and The National Stock Exchange of India Limited (NSE). The Company's registered office is at Godrej One, Pirojshanagar, Eastern Express Highway, Vikhroli (east), Mumbai – 400 079. The Company is engaged in the businesses of manufacture and marketing of oleo-chemicals, their precursors and derivatives, bulk edible oils & seeds, estate management and investment activities.

2 (a) Basis of preparation

These standalone financial statements have been prepared on accrual basis to comply in all material aspects with the Indian Accounting Standards (hereinafter referred to as the "Ind As") as notified by Ministry of Corporate Affairs pursuant to section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016 and other generally accepted accounting principles in India.

The standalone financial statements have been prepared on a going concern basis. The accounting policies are applied consistently to all the periods presented in the financial statements. All assets and liabilities have been classified as current or non current as per the Company's normal operating cycle and other criteria as set out in the Division II of Schedule III to the Companies Act, 2013. Based on the nature of products and services and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

The standalone financial statements of the Company for the year ended March 31, 2023 were approved for issue in accordance with the resolution of the Board of Directors on May 19, 2023.

(b) Basis of measurement

These financial statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value:-

- Certain financial assets and liabilities (including derivative instruments) measured at fair value (refer accounting policy 9 regarding financial assets and 10 regarding financial liabilities)
- Defined benefit plans plan assets/(liability) and share-based payments measured at fair value (Refer Note 39 and 40)

3 Functional and presentation currency

The standalone financial statements are presented in Indian rupees, which is the Company's functional currency. All amounts have been rounded to the nearest crore, unless otherwise indicated.

4 Key estimates, Judgements and assumptions

The preparation of financial statements requires Management to make judgments, estimates and assumptions in the

Notes to the Standalone Financial Statements

Note 1 : General Information (Continued)

application of accounting policies that affect the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Continuous evaluation is done on the estimation and judgments based on historical experience and other factors, including expectations of future events that are believed to be reasonable.

Information about critical judgments in applying accounting policies that have the most significant effect on the carrying amounts of assets and liabilities and in respect of assumptions and estimates on uncertainties are as follows:-

- Determination of the estimated useful lives of tangible assets and the assessment as to which components of the cost may be capitalized. (refer accounting policy 1 regarding Property, plant and equipment)
- Impairment of Property, Plant and Equipments, Investments and Investment Property (Refer Note 3 and 4)
- Recognition and measurement of defined benefit obligations (Refer Note 19, 24 and 39)
- Recognition of deferred tax assets (Refer Note 7 and 37)
- Fair value of financial instruments (Refer Note 42)
- Provisions and Contingent Liabilities (Refer Note 19, 24 and 25)
- Leases (Refer Note 38)

5 Standards issued but not yet effective

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Rules, 2015 by issuing the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1, 2023, as below:

Ind AS 1 - Presentation of Financial Statements

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general purpose financial statements. The Company does not expect this amendment to have any significant impact in its standalone financial statements.

Ind AS 12 - Income Taxes

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Company does not expect this amendment to have any significant impact in its standalone financial statements.

Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors

The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in standalone financial statements to be measured in a way that involves measurement uncertainty.

None of the amendments notified by MCA, which are applicable from April 1, 2023, are expected to have any material impact on the standalone financial statements of the Company.

6 Measurement of fair values

The Company's accounting policies and disclosures require the measurement of fair values for financial instruments.

The Company has an established control framework with respect to the measurement of fair values. The Management regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the Management assesses the evidence obtained from the

Note 1 : General Information (Continued)

third parties to support the conclusion that such valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which such valuations should be classified.

When measuring the fair value of a financial asset or a financial liability, the Company uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

Note 2 : Significant Accounting Policies

1 Property, Plant and Equipment

(i) Recognition and measurement

Property, plant and equipment (PPE) are measured at Original cost net of tax / duty credit availed less accumulated depreciation and accumulated impairment losses, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Advances paid towards the acquisition of PPE outstanding at each reporting date are classified as capital advances under Other Non-Current Assets and Property, plant and equipment which are not ready for intended use as on the date of Balance Sheet are disclosed as "Capital work-in-progress".

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Capital expenditure on tangible assets for Research and Development is classified under Property, Plant and Equipment and is depreciated on the same basis as other property, plant and equipment.

Property, Plant and equipment are derecognised from financial statement on disposal and gains or losses arising from disposal are recognised in the Statement of Profit and Loss in the year of occurrence.

(ii) Subsequent expenditure

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the Statement of Profit and Loss during the period in which they are incurred.

When significant parts of Property, Plant and Equipments are required to be replaced, the Company derecognises the replaced part and recognises the new part with it's own associated useful life and it is depreciated accordingly.

(iii) Depreciation

Depreciation is provided, under the Straight Line Method, pro rata to the period of use, based on useful lives specified in Schedule II to the Companies Act, 2013 except where the Company, based on technical evaluation, the condition of the plants, regular maintenance schedule, material of construction and past experience, has considered useful life of the following items of PPE different from that prescribed in Schedule II to the Act.

Note 2 : Significant Accounting Policies (Continued)

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

The range of useful lives of the Property, Plant and Equipment are as follows:

- a) Plant and Machinery 7 30 years
- b) Furniture and fixtures 7- 10 years
- c) Office Equipments 2 5 years
- d) Factory Building 10- 30 years
- e) Non Factory Building 10- 60 years
- f) Vehicles 3- 8 years
- g) Computer Hardware 3 5 years
- h) Assets costing less than INR 5,000 are depreciated at 100% in the year of acquisition.

2 Investment Property

(i) Recognition and measurement

Investment Property comprises of Freehold Land and Buildings.

Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

Though the Company measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on an annual evaluation performed by an accredited external independent valuer.

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in the Statement of Profit and Loss in the period of derecognition.

(ii) Depreciation

Depreciation on Building classified as Investment Property is provided, under the Straight Line Method, pro rata to the period of use, based on useful lives specified in Schedule II to the Companies Act, 2013.

3 Intangible Assets

(i) Recognition and measurement

Intangible assets are recognised when it is probable that future economic benefits that are attributable to concerned assets will flow to the Company and the cost of the assets can be measured reliably.

Intangible assets are initially measured at cost and are subsequently measured at cost less accumulated amortization (other than goodwill and indefinite life intangibles) and any accumulated impairment losses.

Gain or loss arising from derecognition of an intangible asset is recognised in the Statement of Profit and Loss.

(ii) Amortisation

Intangible Assets are amortised over the estimated useful life on Straight Line Method (SLM).

The useful lives of Intangible assets are assessed as either finite or indefinite. The amortisation period and the amortisation method for an intangible asset with finite useful life are reviewed at the end of each reporting period. Changes in the expected useful life or expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. Indefinite life intangibles are not amortised but are tested for impairment annually and whenever there is an indication that the intangible asset may be impaired.

Computer Software is amortised in a Straight Line basis over a period of 3 years.

Note 2 : Significant Accounting Policies (Continued)

4 Impairment of non-financial assets

The carrying values of assets / cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists.

If the carrying amount of the assets exceed the estimated recoverable amount, impairment is recognized for such excess amount. The impairment loss is recognized as an expense in the Statement of Profit and Loss, unless the asset is carried at revalued amount, in which case any impairment loss of the revalued asset is treated as a revaluation decrease to the extent a revaluation reserve is available for that asset.

When there is indication that an impairment loss recognised for an asset in earlier accounting periods which no longer exists or may have decreased, such impairment loss is reversed in the Statement of Profit and Loss only, to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation, if no impairment loss had been recognised.

5 Investments in Subsidiaries and Associates

Investments in subsidiaries and associates are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiaries, associate and jointly controlled entities, the difference between net disposal proceeds and the carrying amounts are recognized in the Statement of Profit and Loss.

6 Inventories

Inventories are measured at the lower of cost and net realisable value. The cost of inventories is determined using the weighted average method. In the case of manufactured inventories and work in progress, cost includes an appropriate share of production overheads based on normal operating capacity. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

If payment for inventory is deferred beyond normal credit terms then cost is determined by discounting the future cash flows at an interest rate determined with reference to market rates. The difference between the total cost and the deemed cost is recognised as interest expense over the period of financing under the effective interest method.

Slow and non-moving material, obsolescence, defective inventories are duly provided for and valued at lower of cost and net realizable value. Goods and materials in transit are valued at actual cost incurred upto the date of balance sheet. Materials and supplies held for use in the production of inventories are not written down if the finished products in which they will be used are expected to be sold at or above cost.

7 Cash and Cash Equivalents

Cash and cash equivalents in the balance sheet comprise cash on hand, bank balances and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the Statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

8 Assets held for Sale

Non-current assets or disposal groups comprising of assets and liabilities are classified as 'held for sale' when all of the following criteria's are met: (i) decision has been made to sell. (ii) the assets are available for immediate sale in its present condition. (iii) the assets are being actively marketed and (iv) sale has been agreed or is expected to be concluded within 12 months of the Balance Sheet date.

Subsequently, such non-current assets and disposal groups classified as held for sale are measured at the lower of its carrying value and fair value less costs to sell. Non-current assets held for sale are not depreciated or amortised.

Note 2 : Significant Accounting Policies (Continued)

9 Financial Assets

(i) Initial recognition and measurement

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instrument.

On initial recognition, a financial asset is recognised at fair value, in case of Financial assets which are recognised at fair value through profit and loss (FVTPL), its transaction cost is recognised in the Statement of Profit and Loss. In other cases, the transaction cost is attributed to the acquisition value of the financial asset.

(ii) Classification and Subsequent measurement

Financial assets are subsequently classified and measured at

- amortised cost
- fair value through profit and loss (FVTPL)
- fair value through other comprehensive income (FVOCI).

Financial assets are not reclassified subsequent to their recognition, except if and in the period the Company changes its business model for managing financial assets.

(iii) Trade Receivables:

Trade receivables are initially recognised at their transaction price (as defined in Ind AS 115) unless those contain significant financing component determined in accordance with Ind AS 115 (or when the entity applies the practical expedient in accordance with para 63 of Ind AS 115). As a practical expedient, the Company uses a provision matrix to measure lifetime ECL on its portfolio of trade receivables. The provision matrix is prepared based on historically observed default rates over the expected life of trade receivables and is adjusted for forward looking estimates. At each reporting date, the historically observed default rates and changes in the forward-looking estimates are updated.

(iv) Debt Instruments

Debt instruments are initially measured at amortised cost, fair value through other comprehensive income ('FVOCI') or fair value through profit or loss ('FVTPL') till derecognition on the basis of (i) the Company's business model for managing the financial assets and (ii) the contractual cash flow characteristics of the financial asset.

- (a) Measured at amortised cost: Financial assets that are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows that are solely payments of principal and interest, are subsequently measured at amortised cost using the effective interest rate ('EIR') method less impairment, if any. The amortisation of EIR and loss arising from impairment, if any is recognised in the Statement of Profit and Loss.
- (b) Measured at fair value through other comprehensive income: Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognized in the other comprehensive income (OCI). Interest income measured using the EIR method and impairment losses, if any are recognised in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognised in OCI is reclassified from the equity to 'Other Income' in the Statement of Profit and Loss.
- (c) Measured at fair value through profit or loss: A financial asset not classified as either amortised cost or FVOCI, is classified as FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised as 'Other Income' in the Statement of Profit and Loss.

(v) Equity Instruments

All investments in equity instruments classified under financial assets are initially measured at fair value and the Company may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL.

Note 2 : Significant Accounting Policies (Continued)

The Company makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument is recognised as other income in the Statement of Profit and Loss unless the Company has elected to measure such instrument at FVOCI. Fair value changes excluding dividends, on an equity instrument measured at FVOCI are recognized in OCI. Amounts recognised in OCI are not subsequently reclassified to the Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised as 'Other Income' in the Statement of Profit and Loss.

(vi) Derecognition

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the contractual rights to receive the cash flows from the asset.

(vii) Impairment of Financial Asset

Expected credit losses are recognized for all financial assets subsequent to initial recognition other than financial assets in FVTPL category.

For financial assets other than trade receivables, as per Ind AS 109, the Company recognises 12 month expected credit losses for all originated or acquired financial assets if at the reporting date the credit risk of the financial asset has not increased significantly since its initial recognition. The expected credit losses are measured as lifetime expected credit losses if the credit risk on financial asset increases significantly since its initial recognition. The Company's trade receivables do not contain significant financing component and loss allowance on trade receivables is measured at an amount equal to life time expected losses i.e. expected cash shortfall.

The impairment losses and reversals are recognised in Statement of Profit and Loss.

10 Financial Liabilities

(i) Initial recognition and measurement

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

(ii) Subsequent measurement

Financial liabilities are subsequently measured at amortised cost using the EIR (Effective Interest Rate) method or are measured at fair value through profit and loss with changes in fair value being recognised in the Statement of Profit and Loss.

(iii) Derecognition

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires. Financial Liability is also derecognised on modification of terms of contract and when cashflows under modified terms are substantially different.

11 Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

12 Derivative financial instruments

The Company uses derivative financial instruments, such as forward currency contracts and interest rate swaps, to hedge its foreign currency risks and interest rate risks respectively. The Company also uses commodity futures contracts to hedge the exposure to oil price risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value at the end of each reporting period. The subsequent changes in fair value are recorded in Statement of Profit and Loss.

Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. The Company does not follow hedge accounting.

Note 2 : Significant Accounting Policies (Continued)

13 Provisions and Contingent Liabilities

Provisions are recognized when the Company has a present obligation as a result of a past event; it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and when a reliable estimate of the amount of the obligation can be made. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date. The expenses relating to a provision is presented in the Statement of Profit and Loss net of any reimbursement.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows specific to the liability. The unwinding of the discount is recognised as finance cost.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

A contingent asset is not recognised but disclosed in the financial statements where an inflow of economic benefit is probable.

Capital Commitments includes the amount of purchase orders (net of advance) issued to parties for acquisition of assets.

Provisions, contingent assets, contingent liabilities and commitments are reviewed at each balance sheet date.

14 Revenue Recognition

Revenue from contracts with customers

"As per provision of IND AS 115 - 'Revenue from Contracts with Customer-', revenue is recognised on transfer of control of goods or services to a customer at an amount that reflects the consideration to which the Company is expected to be entitled to in exchange for those goods or services. Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold, and services rendered is net of variable consideration on account of discounts offered by the Company as part of the contractual obligation. Revenue (net of variable consideration) is recognised only to the extent that it is highly probable that the amount will not be subject to significant uncertainty regarding the amount of consideration that will be derived from the sale of goods. The performance obligation in case of sale of goods is satisfied at a point in time i.e., when the material is shipped to the customer or on delivery to the customer, as may be specified in the contract.

Sales are recognised when goods are supplied and control over the goods sold is transferred to the buyer which is on dispatch / delivery as per the terms of contracts. Sales are net of returns, trade discounts, rebates and sales taxes / Goods and Service Tax (GST).

Income from processing operations is recognised on completion of production / dispatch of the goods, as per the terms of contract.

Other Operating Revenue

Dividend income is recognised when the right to receive the same is established, it is probable that the economic benefits associated with the dividend will flow to the Company and the amount of dividend can be measured reliably.

Export Incentives are accrued when there is reasonable assurance that they will be received and the Company will comply with the conditions associated with such incentives.

Other Income

Income on assets given on operating lease is recognised on a straight line basis over the lease term in the Statement of Profit and Loss.

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR), which is the rate that discounts the estimated future cash payments or receipts through the expected life of the financial instruments or a shorter period, where appropriate, to the net carrying amount of the financial assets. Interest income is included in other income in the Statement of Profit and Loss.

Note 2 : Significant Accounting Policies (Continued)

15 Employee Benefits

(i) Short-Term Employee Benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits. Benefits such as salaries, performance incentives, etc., are recognized as an expense at the undiscounted amount in the Statement of Profit and Loss of the year in which the employee renders the related service.

The Company has a scheme of Performance Linked Variable Remuneration (PLVR) which rewards its employees based on Economic Value Added (EVA) or Profit Before Tax (PBT) and Cashflow. The PLVR amount is related to actual improvement made in EVA or PBT and Cashflow over the previous year when compared with expected improvements.

(ii) Post Employment Benefits

(a) Defined Contribution Plans

Payments made to a defined contribution plan such as Provident Fund and Family Pension maintained with Regional Provident Fund Office are charged as an expense in the Statement of Profit and Loss as they fall due.

(b) Defined Benefit Plans

Gratuity Fund

The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and prior periods, after discounting the same. The calculation of defined benefit obligations is performed annually by a qualified actuary using the projected unit credit method. Re-measurement of the net defined benefit liability, which comprise actuarial gains and losses are recognized immediately in Other Comprehensive Income (OCI). Net interest expense (income) on the net defined liability (assets) is computed by applying the discount rate, used to measure the net defined liability (asset). Net interest expense and other expenses related to defined benefit plans are recognized in Statement of Profit and Loss. When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service or the gain or loss on curtailment is recognized immediately in Statement of Profit and Loss. The Company recognizes gains and losses on the settlement of a defined benefit plan when the settlement occurs.

Provident Fund

Provident Fund Contributions other than those made to the Regional Provident Fund Office of the Government which are made to the Trust administered by the Company are considered as Defined Benefit Plans. The interest rate payable to the members of the Trust shall not be lower than the statutory rate of interest declared by the Central Government under the Employees Provident Funds and Miscellaneous Provisions Act, 1952 and shortfall, if any which is determined on the basis of an actuarial valuation, shall be made good by the Company.

The calculation of defined benefit obligations is performed at each reporting period by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Company, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan. To calculate the present value of economic benefits, consideration is given to any applicable minimum funding requirements.

Pension

Pension plan for eligible employees are considered as defined benefit obligations and are provided for on the basis of an actuarial valuation, using the Projected Unit Credit Method, as at the date of the Balance Sheet.

(iii) Other Long-Term Employee Benefits

The Company's net obligation in respect of other long-term employee benefits is the amount of future benefit that employees have earned in return for their service in the current and prior periods and are provided for on the basis of an actuarial valuation, using the Projected Unit Credit Method, as at the date of the Balance Sheet. Remeasurement

Note 2 : Significant Accounting Policies (Continued)

of net obligation are recognised immediately in the Statement of Profit and Loss.

(iv) Termination Benefits

All terminal benefits are recognized as an expense in the period in which they are incurred.

16 Share-Based Payments

Employees of the Company also receive remuneration in the form of share based payments in consideration of the services rendered.

Under the equity settled share based payment, the fair value on the grant date of the awards given to employees is recognised as 'employee benefit expenses' with a corresponding increase in equity over the vesting period. The fair value of the options at the grant date is calculated on the basis of the Black Scholes model. At the end of each reporting period, apart from the non market vesting condition, the expense is reviewed and adjusted to reflect changes to the level of options expected to vest. When the options are exercised, the Company issues fresh equity shares.

When the terms of an equity-settled award are modified, an additional expense is recognised for any modification that increases the total fair value of the share-based payment transaction, or is otherwise beneficial to the employee as measured at the date of modification.

17 Leases

Effective 1st April, 2019, the company adopted IND AS 116 - Leases.

At the inception it is assessed, whether a contract is a lease or contains a lease. A contract is a lease or contains a lease if it conveys the right to control the use of an identified asset, for a period of time, in exchange for consideration.

To assess whether a contract conveys the right to control the use of an identified asset, company assesses whether the contract involves the use of an identified asset. Use may be specified explicitly or implicitly.

- (i) Use should be physically distinct or represent substantially all of the capacity of a physically distinct asset.
- (ii) If the supplier has a substantive substitution right, then the asset is not identified.
- (iii) Company has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use.
- (iv) Company has the right to direct the use of the asset.
- (v) In cases where the usage of the asset is predetermined the right to direct the use of the asset is determined when the company has the right to use the asset or the company designed the asset in a way that predetermines how and for what purpose it will be used.

At the commencement or modification of a contract, that contains a lease component, company allocates the consideration in the contract, to each lease component, on the basis of its relative standalone prices. For leases of property, it is elected not to separate non-lease components and account for the lease and non-lease components as a single lease component.

As a Lessee:

Company recognizes a right-of-use asset and a lease liability at the lease commencement date.

Right-of-use asset (ROU):

The right-of-use asset is initially measured at cost. Cost comprises of the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, any initial direct costs incurred by the lessee, an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located less any lease incentives received.

After the commencement date, a lessee shall measure the right-of-use asset applying cost model, which is Cost less any accumulated depreciation and any accumulated impairment losses and also adjusted for certain re-measurements of the lease liability.

Note 2 : Significant Accounting Policies (Continued)

Right-of-use asset is depreciated using straight-line method from the commencement date to the earlier of end of the useful life of the ROU asset or the end of the lease term. If the lease transfers the ownership of the underlying asset to the Company at the earlier of the useful life of the ROU asset or the end of the lease term or/if the cost of the right-of-use asset reflects that the Company will exercise the purchase option, ROU will be depreciated from the commencement date to the end of the useful life of the underlying asset.

Lease liability:

Lease liability is initially measured at the present value of lease payments that are not paid at the commencement date. Discounting is done using the implicit interest rate in the lease, if that rate cannot be readily determined, then using company's incremental borrowing rate. Incremental borrowing rate is determined based on entity's borrowing rate adjusted for terms of the lease and type of the asset leased.

Lease payments included in the measurement of the lease liability comprises of fixed payments (including in substance fixed payments), variable lease payments that depends on an index or a rate, initially measured using the index or rate at the commencement date, amount expected to be payable under a residual value guarantee, the exercise price under a purchase option that the company is reasonably certain to exercise, lease payments in an optional renewal period if the company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the company is reasonably certain not to terminate early.

Lease liability is measured at amortised cost using the effective interest method. Lease liability is re-measured when there is a change in the lease term, a change in its assessment of whether it will exercise a purchase, extension or termination option or a revised in-substance fixed lease payment, a change in the amounts expected to be payable under a residual value guarantee and a change in future lease payments arising from change in an index or rate.

When the lease liability is re-measured corresponding adjustment is made to the carrying amount of the right-of-use asset. If the carrying amount of the right-of-use asset has been reduced to zero it will be recorded in statement of profit and loss.

Right-of-use asset is presented as a separate category under "Non-current assets" and lease liabilities are presented under "Financial liabilities" in the balance sheet.

Company has elected not to recognise right-of-use assets and lease liabilities for short term leases. The lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term.

Lessor:-

At the commencement or modification of a contract, that contains a lease component, the Company allocates the consideration in the contract, to each lease component, on the basis of its relative standalone prices.

At the inception of the lease, it is determined whether it is a finance lease or an operating lease. If the lease transfers substantially all of the risks and rewards incidental to ownership of the underlying asset, then it is a financial lease, otherwise it is an operating lease.

If the lease arrangement contains lease and non-lease components, then the consideration in the contract is allocated using the principles of IND AS 115. The company tests for the impairment losses at the year end. Payment received under operating lease is recognised as income on straight line basis, over the lease term.

18 Research and Development Expenditure

Revenue expenditure on Research & Development is charged to the Statement of Profit and Loss of the year in which it is incurred. Capital expenditure incurred during the year on Research & Development is included under additions to Property, Plant and Equipment (PPE).

19 Borrowing Costs

Borrowing costs are interest and other costs that the Company incurs in connection with the borrowing of funds and is measured with reference to the effective interest rate applicable to the respective borrowing. Borrowing costs that are directly attributable to the acquisition of an asset that necessarily takes a substantial period of time to get ready for its

Note 2 : Significant Accounting Policies (Continued)

intended use are capitalised as part of the cost of that asset till the date it is put to use. Other borrowing costs are recognised as an expense in the period in which they are incurred.

20 Foreign Exchange Transactions

- (i) The standalone financial statements of the Company are presented in Indian Rupee (INR), which is the Company's functional and presentation currency.
- (ii) Transactions in foreign currency are recorded at exchange rates prevailing on the date of the transaction. Monetary assets and liabilities denominated in foreign currency, remaining unsettled at the period end are translated at closing rates. The difference in translation of monetary assets and liabilities and realised gains and losses on foreign currency transactions are recognised in the Statement of Profit and Loss. Non-monetary items that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction.
- (iii) Realised gains or losses on cancellation of forward exchange contracts are recognised in the Standalone Statement of Profit and Loss of the period in which they are cancelled.

21 Taxes on Income

Income tax expense comprises current and deferred tax and is recognized in the Statement of Profit and Loss except to the extent that it relates to items recognized directly in equity or in OCI.

(i) Current Tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date.

(ii) Deferred Tax

Deferred income tax is recognised using the balance sheet approach in respect of temporary differences arising between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes.

Deferred tax assets are recognized for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized; such reductions are reversed when the probability of future taxable profits improves.

Unrecognized deferred tax assets are reassessed at each reporting date and recognized to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, using tax rates enacted or substantively enacted at the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred Tax assets and liabilities are offset only if:

- a) the entity has a legally enforceable right to set off current tax assets against current tax liabilities; and
- b) the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity.

22 Earnings Per Share

Basic Earnings per share is calculated by dividing the profit / (loss) for the period attributable to the equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the profit / (loss) for the period attributable to the equity shareholders and the weighted average number of equity shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

		0.90	0.87

Notes:

- 1 There are no loans which have significant increase in credit risk.
- The Company had advanced an amount of ₹ 10.33 crores under diverse loan-cum-pledge agreements to certain individuals who had pledged certain equity shares as security. The Company enforced its security and lodged the shares for transfer in its name. The said transfer application of the Company was rejected, and the Company had preferred an application to the Company Law Board (CLB) against rejection of the said transfer application. The CLB rejected the application of the Company and advised the parties to approach the High

Court. The Company filed an appeal before the Hon'ble Bombay High Court against the order of the Company Law Board under section 10F of the Companies Act, which was disposed with the direction that the transfer of shares be kept in abeyance till the pendency of the arbitration proceedings between the parties. The Hon'ble Bombay High Court had by its order dated September 18, 2012, restrained the Company from *inter alia*, dealing, selling or creating third party rights, etc. in the pledged shares and referred the matter to arbitration. The Company filed a Special Leave Petition (SLP) before the Supreme Court against this interim order of the Hon'ble Bombay High Court which was dismissed by the Hon'ble Supreme Court. The Ld. Sole Arbitrator, Justice (Retired)*, A.P. Shah on June 29, 2019 passed an Award ruling that the Company shall return all the pledged shares along with the original loan-cum-pledge agreements and the power of attorneys executed by the said individuals in favour of the Company to the said individuals upon the said individuals repaying an amount of ₹ 10.33 crores to the Company.

The Company has challenged this Award before the Hon'ble High Court of Bombay by way of Section 34 petition under the Arbitration & Conciliation Act,1996. The Hon'ble Bombay High Court by its Order dated September 13, 2019 has stayed the operation and execution of the said Award dated June 29, 2019 till the final disposal of the said Section 34 Petition. The matter is pending for final hearing before the Hon'ble Bombay High Court.

The management is confident of recovery of this amount as the underlying value of the said shares is substantially greater than the amount of loan advanced. However, on a conservative basis, the Company has provided for the entire amount of ₹ 10.33 crore in the books of account.

B Nature and purpose of reserve

- 1 Capital Redemption Reserve : The Company recognised Capital Redemption Reserve on buyback of equity shares from its retained earnings.
- 2 Securities Premium Account: The amount received in excess of face value of the equity shares is recognised in Securities Premium Account. In case of equity-settled share based payment transactions, the difference between fair value on grant date and nominal value of share is accounted as securities premium reserve. This Reserve can be used only for the purposes specified in the Companies Act, 2013.
- 3 Capital Reserve: During amalgamation, the excess of net assets taken, over the cost of consideration paid is treated as capital reserve.
- 4 Employee Stock Grants Outstanding: The fair value of the equity-settled share based payment transactions with employees is recognised in Statement of Profit and Loss with corresponding credit to Employee Stock Options Outstanding Account.
- 5 General Reserve: The Company has transferred a portion of the net profit of the Company before declaring dividend to general reserve pursuant to the earlier provisions of Companies Act, 1956. Mandatory transfer to general reserve is not required under the Companies Act, 2013.
- 6 Retained Earnings: Retained earnings are the profits that the Company has earned till date, less any transfers to general reserve, dividends or other distributions paid to shareholders. These are stated net of amount relating to Remeasurement of defined benefit plans.

Notes:

- 1 The Company has reviewed all its pending litigations and proceedings and has adequately provided for where provisions are required and disclosed as contingent liabilities where applicable, in its financial statements. The Company does not expect the outcome of these proceedings to have a materially adverse effect on its financial statements.
- 2 It is not practical for the Company to estimate the timings of cash outflows, if any, in respect of the above pending resolution of the respective proceedings as it is determinable only on receipt of judgements/decisions pending with various forums/authorities.
- 3 The Company had received a notice from a Lessor demanding differential rent amounting to ₹ 159.58 crores upto March 31, 2023, for certain plots of land situated at Wadala. The Company has filed detailed replies denying any liability to pay such differential lease rental. Management has obtained legal advice, basis which, the Company believes that it has a very strong case and accordingly, no provision for the same has been made in the financial Statements but has been considered as a contingent liability.
- 4 Detail of Guarantee given covered under section 186 (4) of the Companies Act, 2013 :

The Corporate surety bond of ₹ 31.65 crore (previous year ₹ 32.56 crore) is in respect of refund received from excise authority for exempted units (North East) of Godrej Consumer Products Limited, an Associate company.

The Company offsets tax assets and liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority.

Significant Management judgement is required in determining provision for income tax, deferred income tax assets and liabilities and recoverability of deferred income tax assets. The recoverability of deferred income tax assets is based on estimates of taxable income in which the relevant entity operates and the period over which deferred income tax assets will be recovered.

Deferred tax assets are recognized for unused tax losses, unused tax credits and deductible temporary differences to the extent that it is probable that future taxable profits will be available against which they can be used. Details of unused tax losses is given in note 5 below.

As the Company does not have any intention to dispose off investments in unlisted subsidiaries and associates in the foreseeable future, deferred tax asset on indexation benefit in relation to such investments has not been recognised.

Note 39: Employee Benefits

1 DEFINED CONTRIBUTION PLAN

Provident Fund:

The contributions to the Provident Fund and Family Pension Fund of certain employees are made to a Government administered Provident Fund and there are no further obligations beyond making such contribution.

2 DEFINED BENEFIT PLAN

Gratuity:

The Company participates in the Employees' Group Gratuity-cum-Life Assurance Scheme of ICICI Prudential Life Insurance Co. Ltd, HDFC Standard Life Insurance Co. Ltd. and SBI Life Insurance Co. Ltd, a funded defined benefit plan for qualifying employees. Gratuity is payable to all eligible employees on death or on separation / termination in terms of the provisions of the Payment of Gratuity (Amendment) Act, 1997, or as per the Company's scheme whichever is more beneficial to the employees.

The liability for the Defined Benefit Plan is provided on the basis of a valuation, using the Projected Unit Credit Method, as at the Balance Sheet date, carried out by an independent actuary.

Provident Fund:

The Company manages the Provident Fund plan through a Provident Fund Trust for a majority of its employees which is permitted under The Employees' Provident Fund and Miscellaneous Provisions Act, 1952. The plan envisages contribution by the employer and employees and guarantees interest at the rate notified by the Provident Fund authority. The contribution by employer and employee, together with interest, are payable at the time of separation from service or retirement, whichever is earlier.

The Company has an obligation to fund any shortfall on the yield of the trust's investments over the administered interest rates on an annual basis. These administered rates are determined annually predominantly considering the social rather than economic factors and the actual return earned by the Company has been higher in the past years. The actuary has provided a valuation for provident fund liabilities on the basis of guidance issued by Actuarial Society of India and based on the below provided assumptions there is no shortfall as at March 31, 2023.

Provident Fund Corpus	107.88	101.38

Valuation assumptions under Deterministic Approach:

Weighted Average Yield 8.42%

Guaranteed Rate of Interest 8.15%

Pension:

The Company has Pension plan for eligible employees. The liability for the Defined Benefit Plan is provided on the basis of a valuation, using the Projected Unit Credit Method, as at the Balance Sheet date, carried out by an independent actuary.

3 Basis Used to Determine Expected Rate of Return on Assets:

The expected return on plan assets of 7.35% p.a. has been considered based on the current investment pattern in Government securities.

4 Amounts Recognised as Expense:

i) Defined Contribution Plan

Employer's Contribution to Provident Fund amounting to ₹ 4.16 crore (previous year ₹ 4.41 crore) has been included in Note 31 Employee Benefits Expenses.

ii) Defined Benefit Plan

Gratuity cost amounting to ₹ 2.44 crore (previous year ₹ 2.48 crore) has been included in Note 31 Employee Benefits Expenses.

Note 40: Employee Stock Benefit Plans

1 Employee Stock Grant Scheme

- (a) The Company had set up the Employees Stock Grant Scheme 2011 (ESGS) pursuant to the approval by the Shareholders at their Meeting held on January 17, 2011.
- (b) The ESGS Scheme is effective from April 1, 2011, (the "Effective Date") and shall continue to be in force until (i) its termination by the Board or (ii) the date on which all of the shares to be vested under Employee Stock Grant Scheme 2011 have been vested in the Eligible Employees and all restrictions on such Stock Grants awarded under the terms of ESGS Scheme, if any, have lapsed, whichever is earlier.
- (c) The Scheme applies to the Eligible Employees who are in whole time employment of the Company or its Subsidiary Companies. The entitlement of each employee would be decided by the Compensation Committee of the respective Company based on the employee's performance, level, grade, etc.
- (d) The total number of Stock Grants to be awarded under the ESGS Scheme are restricted to 25,00,000 (Twenty Five Lac) fully paid up equity shares of the Company. Not more than 5,00,000 (Five Lac) fully paid up equity shares or 1% of the issued equity share capital at the time of awarding the Stock Grant, whichever is lower, can be awarded to any one employee in any one year.
- (e) The Stock Grants shall vest in the Eligible Employees pursuant to the ESGS Scheme in the proportion of 1/3rd at the end of each year from the date on which the Stock Grants are awarded for a period of three consecutive years, or as may be determined by Compensation Committee, subject to the condition that the Eligible Employee continues to be in employment of the Company or the Subsidiary company as the case may be.
- (f) The Eligible Employee shall exercise her / his right to acquire the shares vested in her / him all at one time within 1 month from the date on which the shares vested in her / him or such other period as may be determined by the Compensation Committee.
- (g) The Exercise Price of the shares has been fixed at ₹1 per share. The fair value of the employee share options has been measured using the Black-Scholes Option Pricing Model and charged to the Statement of Profit and Loss. The value of the options is treated as a part of employee compensation in the financial statements and is amortised over the vesting period.

Following table lists the average inputs to the model used for the plan:

Particulars	Year Ended	Year Ended	Description of the Inputs used
	March 31, 2023	March 31, 2022	
Dividend yield %	0.00%	0.00%	Dividend yield of the options is based on recent dividend activity.
Expected volatility %	10%-13%	12%-14%	Expected volatility of the option is based on historical volatility, during a period equivalent to the option life, of the observed market prices of the Company's publicly traded equity shares.
Risk free Interest rate %	5.9% to 6.8%	4.4% to 5.3%	Risk-free interest rates are based on the government securities yield in effect at the time of the grant.
Expected life of share options	1 to 3 years	1 to 3 years	
Weighted Average Market price on date of granting the options (₹)	433.65	560.70	

(h) The Status of the above plan is as under:

Particulars	Year Ended March 31, 2023	Year Ended March 31, 2022	Weighted average Exercise	Weighted average Share
			Price (₹)	Price (₹)
Options Outstanding at the Beginning of the Year	108,069	120,389		
Options Granted	70,305	56,466		
Options Vested	53,944	59,215	1.00	450.40
Options Exercised	53,944	59,215	1.00	459.10
Options Lapsed / Forfeited	15,000	9,571		
Total Options Outstanding at the end of the year	109,430	108,069	•	

(i) The weighted average exercise price of the options outstanding as on March 31, 2023 is ₹ 1 (previous year ₹ 1 per share) and the weighted average remaining contractual life of the options outstanding as on March 31, 2023 is 0.88 years (previous year 0.84 years).

Note 42 : Fair Value Measurement

Refer Note 2 sub note 9 & 10 for accounting policy on Financial Instruments.

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

^{*} The fair value in respect of the unquoted equity investments cannot be reliably estimated. The Company has currently measured them at net book value as per the latest audited financial statements available.

The Fair value of cash and cash equivalents, other bank balances, trade receivables, trade payables approximated their carrying value largely due to short term maturities of these instruments.

Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts.

2 Measurement of fair values

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly

Level 3: techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

- a. The fair values of investments in mutual fund units is based on the net asset value ('NAV') as stated by the issuers of these mutual fund units in the published statements as at Balance Sheet date. NAV represents the price at which the issuer will issue further units of mutual fund and the price at which issuers will redeem such units from the investors.
- b. The Company uses the Discounted Cash Flow valuation technique (in relation to financial assets measured at amortised cost and fair value through profit or loss) which involves determination of present value of expected receipt/ payment discounted using appropriate discounting rates. The fair value so determined for financial asset measured at fair value through profit and loss are classified as Level 2.
- c. The Company uses the discounted cash flow valuation technique (in relation to financial liabilities measured at amortised cost) which involves determination of the present value of expected payments, discounted using bank rate. The fair value of non-convertible debentures is valued using FIMMDA guidelines.

The following tables show the valuation techniques used in measuring Level 2 and Level 3 fair values, as well as the significant unobservable inputs used.

Туре	Valuation technique
Forward contracts	The fair value is determined using forward exchange rates at the reporting date.

Note 43: Financial Risk Management

1 Financial Risk Management objectives and policies

The Company's business activities are exposed to a variety of financial risks, namely Credit risk, Liquidity risk, Currency risk, Interest risks and Commodity price risk. The Company's Senior Management has the overall responsibility for establishing and governing the Company's risk management framework. The Company has constituted a Risk Management Committee, which is responsible for developing and monitoring the Company's risk management policies. The committee reports regularly to the Board of Directors on its activities.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

The audit committee oversees how Management monitors compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and adhoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

2 Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and loans and advances and Bank balances and derivative transactions.

The carrying amount of following financial assets represents the maximum credit exposure:

Trade receivables and loans and advances.

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer and the geography in which it operates. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business.

The Company has a policy under which each new customer is analysed individually for creditworthiness before offering credit period and delivery terms and conditions. The Company's export sales are backed by letters of credit and insured through Export Credit Guarantee Corporation. The Company bifurcates the Domestic Customers into Large Corporates, Distributors and others for Credit monitoring.

The Company maintains adequate security deposits for sales made to its distributors. For other trade receivables, the Company individually monitors the sanctioned credit limits as against the outstanding balances. Accordingly, the Company makes specific provisions against such trade receivables wherever required and monitors the same at periodic intervals.

The Company monitors individual loans and advances given and makes any specific provision wherever required.

Based on prior experience and an assessment of the current economic environment, Management believes there is no credit risk provision required. Also Company does not have any significant concentration of credit risk.

The ageing analysis of trade receivables is disclosed in Note 11

Note 43: Financial Risk Management (Continued)

3 Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Management monitors rolling forecasts of the Company's liquidity position on the basis of expected cash flows. This monitoring includes financial ratios and takes into account the accessibility of cash and cash equivalents.

The Company has access to funds from debt markets through loan from banks, commercial papers, fixed deposits from public and other Debt instruments. The Company invests its surplus funds in bank fixed deposits and debt based mutual funds.

4 Market risk

Market risk is the risk that changes in market prices – such as foreign exchange rates, interest rates – will affect the Company's income or the value of its holdings of financial instruments. Market risk is attributable to all market risk sensitive financial instruments including foreign currency receivables and payables and long term debt. The Company's exposure to market risk primarily related to foreign exchange rate risk, interest rate risk and the market value of investments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

4(i) Currency risk

The Company is exposed to currency risk on account of its Receivables for Exports and Payables for Imports in foreign currency. The functional currency of the Company is Indian Rupee. The Company manages currency exposures within prescribed limits, through use of forward exchange contracts. Foreign exchange transactions are covered with strict limits placed on the amount of uncovered exposure, if any, at any point in time.

Sensitivity analysis

A reasonably possible strengthening / (weakening) of the Indian Rupee against the foreign currencies at March 31 would have affected the measurement of financial instruments denominated in foreign currencies and affected equity and profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases.

Note 43: Financial Risk Management (Continued)

4(ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing investments because of fluctuations in the interest rates. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing investments will fluctuate because of fluctuations in the interest rates.

The Management is responsible for the monitoring of the Company's interest rate position. Various variables are considered by the Management in structuring the Company's borrowings to achieve a reasonable, competitive, cost of funding.

Exposure to interest rate risk

Company's interest rate risk arises from borrowings. The interest rate profile of the Company's interest-bearing financial instruments as reported to the Management of the Company is as follows:

₹ in Crore

Particulars	As at March 31, 2023	As at March 31, 2022
Fixed rate borrowings	6,569.28	5,592.58
Variable rate borrowings	307.70	561.54
	6,876.98	6,154.12

Fair value sensitivity analysis for fixed-rate instruments

The Company does not account for any fixed-rate financial assets or financial liabilities at fair value through profit or loss. Therefore, a change in interest rates at the reporting date would not affect profit or loss.

Cash flow sensitivity analysis for variable-rate instruments

A reasonably possible change of 100 basis points in interest rate would have resulted in variation in the interest expense for the Company by the amounts indicated in the table below. This analysis assumes that all other variables, in particular foreign currency exchange rates, remain constant. This calculation also assumes that the change occurs at the balance sheet date and has been calculated based on risk exposures outstanding as at that date. The year end balances are not necessarily representative of the average debt outstanding during the period.

4(iii) Commodity Price risk

The Company is exposed to commodity risks mainly due to price volatility in Palm oil derivatives and Rapeseed Oil. We enter into fixed price contracts with suppliers and in certain cases, enter into back to back sale contract with customers. We periodically review the open exposure of Raw material regularly.

Forward Contracts

The Company uses forward exchange contracts to hedge its foreign exchange exposure relating to the underlying transactions and firm commitment in accordance with its forex policy as determined by its Forex Committee. The Company does not use foreign exchange forward contracts for trading or speculation purposes.

Note 44: Capital Management

For the purpose of the Company's capital management, capital includes issued capital and other equity reserves. The primary objective of the Company's Capital Management is to maximise shareholders value. The Company manages its capital structure and makes adjustments in the light of changes in economic environment and the requirements of the financial covenants.

The Company monitors capital using Adjusted net debt to equity ratio. For this purpose, adjusted net debt is defined as total debt less cash and bank balances and current investments.

Note 46: Ratios (Continued)

Formulae used for Calculation of Key Ratios and Financial indicators:

Debt Equity Ratio (Gross) = Total Debt /Equity

(Net) Debt - Equity Ratio = DEBT [Borrowings (excluding Lease Liabilities accounted as per Ind AS 116) - Cash and Bank Balance (includes FD) - Liquid Investments] / Equity

Debt Service Coverage Ratio = EBIDA / [Interest Expense + Repayment of Long Term Borrowings during the period (netted off to the extent of Long term Loans availed during the same period for the repayments)]

Interest Service Coverage Ratio = EBIDA / Interest Expense

EBIDA = Net Profit/(Loss) After Tax + Interest Expense + Depreciation and Amortisation Expenses+Loss/(Profit) (net) on sale of Property, Plant and Equipment

Current Ratio = Current Assets/Current Liabilities

Long term Debt to Working Capital = Non Current Borrowing / (Current assets-Current Liabilities)

Bad Debts to Accounts Receivable Ratio = Bad Debts/Accounts Receivable

Current Liability Ratio = Current Liabilities /Total Liabilities

Total Debt to Total Assets = (Non Current Borrowing+Current Borrowing)/Total Assets

Debtors Turnover = Revenue from Operations / Average Trade Receivable

Inventory Turnover = (Cost of Materials Consumed + Purchases of Stock in Trade + Changes in Inventories of Finished Goods, Stock in Trade and Work in Progress) / Average Inventory

Operating profit ratio = (Earnings before exceptional item, interest, taxes, depreciation, amortization expenses less Other Income)/ Revenue from operations

Net Profit Margin = Profit/(Loss) for the period/ Revenue from Operations

Return on Equity Ratio= Net Profits after taxes /Average Shareholder's Equity

Trade payables turnover ratio = Net Credit Purchases / Average Trade Payables

Net capital turnover ratio = Net Sales/Working Capital

Return on capital employed (ROCE) = Earning before interest and taxes/Capital Employed

Capital Employed = Tangible Net worth +Total Debt+Deferred Tax Liabilities

Return on investment= Income generated from invested funds/ Average value of investments

* as working capital is negative Net Capital Turnover ratio has not been provided.
